3 The City of Cheyenne has a storage contract to store water in Seminoe Reservoir by exchange of Upper North Platte Basin water through a system of trans-basin diversions. The City of Cheyenne Storage is temporarily negative due to high runoff conditions.

4 PacifiCorp has a storage contract to store water in Glendo Reservoir for Dave Johnston Powerplant.

5 Average is based on the 1986-2015 period.

6 Water which is captured in the re-regulation space of Glendo in addition to storage rights, operational water account, and replacement of evaporation losses is labeled as "Re-regulation of Natural Flow" per Wyoming Board of Control Order Docket Number I-2000-3-8 in water Division Number One. In accordance with 2015 Natural Flow and Ownership Procedures, the operational account may contain up to 15,000 acre-feet. On May 31, 2016, the Operational account contained 15,000 Acre-feet, the Re-Regulation space contained 222,768 Acre-feet.
