Subject: Re: BPA - How to Submit a FOIA Request

Ms. Winn,

I have tried to submit an online request form twice now, but have received a "coldfusion error" each time I have tried to submit. I have notified the help desk but am hoping you can route this request to the proper person for me, seeing that the online request form is not working:

Name: Carolynn Calder
Organization: The Defender Association
Address: 420 W Harrison St. Suite 202, Kent, WA 98032
Phone: 253-852-1599 ext 747
Fax: 253-893-0095
Email: ccalder@defender.org

Description of Requested Records:

Location (coordinates) of BPA power panels and meter for the tower equipment damaged due to gunfire in the Tiger Mountain Summit area of King County Washington. BPA has claimed a loss of \$48017.18 due to damage of this particular tower. Our office needs the exact coordinates of this damaged tower. Since we are a non-profit organization representing the economically disadvantaged, our funds are limited. In the past, our office has had the copying charges/costs for these records waived. If you can also extend this courtesy to us, it would be greatly appreciated. If this is not possible, please notify me of the pending charges before actually making the copies. DATE OF INCIDENT: 1/10 (Awards) 4/13/10

Preferred Form/Format:

Email/PDF

Type of Requester:

Public Defender, Non-profit, Government Organization

I agree to pay all applicable fees but request a waiver or reduction of fees. I request expedited processing as this is a criminal matter and obtaining this information is essential to our clients case.

Thank you!
Carolynn Calder
