

## Socially Disadvantaged Agricultural Producers

A socially disadvantaged applicant is an individual or entity who is a member of a socially disadvantaged group. A socially disadvantaged group is a group whose members have been subject to racial or ethnic prejudice because of their identity as members of a group, without regard to their individual qualities. These groups consist of the following:

- American Indians or Alaskan Natives
- Asians
- Blacks or African Americans
- Native Hawaiians or other Pacific Islanders
- Hispanics

Gender alone is not a covered group for the purposes of NRCS conservation programs.

For an entity, at least 50 percent ownership in the farm business must be held by socially disadvantaged individuals. One member of an eligible entity may certify for all members rather than have each member self-certify.

### **MORE INFORMATION**

For more assistance, contact your local USDA Service Center or NRCS office. Nevada NRCS offices can be found online at [www.nv.nrcs.usda.gov](http://www.nv.nrcs.usda.gov).
