**2011 Spiny Dogfish Commercial Quota & Possession Limits
 Effective on July 7, 2011**

Dear Spiny Dogfish Permit Holder:

This is to let you know about new spiny dogfish specifications and management measures for the 2011 fishing year (May 1, 2011-April 30, 2012). Although the 2011 fishing year began on May 1, 2011, without a quota, all landings of spiny dogfish, from both state and Federal waters beginning May 1, 2011, will be deducted from the Period 1 quota (11,580,000 lb) which will be effective as of July 7, 2011.

Any vessel issued a Federal permit for spiny dogfish must comply with these measures, whether fishing in state or Federal waters. If a Federal spiny dogfish measure and a state measure differ, the vessel must comply with the more restrictive requirement. For example, if a state has a possession limit that is lower than the Federal possession limit, the vessel must comply with the state limit when it is within state waters or landing spiny dogfish in that state.

QUOTA ALLOCATION AND POSSESSION LIMITS

The 2011 quota is 20 million lb, allocated to two quota periods as shown below (Period 1 is May 1-October 31, and Period 2 is November 1-April 30). The possession limit is 3,000 lb per trip. Vessels are prohibited from landing more than one trip in any one calendar day.

2011 Spiny Dogfish Quota & Possession Limits		
Quota Period	Allocation (lb)	Possession Limit (lb)
Period 1 (May 1–Oct 31)	11,580,000	3,000
Period 2 (Nov 1–Apr 30)	8,420,000	3,000

Landings updates can be found at: www.nero.noaa.gov

MONITORING

All spiny dogfish landed for sale in the states from Maine through Florida will be counted toward the commercial quota, regardless of where the spiny dogfish are harvested. When landings reports, state data, and other available information indicate that the quota for either of the quota

periods will be attained, vessels and dealers issued Federal dogfish permits will be notified of the date on which the fishery will close.

NOTIFICATION OF FISHERY ACTIONS/CLOSURES

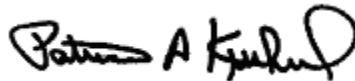

During a closure, no vessel issued a Federal spiny dogfish permit may fish for, possess, or land spiny dogfish. In addition, no one may purchase spiny dogfish from a vessel issued a Federal spiny dogfish vessel permit during a fishery closure.

REMINDER

This letter is only a summary of the regulations. You may obtain a complete copy of the regulations by calling (978) 281-9315, or by accessing the Northeast Regional Office's website: <http://www.nero.noaa.gov>.

You may also receive permit holder letters, including closure notices, by e-mail by clicking on "Permit Holder Letters" on our website at <http://www.nero.noaa.gov>; or via fax by providing a fax number through a written request to the above address, or by faxing your request to 978-281-9135.

Sincerely,

Patricia A. Kurkul
Regional Administrator
