recorded w/ county

Description of Request: FOIA REQUEST I am requesting one photo copy of each easement of record acquired in the 1950's for the McNary Big-Eddy Transmission Project aka Harvalum Big-Eddy Transmission Project. Please reduce my request to those easements found within the first 10 miles of the new Big Eddy-Knight Transmission project currently under construction. For specific identification of which easements I am requesting please go to BPA project proposal website at www.BPA.Gov/GO/BEK Denoted as M1 thru M10 on Map 3-1 Land Ownership. Note that the easements requested are also referenced in paragraph two of the BPA GO BEK proposal in the phrase: "...mostly on existing right-of-way." To be more specific, those easement or ROW's that were obtained in the 1950's in connection with the construction of the McNary Big-Eddy Transmission project aka Harvalum Big-Eddy Transmission Project that are within the first 10 miles of the new Big Eddy-Knight Project . Thank you for your assistance. Robert Zornes (affected landowner) CC: Petitioner will email a copy of this request to: Donna Oden-Orr BPA attorney

Preferred format:

w/ private land owners easements only 7/31 @ 1pm H&AW
narrow to m5 - m10 on map 3-1

Type of Requester: Personal

I request a fee Waiver

I request a waiver or reduction of fees because my request concerns "the operations or activities of the government" as explained below:

I am requesting a waiver of fees. My wife and I are affected landowners owning 122 acres upon which BPA is seeking to rebuilt and add new transmission lines in connection with the new Big Eddy-Knight Project. It has come to our attention that BPA's record easement across our property is materially different from all other relevant record easements inspected. I have substantial reason to believe that BPA is concealing these differences in order to obtain land from my wife and I without compensation for completion of the new Big Eddy-Knight project. This could also be considered a legal disclosure requirement and not subject to fees. Thank You Robert Zornes

Ex 6

I request a waiver or reduction of fees because the disclosure is "likely to contribute" to an understanding of government operations or activities as explained below:
