

## **Bureau of Ocean Energy Management**

Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore North Carolina – Call for Information and Nominations Docket No. BOEM-2012-0088.

In response to Bureau of Ocean Energy Management (BOEM) *Commercial Leasing for Wind Power on the Outer Continental Shelf (OCS) Offshore North Carolina—Call for Information and Nominations (Call)* [Docket No. BOEM–2012–0088], published on December 13, 2012, BOEM received 5 indications of interest wishing to obtain a commercial lease for a wind energy project. The parties and the OCS blocks nominated for development are provided below. BOEM has initiated a review of these parties’ submissions to assess filing completeness; evaluate legal, technical, and financial qualifications to hold an OCS renewable energy commercial lease; and, determine competitive interest.

Please note that Currituck Sound NJ18-11, Manteo NI18-02, Cape Fear NI18-07 and Georgetown NI-1709 are Official Protraction Diagrams (OPD), rather than a reference to specific onshore locations. The OPDs are numbered using the United Nations International Map of the World Numbering System. OPD names usually coincide with standard topographic sheet names when diagrams include land areas. An OPD identifies where on the OCS a specific location exists, in this case, the geographic area of the North Carolina Call for Information and Nominations and its responses.

# North Carolina Call Area and Number of Nominations

	North Carolina Call Areas	<b>Traffic Separation Scheme</b>
	4 Nominations	Traffic Lane
	5 Nominations	Precautionary Area
	National Park Service
