			The following INC's are in response to the accident that occurred on November 16, 2012, on the WD 32 E platform in the Gulf of Mexico that triggered an explosion and fire and resulted in the death of three individuals. The event is described in detail in BSEE Panel Report 2013-002.	
G-110	S	250.107(a)	Compass failed to ensure that construction activities being completed onboard the facility were performed in a safe and workmanlike manner to protect health, safety, property and the environment when welding operations were conducted in close proximity to piping containing hydrocarbons.	
G-110	C	250.107(a)	Compass failed to ensure that operations were conducted in a safe and workmanlike manner because there was open-ended sump discharge piping and the sump was active.	
G-112	C	250.107(b)	Compass did not take necessary precaution to protect all personnel from hydrocarbon accumulation and fire hazard during the construction operations by ensuring that all hazards were identified and addressed.	
G-116	S	250.109	Compass failed to conduct operations in accordance with the approved welding plan by not ensuring personnel involved in the operation followed the approved plan.

The operator must insert in the "Date Corrected" column the date each INC was corrected; sign and date the green copy of this form; and return it to the BSEE office identified above no later than 14 DAYS from the date of issuance. If the green copy cannot be returned within the allotted time, the operator must obtain a waiver from the appropriate BSEE office. This process should ensure that onshore operator management is aware and acknowledges that INCs were issued on this facility, on this date, but in no way delays any enforcement action taken.

Unless specifically ordered otherwise, the operator representative must correct and inspect all components and facility shut-in INCs identified and notify the issuing BSEE office before returning to operations.

Manager/Supervisor: *I certify each Incident of Noncompliance listed above has been corrected on the corresponding date, and I understand that the submission of false statements to the United States is a criminal offense under 18 U.S.C. Section 1001.*

Small Business Statement: Your comments are important. The Small Business and Agriculture Regulatory Enforcement Ombudsman and ten Regional Fairness Boards were established to receive comments from small businesses about Federal agency enforcement actions. The Ombudsman will annually evaluate the enforcement activities and rate each agency's responsiveness to small business. If you wish to comment on the actions of BSEE, call 1-888-REG-FAIR (1-888-734-3247). You may comment to the Small Business Administration without fear of retaliation. Disciplinary action for retaliation by a BSEE employee may include suspension or termination from employment with the Department of the Interior.

Paperwork Reduction Act of 1995 (PRA) Statement: The PRA (44 U.S.C. 3501 *et seq.*) requires us to inform you that BSEE collects this information to ensure that facility management is knowledgeable of the incident of noncompliance issued; corrective action is taken in a reasonable period of time; and for component or facility shut-in enforcement actions, that the identified component or facility is not returned to operation without the prior notice to the appropriate BSEE office. Responses are mandatory (43 U.S.C. 1331 *et seq.*). No proprietary information is collected. An agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Public reporting burden for this form is estimated to average 2 hours per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. You may direct comments regarding the burden estimate or any other aspect of this form to the Information Collection Clearance Officer, Bureau of Safety and Environmental Enforcement, 381 Elden Street, Herndon, VA 20170.
