

# Energy Smart Industrial Program Invites You to a No-Cost Industrial Equipment Trade Association Workshop

**WHEN:** Tuesday, January 10, 2017                      **FROM:** 1:00 to 5:00 PM  
**WHERE:** Oregon Convention Center, Room C123  
777 NE Martin Luther King Jr., Boulevard, Portland, OR 97232

## Presentations and Discussion

Would you like to learn more about various equipment standards and support that the international trade associations for industrial equipment manufacturers have to offer?

BPA's Energy Smart Industrial Program is bringing together a variety of representatives from these trade associations for industrial equipment manufacturers. Come learn about the various equipment standards, technical training sessions, system audit guides, troubleshooting guides, and equipment support these trade associations offer. Representatives will also discuss the work they are doing with the US Department of Energy and state regulatory agencies, such as Labor & Industries representing both equipment manufacturers and end users during rulemaking processes.

**1:00 PM**    **Welcome and Introductions**

**1:15 PM**    **National Electrical Manufacturers Association (NEMA):** represents motors, lighting, electrical distribution, and control equipment manufacturers

**2:15 PM**    **Hydraulic Institute (HI):** represents pumps and fluid control equipment manufacturers

**3:00 PM**    **Networking Break**

**3:30 PM**    **Compressed Air and Gas Institute (CAGI):** represents air and gas compressors and control equipment manufacturers

**4:10 PM**    **Air Movement and Controls Association (AMCA):** represents fans, air handlers, and air flow equipment manufacturers

**4:50 PM**    **Wrap-up**

## ORGANIZED IN PARTNERSHIP WITH:

## DIRECTIONS AND PARKING INFORMATION:

Just eight miles from the Portland International Airport (PDX), visitors can access the convention center via Interstate 5 North from exit 302A – Rose Quarter, or from Interstate 84 West exit 1 – Lloyd Boulevard.

Holladay Street, Northeast Martin Luther King, Jr. Boulevard, Lloyd Boulevard and Northeast First Avenue surround the facility grounds.

The building's underground garage provides onsite parking—for a fee. Combined, the two levels offer 800 spaces. Enter the garage through either the Northeast First Avenue (P2) or Lloyd Boulevard (P1) entrances. Clearance on the P1 level is 7 feet; clearance on the P2 level is 9 feet. For specific fee information, please check the Oregon Convention Center's website: <https://www.oregoncc.org/visitors/parking-and-directions>
