To Interested Persons, Organizations, and Agencies

Subject: Finding of No Significant Impacts (FONSI) - Environmental Assessment (EA) -
Seedskaadee Revocation Project - Seedskaadee Project, Wyoming

Enclosed is the FONSI prepared by the Provo Area Office. This FONSI fulfills the requirements of the National Environmental Policy Act (NEPA) as well as the Council on Environmental Quality and Department of the Interior regulations implementing NEPA. The FONSI states the action that will be implemented and describes the effects of revoking Seedskaadee Project lands back to the Bureau of Land Management.

Reclamation sent the EA to interested individuals, groups, stakeholders, municipalities, organizations, and agencies, for review and comment. Six comments were received. These comments were reviewed by the Provo Area Office to determine if any significant new circumstances and/or information relevant to environmental concerns with bearing on the proposed action were raised. We have determined that the proposed action will not have a significant impact on the quality of the human environment and that an Environmental Impact Statement is not required.

The FONSI and supporting EA can be accessed electronically at
<http://www.usbr.gov/uc/envdocs/index.html>.

Thank you for your interest in this environmental review process. If you should have any questions, please contact me at 801-379-1150.

Sincerely,

Kerry Schwartz
Manager, Water and Environmental
Resources Division
