Re: Load Following Contract template

Dear Shannon,

This e-mail acts as our comments on the Regional Dialogue Load Following Contract Template. We have reviewed the comments being submitted by Margie Schaff on behalf of the Affiliated Tribes of Northwest Indians (ATNI) and/or the Umpqua Indian Utility Cooperative and agree with her comments.

In addition, as we discussed with BPA staff, due to our limited staffing as a small utility, we will not be able to submit additional comments until May 20th, but these will be limited to a few comments on issues unique to tribal utilities.

We appreciate your assistance.

Sincerely,

J.D. Williams
Attorney for Yakama Power
