**SUPPLEMENTARY INFORMATION:** As part of its systematic review of trade regulations and guides, the Commission published a request for public comment on the Franchise Rule. 60 FR 17656 (April 7, 1995). In September 1995, the Commission held a Public Workshop Conference in Bloomington, Minnesota,

to discuss the comments and issues raised during the Rule Review. See 60 FR 34485 (July 3, 1995).

Among other issues, the Commission solicited comment on what effects, if any, changes in relevant technology, economic conditions, and industry practices have had on the Rule. In response, the Commission received several comments noting that, since the Franchise Rule went into effect in the late 1970's, the market for franchises has grown both domestically and internationally. In the international arena, many American franchisors are selling territories and individual units to American and foreign investors to operate overseas. These commentators requested Commission guidance on whether the Franchise Rule applies to international sales and, if so, what form the disclosures should take.

**A. The Public Workshop Conference**

The Public Workshop Conference will afford Commission staff and interested parties an opportunity to discuss whether the Franchise Rule applies to international franchise sales transactions. Commission staff will consider the views and suggestions made during the Conference, as well as any written comments, in formulating its final recommendations to the Commission.

The Commission staff will select a limited number of parties to participate as panelists during the Conference. These parties will participate in an open discussion of the issues. It is contemplated that the panelists might ask and answer questions based upon their respective views.

In addition, the Conference will be open to the general public. Members of the general public who attend the Conference may have an opportunity to make a brief oral statement presenting their views on the application of the Franchise Rules to international sales transactions. Oral statements of views by members of the general public will be limited to a few minutes. The time allotted for these statements will be determined on the basis of the time available and the number of persons who wish to make statements. This discussion will be transcribed and placed on the public record. In addition, written submissions of views, or any other written or visual materials, will be accepted during the Conference and will be made part of the public record.

To the extent possible, Commission staff will select parties to represent the following affected interests: franchisors; franchisees; franchise brokers and consultants; economists and academicians; federal, state, and foreign
