Interest Rate Buy Down Program

**Team up with JaxMetro Credit Union,
JEA and our pre-certified contractors to
save the Earth and save money.**

With a GoGreen Improvement Loan you can do both. Together we are providing opportunities for you to make a difference right here in your community about the things that matter to you. **ShopSmart with JEA** is a JEA program that offers rebates and subsidized interest rates on home improvements identified by JEA pre-qualified energy auditing companies. For more details on these programs, visit JEA.com or call a representative at 360-5100.

GoGreen Home Improvement: Secured and Unsecured \$MONEY\$ Available!

INFORMATION FOR PROFESSIONALS

INFORMATION FOR HOMEOWNERS

Welcome to the E-Council

The E-Council provides high-quality building science education and training to construction industry professionals and community members alike, to help make Northeast Florida the most sustainable built environment in the nation.

E-Council Vision:

By educating the construction industry and the community about building science and efficient, sustainable construction practices, the E-Council will be a driving factor in making Northeast Florida the most sustainable built environment in the nation.

E-Council Mission:

The E-Council will provide high-quality building science education and training to construction industry professionals and community members alike. The E-Council will host national trainings as well as develop local trainings that focus on both the technical and business development aspects of efficient, sustainable construction and promote and educate the public about the benefits of these
