MONTHLY ENERGY ROCK STAR

Paul is the Energy Rock Star for the month of September! He made green efforts by biking to the Westin Minneapolis instead of calling a taxi. WIN has a supply of bicycles just for this reason.

Paul, you rock!

SPECIAL HALLOWEEN THEMED

TIPS & FACTS TO HELP YOU "BEE" YOUR BEST

- Continue your PMs at work & at home including windows, doors, & air ducts (Halloween is coming, & that means cold weather is right behind it!)
- When handing out candy to trick-or-treaters at home, layer up & stand outside instead of opening the door to every ghost or ghoul who rings the bell.

EXCITING ENERGY NEWS:

Marriott Fort Worth is working on a capital project. They're changing over some outside lighting to more energy efficient bulbs.

Who is your Energy Rock Star? Do you have any exciting energy news to share? Any tips with your colleagues in other hotels? Do you want to be featured next month?

Share your pictures, best practices, and any feedback with Melanie!
