Touch the Earth

Conservation...Our Passion...Our Heritage

The Choctaw people passionately love the earth. The ancient ones walked barefoot, sat and lay on the ground because it was good to touch the earth. The old Choctaw believed the Great Spirit created the earth and all the creatures that drink from her bounties and listen to her whispers. The Choctaw's passion and kinship with all creatures of the earth, sky and water continues today. The earth nourishes and provides for man. Man must care for the earth and do it no harm. If the earth dies, man dies.
