Activity Sheet

The World's Apple

On planet earth all living things depend on the soil: Plants, people, animals...even fish...rely on the soil for food. Only a small portion of our land is capable of producing food.

United States Department of Agriculture

Natural Resources Conservation Service

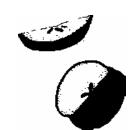

Try this demonstration

February 2003

One

Imagine the earth as an apple.

Two

Cut it into 4 equal parts. Only one part is land—the rest is water.

Three

Cut the land section in half. One part is mountains, deserts,or it is covered with ice.

Four

Six

Cut the other livable area into fourths. Three of these are too rocky, wet, hot, infertile, or covered with roads and cities.

Five

There is now only 1/32 of a slice of apple remaining . . .

When this section is peeled it represents the topsoil on which the food is grown that must feed the people on the earth

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.

Instructions to Educators for:

"The World's Apple"

- 1. Have each student bring a clean apple to class.
- **2.** The teacher should provide the following:
 - a. a plastic knife (picnic ware) for each student
 - b. paper towels
- 3. Let students cut their apples at the same time.
- **4.** Following completion of exercise, let students eat their apple.

Note: This activity involves math (fractions), earth science, and also provides a healthy classroom snack with emphasis on eating a product of the earth.
