FEDERALY PERMITTED SEAFOOD DEALERS

Paperless Communication Option NOAA Fisheries offers new option in SAFIS to receive correspondence by email *Effective Date: February 14, 2013*

Starting on February 14, 2013, NOAA Fisheries, along with the Atlantic Coastal Cooperative Statistics Program (ACCSP), will be offering the opportunity for federally permitted dealers to receive all Northeast Region bulletins by email. In response to requests by commercial fishing vessels and dealers in the Northeast region to "go paperless," and receive communication from us via e-mail, dealers can now login to their Standard Atlantic Fisheries Information System (SAFIS) account and choose whether they would like to receive bulletins by mail, email, or both. If you choose to receive bulletins by email, you can enter multiple addresses so that staff in your business can also receive bulletins by email.

Please note that if you choose to receive bulletins by email, it will not change how we mail permit-specific information, such as permit applications and purchase/landings information, to you, or how we contact you for questions related to the data you have submitted to us through SAFIS.

While you will not start receiving bulletins by email until after <u>May 1, 2013</u>, please login to your SAFIS account now and follow the instructions attached to enter your businesses email address(es). If you already had an email address associated with your SAFIS account, please login and verify that it is correct.

For the time being, bulletins will still be sent to vessel owners by mail; however we are also working on an option for vessel owners to choose to go paperless. This option is available to all federally permitted dealers, even if they do not routinely use SAFIS to submit reports to us. Every permitted dealer has a SAFIS account. If you need your SAFIS user name and password, please contact the SAFIS help desk at: (978) 281-9212.

Please see the attached instructions on how to choose your mailing option in SAFIS. These instructions can also be found on the NOAA Fisheries Northeast region website at http://www.nero.noaa.gov/fso/dealer/13feddealersafisoption.pdf.

For small entity compliance guides, this bulletin complies with section 212 of the Small Business Regulatory Enforcement and Fairness Act of 1996. This notice is authorized by the Regional Administrator of the National Marine Fisheries Service, Northeast Region.

Instructions on choosing a mailing option in SAFIS for Federally permitted dealers

- 1. Login to your SAFIS account
- 2. Click on DEALER INFO from the Main Menu
- 3. Choose your PREFERRED CORRESPONDENCE METHOD from the drop down menu. You can choose to receive Northeast Region bulletins by mail, email, or both.
- 4. If you choose to receive correspondence by email or both then an ADD/REMOVE email Button will appear. By pressing the button, a popup window will appear. Enter your email address in the provided field (see below).

(continued on next page)

5. Click on the ADD/REMOVE EMAIL button to enter or change your email address
