

NATIONAL MARINE FISHERIES SERVICE

Northeast Regional Office / Fisheries Statistics Office

Northeast Region permit data

This document is provided to users of the Northeast Region permit data. It contains instructions and a description of each database. Information for these databases is refreshed daily.

Databases:

**Federal Northeast Region Seafood Dealers Federal
Northeast Region Fishing Vessel Permits Federal**

- A more detailed description of each Northeast permit program can be found at the Permits website:

Permits website: <http://www.nero.noaa.gov/permits/>

Vessel application: <http://www.nero.noaa.gov/permits/forms/initlins.pdf>

Data formats

The NOAA Fisheries Northeast Region Permit Data are in two formats: Microsoft Excel Worksheet (XLS), and Microsoft Excel Comma Separated Values File (CSV).

Questions

Contact Ted Hawes at (978) 281-9296 or email at Ted.Hawes@noaa.gov if you have any questions regarding these databases.

Disclaimer: This permit information is provided as a service to interested persons. These data are the best available to the National Marine Fisheries Service when the data were compiled. The National Marine Fisheries Service assumes no responsibility for the reliability or timeliness of any data in this system.
