**Statement of Project Construction Cost and Repayment (SPCCR)
Standard General Ledger (SGL) Account
Crosswalks between FAST General Ledger (GL) Accounts
and FFS U.S. SGL Accounts**

1. **Purpose:** The purpose of this Appendix is to provide a historic crosswalk between the GL accounts used in the 1977 Reclamation Instructions (RI) and the SGL accounts used in the Federal Financial System (FFS) to prepare the SPCCR.
2. **Background:** The 1977 RI, found in Appendix G – *Reclamation, Series 480, Part 496 – Statement of Project Construction Cost and Repayment*, contains the Bureau of Reclamation’s historic official SPCCR preparation directions and standards. This Appendix is to preserve historic information.
