The following is a New FOIA request:

Name: Myrtle June Chapman
Organization: Estate of Daphne Ellen Holtgrieve
Address: Ex 6
Phone:
No FAX number provided
Email: Ex 6

Description of Request: In August of 2007 a letter from BPA legal council to a potential purchaser of property belonging to the Estate of Daphne Ellen Holtgrieve adjacent to BPA right-of-way made reference to parking restrictions to keep people away from areas where electric fields were high enough to cause a dangerous situation. Referring to the BPA pamphlet titled "Living and Working Safely Around High Voltage Power Lines " showing a publication date of October 2007; we note that at page 7 of said pamphlet in reference to "Vehicles" it is indicated that BPA has "specific restrictions to parking and roads within the right-of-way". We assume that the referenced letter and BPA pamphlet both refer to the same specific restrictions. We are requesting a copy of the referenced specific restrictions from 2007 together with any subsequent amendments and or modifications. We are also further requesting a copy of any similar restrictions which would apply to parking and roads adjacent to BPA right-of-way.
Preferred format: Hard Copy of PDF formatted electronic file

Type of Requester: Personal
