

Station Locator: Partnerships, Progress, and Future Plans

Alternative Fuels Data Center

September 21, 2015

Andrew Hudgins, National Renewable Energy Laboratory

Stacy Noblet, ICF International

Webinar Overview

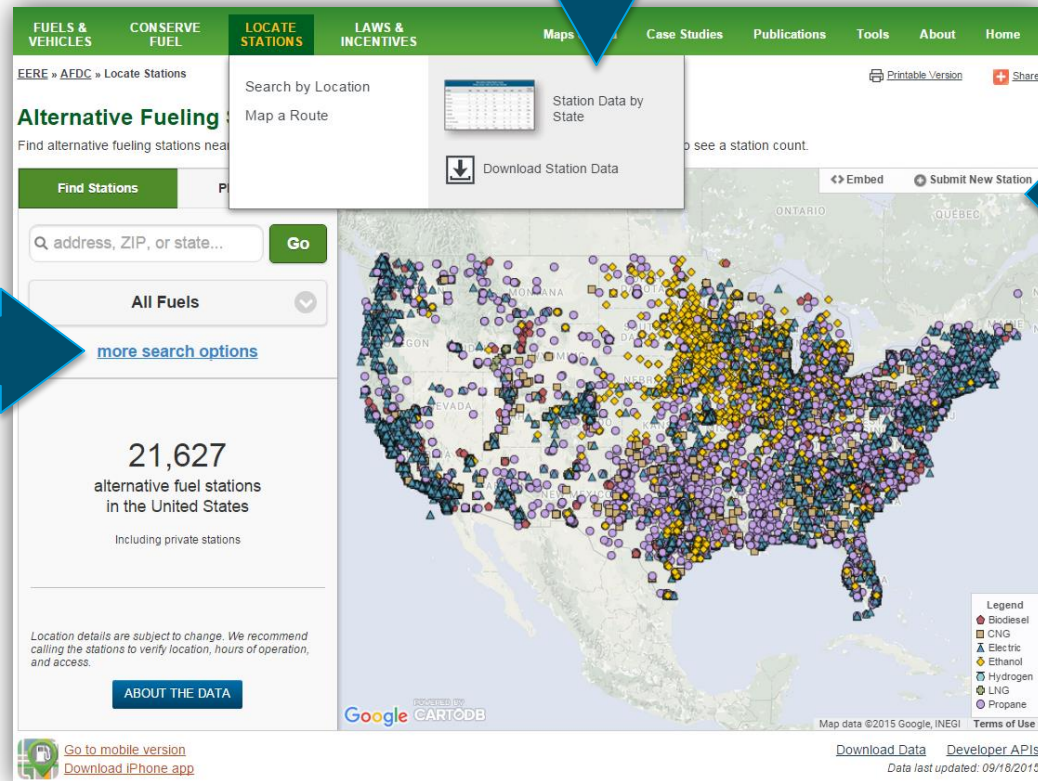

- What's New?
- Ongoing Industry Collaboration
- Q & A

What's New....and Improved!

More search options:

- **E85:** Mid-level blend availability
- **Natural Gas:** Vehicle accessibility, fill type, fill pressure
- **Propane:** Vehicle-specific fueling capability
- **Electric Vehicle Supply Equipment (EVSE):** Charger type, connectors and outlets, networks
- **Additional payment types** (fleet cards)

Counts by public/private stations, and EVSE by location and port

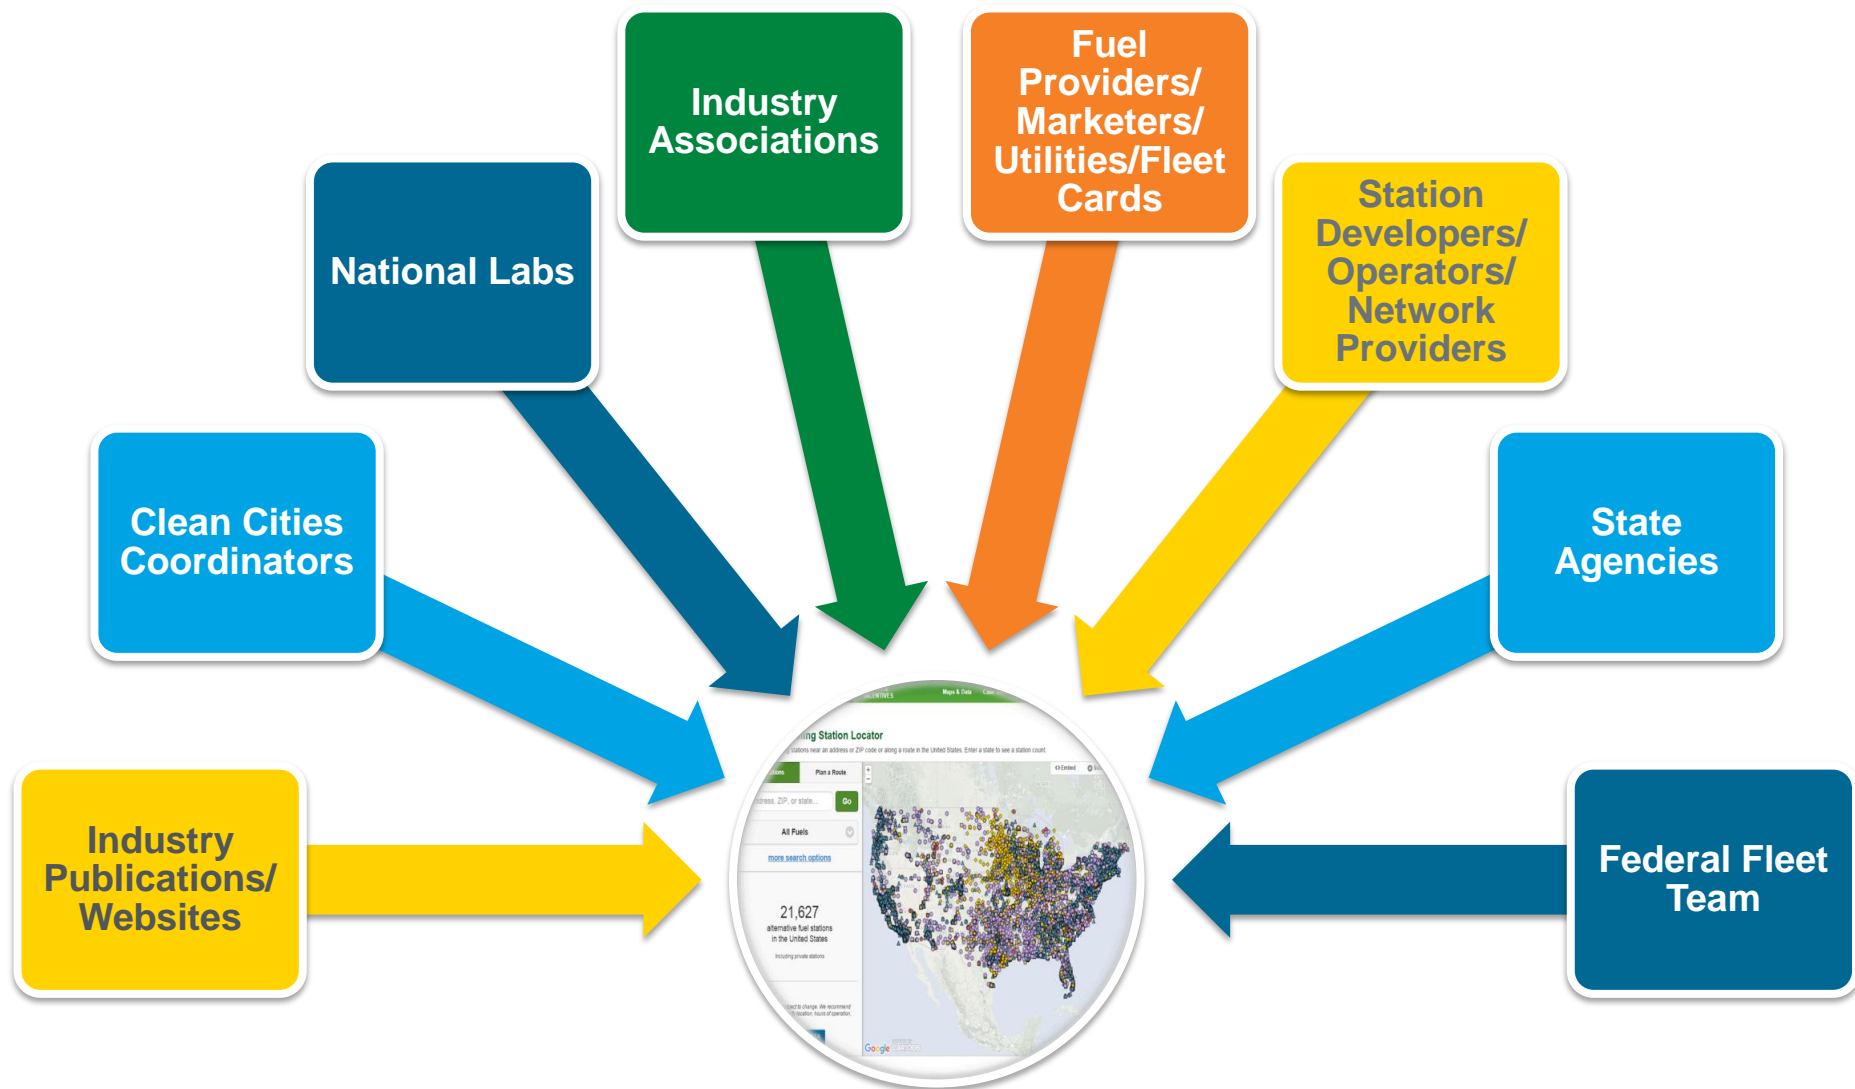

Submission confirmation emails

Additional EVSE network data

Fuel-Specific Fields

Fuel	Fields
Biodiesel	Blends available
Compressed Natural Gas (CNG)	<ul style="list-style-type: none">• Fill type (fast, timed)*• Compression (psi)*• Vehicle accessibility (light-, medium-, or heavy-duty)*
EVSE	<ul style="list-style-type: none">• Charging network (link to website)*• Type/level*• Number of ports• Connector type*• Legacy chargers
E85	Mid-level blend availability*
Hydrogen	Status website
Liquefied Natural Gas (LNG)	Vehicle accessibility*
Propane	Services (primary or secondary)*

Collaborations & Resources

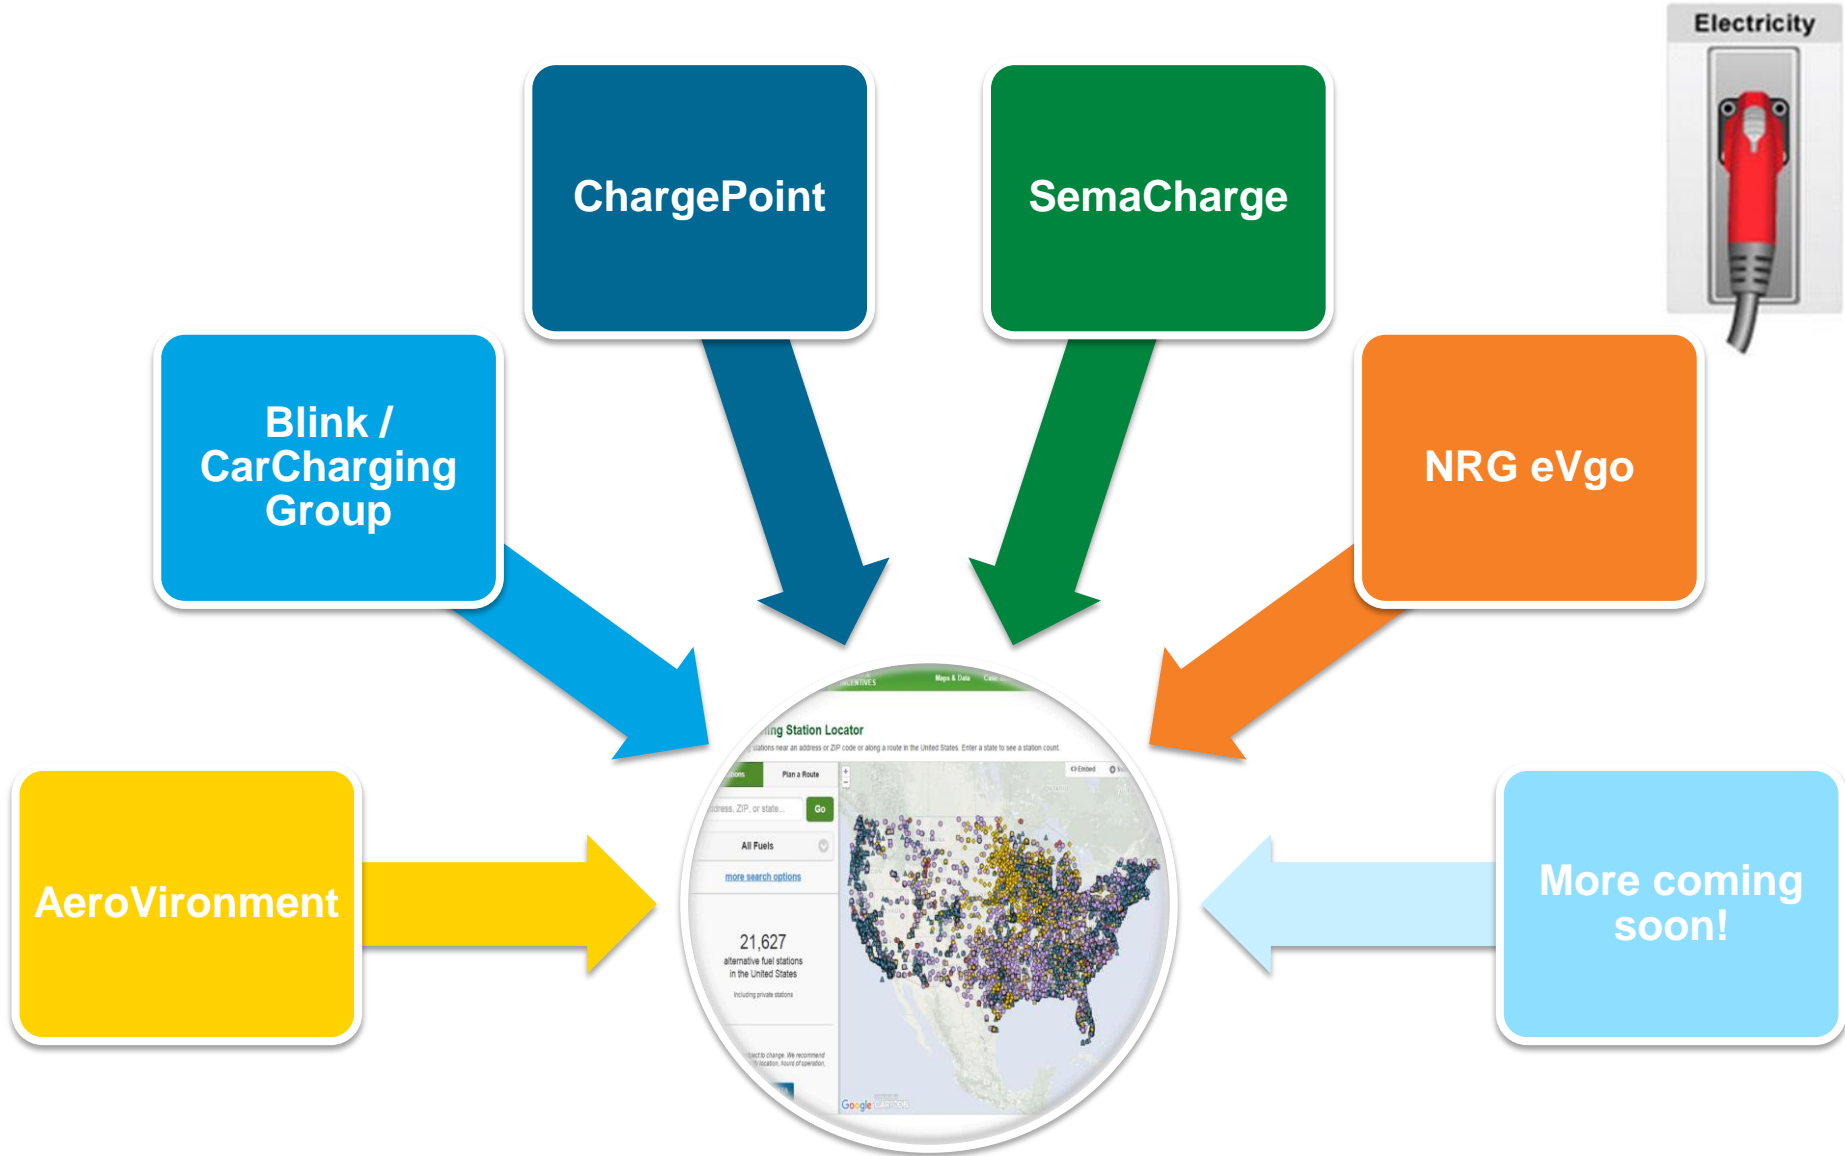

EVSE Collaboration Highlights

- Involvement from all aspects of the industry
 - Electric Drive Transportation Association (EDTA)
 - Original equipment manufacturers
 - EVSE manufacturers
 - Site hosts
 - Drivers
 - Network providers
 - PlugShare

Update: EVSE Data via Network Providers

Propane Collaboration Highlights

- Propane Education & Research Council (PERC)
- National Propane Gas Association (NPGA)
- Propane industry working group
 - Associations
 - Marketers
 - Equipment and vehicle manufacturers
 - Station owners/operators

Primary & Secondary Stations

Primary & Secondary Stations

- **Primary:**

- Stations set up to fuel vehicles as a primary business
 - Typical or expanded business hours

AND

 - Offer vehicle fuel-specific pricing (special/discounted)

AND

 - Accept credit cards

- **Secondary:**

- Stations have the ability fuel vehicles but it is not their primary purpose
 - Limited hours/call-ahead requirement

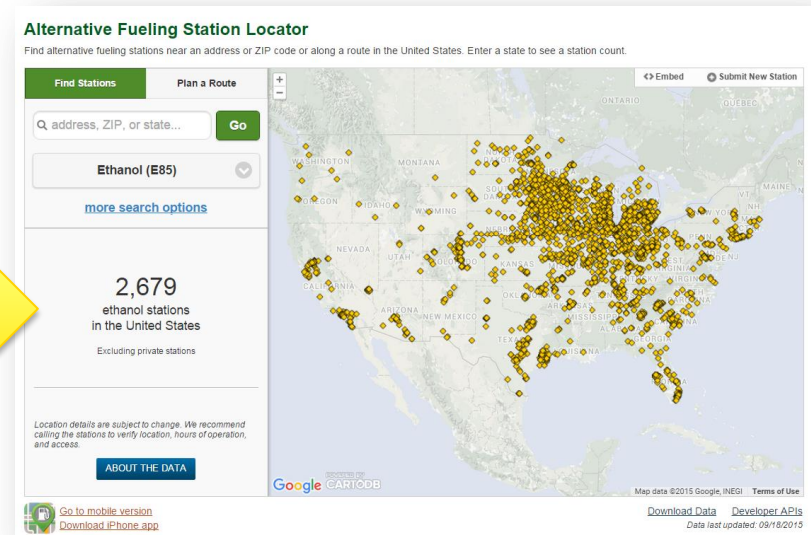

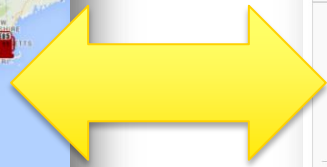

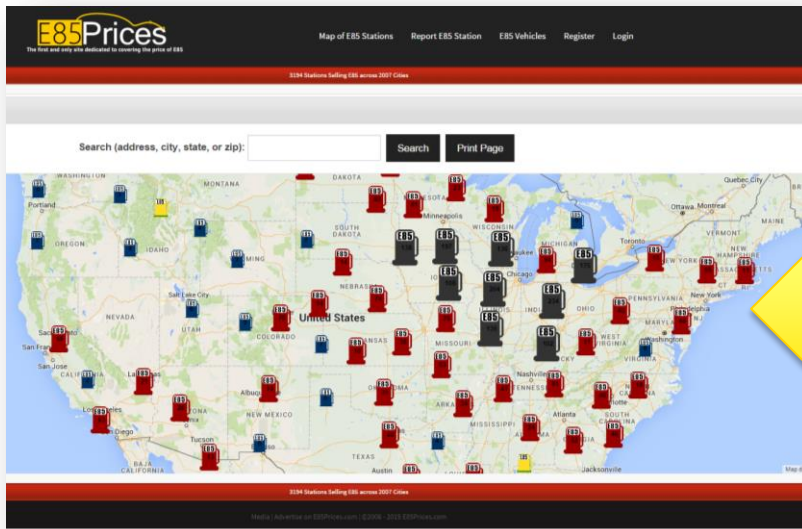

OR

 - No vehicle fuel-specific pricing

Ethanol/E85 Industry Collaboration Highlights

- Renewable Fuels Association
 - E85Prices.com

Natural Gas Industry Collaboration Highlights

- NGV America
 - Station growth statistics (monthly)
 - Number of existing, planned
 - Change since previous month
 - Changes over time
 - Public station share of total
 - Developing a working group
- Individual Station Contacts
 - Feedback on new data fields
