Watershed Rehabilitation Projects Funded in Fiscal Year 2012

The appropriation for Watershed Rehabilitation Program provided \$15 million. This allowed for funding of assessments, planning, design and continued or new construction of 58 projects in 18 states.

NRCS State Conservationists from 23 states requested over \$58 million for 150 projects. These requests included initiating 47 new projects not previously funded.

Funds were insufficient to begin construction of two dams and design and planning of 16 other projects.

For Additional Information

Go to the Natural Resources Conservation Service website: <u>www.nrcs.usda.gov</u> Select "Programs" on the homepage and then on "Watershed Rehabilitation".
