

## Department of Energy

Bonneville Power Administration  
P.O. Box 3621  
Portland, Oregon 97208-3621

FINANCE

October 28, 2013

**New Meeting Date: Jan. 8, 2014**

In reply refer to: BPA/FS-2

To customers and interested parties:

The Bonneville Power Administration (BPA) will be starting its 2014 Integrated Program Review (IPR) process, including the 2014 Capital Investment Review (CIR), for the fiscal year 2016-2017 rate period. As a reminder, the IPR is an open and public discussion of the agency's proposed expense and capital costs that will be reflected in BPA's 2016 rate proposal.

We want to make this IPR effective and focused on the strategic issues that drive BPA's programs. To that end, we will hold an introductory meeting on January 7, 2014, to discuss current regional issues and strategic drivers influencing BPA's program spending. It is important to note that refined spending estimates will not be available at this meeting; instead this is an opportunity to provide input before BPA develops proposed program spending levels for the formal IPR process.

The meeting will be held in BPA's Rates Hearing Room, 1201 NE Lloyd Blvd., Suite 200, Portland, Oregon 97232. A conference line will be made available closer to the meeting date. Information about the meeting and materials will be posted at <http://www.bpa.gov/Finance/FinancialPublicProcesses/IPR/Pages/default.aspx>.

We look forward to sharing our current views on the state of the agency and hearing your perspectives on what we should keep in mind as we develop proposed spending estimates.

Sincerely,

*/s/ Elliot E. Mainzer*

Elliot E. Mainzer  
Acting Administrator and Chief Executive Officer
