COOPERATIVE AGREEMENT ELIGIBILITY

- All projects are eligible to apply for a cooperative agreement and all proposals that meet minimum programmatic requirements will be reviewed.
- Two fundamental criteria assessed during review: (1) likelihood of threat reduction and conservation benefit; and (2) applicant's capacity to implement the proposed activities.

WHICH PROGRAM SHOULD I APPLY TO?

- USFWS supports wildlife conservation in Central Africa through multiple mechanisms.
- The Notices of Funding Opportunity (NOFOs) for all programs are located on the USFWS International Affairs How to Apply page (<https://www.fws.gov/international/grants-and-reporting/how-to-apply.html>).
- Applicants should consider program priorities and review criteria of each of the NOFOs to decide where their proposal will be most competitive. Please note that USFWS staff are not able to move proposals between funding programs.
