

Shredding Paper isn't Enough

and there's no better
way to destroy your
information than this!

Physical destruction of hard drives is the only sure method of safeguarding Personally Identifiable Information (PII) and classified information when a hard drive is turned in for disposal

MAGNETIC HARD DRIVES CAN BE FOUND IN:

- Servers
- Copiers
- Printers
- Laptop computers
- Desktop computers
- External hard drives
- Multi-functional devices

Refer to the new DON CIO
Hard Drive Disposal policy
message for specific guidance

DTG: DON CIO 221633Z Aug 10
