

## **Shasta Dam Access Permit**

### **To All Shasta-Chappie OHV Area Users:**

The Shasta-Chappie OHV area has been reopened; you will be allowed to drive across Shasta Dam for access to the area by first producing a valid driver's license and vehicle registration, and subjecting your vehicle, any trailer(s), and their contents, to a security inspection. The dam crest is closed between the hours of 10:00 p.m. and 6 a.m..

Please regularly monitor this website for updated information.

Reclamation reserves the right to revoke access across Shasta Dam in the event that security requirements are modified, or if persons requesting access fail to comply with security provisions.

Thank you for your cooperation.
