FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 02-2148, MM Docket No. 01-302, RM-10333]

Digital Television Broadcast Service; Fort Wayne, IN

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Indiana Broadcasting LLC,

licensee of station WANE-TV, substitutes DTV channel 31 for DTV channel 4 at Fort Wayne, Indiana. See 66 FR 65872, December 21, 2001. DTV channel 31 can be allotted to Fort Wayne, Indiana, in compliance with the principle community coverage requirements of Section 73.625(a) at reference coordinates 41-05-38 N. and 85-10-48 W. with a power of 82, HAAT of 253 meters and with a DTV service population of 792 thousand. Since the community of Fort Wayne, Indiana, is located within 400 kilometers of the U.S.-Canadian border, concurrence from the Canadian government has been obtained for this allotment. With this action, this proceeding is terminated.

DATES: Effective October 25, 2002.

FOR FURTHER INFORMATION CONTACT: Pam Blumenthal, Media Bureau, (202) 418-1600.

[Docket No. 020215032-2127 02; I.D. 092402A]

Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Readjustment to 2002 Quotas; Commercial Quota Adjustments for Maryland and Virginia

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Commercial quota adjustments.

SUMMARY: NMFS announces adjustments to the 2002 commercial Atlantic bluefish quota for the States of Maryland and the Commonwealth of Virginia. This action complies with regulations implementing the Fishery Management Plan for Atlantic Bluefish (FMP), which require that landings in excess of a state's commercial quota be deducted from that state's quota the following year. The FMP also allows two or more states, under mutual agreement and with the concurrence of the Administrator, Northeast Region, NMFS (Regional Administrator), to transfer or combine part or all of their annual commercial quota. The Regional Administrator must consider the criteria set forth in § 648.160(f)(1) in the evaluation of requests for quota transfers or combinations. The public is advised that quota adjustments have been made and is informed of the revised quotas for the affected states.

DATES: Effective October 7, 2002 through December 31, 2002.

FOR FURTHER INFORMATION CONTACT: Myles A. Raizin, Fishery Policy Analyst, 978-281-9104.

SUPPLEMENTARY INFORMATION: Regulations implementing Atlantic bluefish management measures are found at 50 CFR part 648, subpart J. The regulations require annual specification of a commercial quota that is apportioned among the Atlantic coastal states from Maine through North Carolina. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.160. The final specifications for the 2001 Atlantic bluefish fishery set a total commercial quota equal to 9.58 million lb (4.35 million kg) (66 FR 23625; May 9, 2001). Maryland and Virginia's quota shares were calculated to be 287,662 lb (130,518 kg) and

1,138,412 lb (516,521 kg), respectively. However, in 2001, both Maryland and Virginia transferred a portion of their quotas to other states, leaving their final adjusted quotas at 87,662 lb (39,774 kg) for Maryland and 738,412 lb (335,033 kg) for Virginia.

Section 648.160(e)(2) provides that all landings in a state shall be applied against that state's annual commercial quota. Any landings in excess of the state's quota must be deducted from that state's annual quota for the following year.

Based on dealer reports and other available information, NMFS has determined that, in 2001, the State of Maryland landed 130,451 lb (59,188 kg) and the Commonwealth of Virginia landed 790,477 lb (358,655 kg) of bluefish causing overages of 42,789 lb (19,414 kg) and 52,065 lb (23,623 kg) for Maryland and Virginia, respectively.

On June 6, 2002, final specifications for the 2002 commercial Atlantic bluefish became effective (67 FR 38909). Total commercial harvest was specified at 10.5 million lb (4.76 million kg). Maryland and Virginia's shares of the quota were 315,189 lb (142,967 kg) and 1,247,348 lb (565,787 kg), respectively. Consistent with the regulations regarding the disposition of overages, the 2002 Atlantic bluefish commercial quota for Maryland is hereby reduced by 42,789 lb (19,414 kg) to 272,400 lb (123,593 kg). The 2002 Atlantic bluefish commercial quota for Virginia is hereby reduced by 52,065 lb (23,623 kg) to 1,195,283 lb (541,833 kg).

Classification

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 1, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 011218304-1304-01; I.D. 100302A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Vessels Catching Pacific Cod for Processing by the Offshore Component in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Western Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2002 Pacific cod total allowable catch (TAC) apportioned to vessels catching Pacific cod for processing by the offshore component of the Western Regulatory Area of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 3, 2002, until 2400 hrs, A.l.t., December 31, 2002.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228, or *Mary.Furuness@noaa.gov*.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2002 Pacific cod TAC apportioned to vessels catching Pacific cod for processing by the offshore component in the Western Regulatory Area of the GOA is 1,685 metric tons (mt) as established by an emergency rule implementing 2002 harvest specifications and associated management measures for the groundfish fisheries off Alaska (67 FR

956, January 8, 2002 and 67 FR 34860, May 16, 2002).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2002 Pacific cod TAC apportioned to vessels catching Pacific cod for processing by the offshore component of the Western Regulatory Area of the GOA will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 1,385 mt, and is setting aside the remaining 300 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance will soon be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Western Regulatory Area of the GOA.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the closure of the fishery, lead to exceeding the TAC, and therefore reduce the public's ability to use and enjoy the fishery resource.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment. This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 3, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
