FEDERAL ENERGY REGULATORY COMMISSION

Available Transfer Capability Standards for
Wholesale Electric Transmission Services

Docket No. AD15-5-000

NOTICE POSTPONING WORKSHOP

(March 4, 2015)

By earlier notice, the Commission announced that staff would convene a workshop on Thursday, March 5, 2015 to discuss actions the Commission could take to ensure that transmission providers continue to calculate and post available transfer capability (ATC) in a manner that ensures nondiscriminatory access to wholesale electric transmission services.

Due to forecasted inclement weather and hazardous travel conditions, the workshop is postponed until further notice.
