

that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without charge. Moreover, requests for records about the requesters filed in ABMC's systems of records will continue to be treated under the fee provisions of the Privacy Act of 1974 which permit fees only for reproduction. Requesters must reasonably describe the records sought.

§ 404.9 Miscellaneous fee provisions.

(a) *Charging interest—notice and rate.* ABMC may begin assessing interest charges on an unpaid bill starting on the 31st day following the day on which the billing was sent. The fact that the fee has been received by ABMC within the thirty day grace period, even if not processed, will suffice to stay the accrual of interest. Interest will be at the rate prescribed in section 3717 of Title 31 of the United States Code and will accrue from the date of the billing.

(b) *Charges for unsuccessful search.* ABMC may assess charges for time spent searching, even if it fails to locate the records or if records located are determined to be exempt from disclosure. If ABMC estimates that search charges are likely to exceed \$25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his willingness to pay fees as high as those anticipated. Such a notice shall offer the requester the opportunity to confer with agency personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(c) *Aggregating requests.* A requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When ABMC reasonably believes that a requester, or a group of requestors acting in concert, has submitted requests that constitute a single request, involving clearly related matters, ABMC may aggregate those requests and charge accordingly. One element to be considered in determining whether a belief would be reasonable is the time period over which the requests have occurred.

(d) *Advance payments.* ABMC may not require a requester to make an advance payment, *i.e.*, payment before work is commenced or continued on a request, unless:

(1) ABMC estimates or determines that allowable charges that a requester may be required to pay are likely to exceed \$250. Then, ABMC will notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payment of FOIA fees,

or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment; or

(2) A requester has previously failed to pay a fee charged in a timely fashion (*i.e.*, within 30 days of the date of the billing). Then, ABMC may require the requester to pay the full amount owed plus any applicable interest as provided above or demonstrate that he or she has, in fact, paid the fee, and to make an advance payment of the full amount of the estimated fee before the agency begins to process a new request or a pending request from that requester.

(3) When ABMC acts under paragraph (d)(1) or (2) of this section, the administrative time limits prescribed in the FOIA, 5 U.S.C. 552(a)(6) (*i.e.*, 20 working days from receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits), will begin only after ABMC has received fee payments described in paragraphs (d)(1) and (2) of this section.

(e) *Effect of the Debt Collection Act of 1982 (Pub. L. 97-365).* ABMC should comply with provisions of the Debt Collection Act, including disclosure to consumer reporting agencies and use of collection agencies, where appropriate, to encourage repayment.

§ 404.10 Waiver or reduction of charges.

Fees otherwise chargeable in connection with a request for disclosure of a record shall be waived or reduced where it is determined that disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Government and is not primarily in the commercial interest of the requester.

PART 405—[REMOVED]

2. Remove part 405.

RIN 1018-AH10

Endangered and Threatened Wildlife and Plants; Designations of Critical Habitat for Plant Species From the Island of Lanai, HI

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) announce the reopening of the public comment period for the proposed rule to designate critical habitat for 32 plants from the island of Lanai, Hawaii. We have received new information since the close of the comment period and the comment period is reopened to allow additional time for all interested parties to consider the information and submit written comments on the proposal. Comments already submitted on the proposed rule need not be resubmitted as they already have been incorporated into the public record and will be fully considered in the final determination.

DATES: The comment period for this proposal now closes on November 25, 2002. Any comments received by the closing date will be considered in the final decision on this proposal.

ADDRESSES: Written comments and information should be submitted to the Field Supervisor, U.S. Fish and Wildlife Service, Pacific Islands Office, 300 Ala Moana Boulevard, Room 3-122, P.O. Box 50088, Honolulu, HI 96850. Comments and materials received will be available for public inspection, by appointment, during normal business hours at the above address.

FOR FURTHER INFORMATION CONTACT: Paul Henson, at the above address (telephone 808/541-3441; facsimile 808/541-3470).

SUPPLEMENTARY INFORMATION:

Background

On March 4, 2002, we published a revised proposed critical habitat rule for 32 of the 37 plant species listed under the Endangered Species Act of 1973, as amended (Act) (16 U.S.C. 1531 *et seq.*), known historically from the island of Lanai (67 FR 9806). The original comment period closed on May 3, 2002. The comment period was reopened on July 15, 2002 and closed on August 30, 2002. The current comment period closes on November 25, 2002.

A total of 37 species historically found on Lanai were listed as

endangered or threatened species under the Act between 1991 and 1999. Some of these species may also occur on other Hawaiian islands. Previously, we proposed that designation of critical habitat was prudent for 32 (*Abutilon eremitopetalum*, *Adenophorus perians*, *Bidens micrantha* ssp. *kalealaha*, *Bonamia menziesii*, *Brighamia rockii*, *Cenchrus agrimonioides*, *Centaurium sebaeoides*, *Clermontia oblongifolia* ssp. *mauiensis*, *Ctenitis squamigera*, *Cyanea grimesiana* ssp. *grimesiana*, *Cyanea lobata*, *Cyanea macrostegia* ssp. *gibsonii*, *Cyperus trachysanthos*, *Cyrtandra munroi*, *Diellia erecta*, *Diplazium molokaiense*, *Gahnia lanaiensis*, *Hedyotis mannii*, *Hesperomannia arborescens*, *Hibiscus brackenridgei*, *Isodendron pyriformum*, *Mariscus fauriei*, *Neraudia sericea*, *Portulaca sclerocarpa*, *Sesbania tomentosa*, *Silene lanceolata*, *Solanum incompletum*, *Spermolepis hawaiiensis*, *Tetramolopium remyi*, *Vigna o-wahuensis*, *Viola lanaiensis*, and *Zanthoxylum hawaiiense*) of the 37 species reported from the island of Lanai. No change is made to the 32 proposed prudency determinations in the March 4, 2002, revised proposed critical habitat rule for plants from Lanai. We previously proposed that designation of critical habitat was not prudent for *Phyllostegia glabra* var. *lanaiensis* because it had not been seen recently in the wild, and no viable genetic material of this species is known to exist (65 FR 82086). No change is made to this proposed prudency determination in the March 4, 2002, revised proposed critical habitat rule (67 FR 9806). In the March 4, 2002, revised proposed critical habitat rule, we proposed that designation of critical habitat is prudent for *Tetramolopium lepidotum* ssp. *lepidotum*, a species for which a prudency determination has not been made previously. We determined that designation of critical habitat was prudent for *Hedyotis schlechtendahlia* var. *remyi*, *Labordia tinifolia* var. *lanaiensis*, and *Melicope munroi* at the time of their listing in 1999.

We also proposed designation of critical habitat for 32 (*Abutilon eremitopetalum*, *Adenophorus perians*, *Bidens micrantha* ssp. *kalealaha*, *Bonamia menziesii*, *Brighamia rockii*, *Cenchrus agrimonioides*, *Centaurium sebaeoides*, *Clermontia oblongifolia* ssp. *mauiensis*, *Ctenitis squamigera*, *Cyanea grimesiana* ssp. *grimesiana*, *Cyanea lobata*, *Cyanea macrostegia* ssp. *gibsonii*, *Cyperus trachysanthos*, *Cyrtandra munroi*, *Diellia erecta*, *Diplazium molokaiense*, *Gahnia*

lanaiensis, *Hedyotis mannii*, *Hedyotis schlechtendahlia* var. *remyi*, *Hesperomannia arborescens*, *Hibiscus brackenridgei*, *Isodendron pyriformum*, *Labordia tinifolia* var. *lanaiensis*, *Melicope munroi*, *Neraudia sericea*, *Portulaca sclerocarpa*, *Sesbania tomentosa*, *Solanum incompletum*, *Spermolepis hawaiiensis*, *Tetramolopium remyi*, *Vigna o-wahuensis*, and *Viola lanaiensis*) plant species. Critical habitat is not proposed for four (*Mariscus fauriei*, *Silene lanceolata*, *Tetramolopium lepidotum* ssp. *lepidotum*, and *Zanthoxylum hawaiiense*) of the 37 species which no longer occur on the island of Lanai, and for which we are unable to identify any habitat that is essential to their conservation on the island of Lanai. Critical habitat is not proposed for *Phyllostegia glabra* var. *lanaiensis* for the reasons given above. Eight critical habitat units, totaling approximately 7,853 hectares (19,405 acres), are proposed for designation on the island of Lanai. For locations of these proposed units, please consult the proposed rule (67 FR 9806).

Public Comments Solicited

Since the close of the comment period, we have received new information in the form of a draft conservation agreement (copy available upon request) from the owner of Unit D. The comment period is reopened to allow additional time for all interested parties to consider the information and submit written comments on the proposal. One possible outcome may be a decision to exclude this area from the final designation pursuant to section 4(b)(2) of the Act.

We will accept written comments and information during this reopened comment period. If you wish to comment, you may submit your comments and materials concerning this proposal by any of the following methods:

(1) You may submit written comments and information to the Field Supervisor, U.S. Fish and Wildlife Service, Pacific Islands Office, 300 Ala Moana Blvd., P.O. Box 50088, Honolulu, HI 96850-0001.

(2) You may hand-deliver comments to our Honolulu Fish and Wildlife Office at the address given above.

Comments and materials received, as well as supporting documentation used in preparation of the proposal to designate critical habitat, will be available for inspection, by appointment, during normal business hours at the address under (1) above. Copies of the draft document are available on the Internet at [\[pacificislands.fws.gov\]\(http://pacificislands.fws.gov\) or by request from the Field Supervisor at the address and phone number under \(1 and 2\) above.](http://</p>

RIN 1018-AH01

Endangered and Threatened Wildlife and Plants; Determination of Critical Habitat for the Kauai Cave Wolf Spider and Kauai Cave Amphipod

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; extension of comment period and notice of availability of draft economic analysis.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of the draft economic analysis for the proposed designations of critical habitat for the Kauai cave wolf spider and Kauai cave amphipod from the island of Kauai, Hawaii. We are now providing notice of extending the comment period to allow peer reviewers and all interested parties to comment simultaneously on the proposed rule and the associated draft economic analysis. The draft economic analysis shows a range likely costs from the proposed critical habitat designation of between \$743 million to \$1.955 billion over the 18 year period from 2003 to 2020. Comments previously submitted need not be resubmitted as they will be incorporated into the public record as part of this extended comment period and will be fully considered in preparation of the final rule.

DATES: We will accept public comments until December 16, 2002.

ADDRESSES: Written comments and information should be submitted to Field Supervisor, U.S. Fish and Wildlife
