

Posted: 9-7-2016

The fall drawdown schedule for Tulloch Reservoir is provided below. This schedule complies with U.S. Army Corps of Engineers flood control requirements. The reservoir will generally be managed to the target elevation range, however some variation may occur due to large local inflow during rain events or facility and operational constraints.

<b>From</b>	<b>Through</b>	<b>Low</b>	<b>High</b>
9/16/2016	9/22/2016	506.0	509.0
9/23/2016	9/29/2016	504.7	507.7
9/30/2016	10/6/2016	503.5	506.5
10/7/2016	10/13/2016	502.2	505.2
10/14/2016	10/20/2016	500.9	503.9
10/21/2016	10/27/2016	499.5	502.5
10/28/2016	3/20/2017	498.6	501.6
