AGENCY DETERMINATION

UNDER THE  
RESOURCE CONSERVATION AND RECOVERY ACT  
AS AMENDED BY THE HAZARDOUS AND SOLID WASTE  
AMENDMENTS OF 1984

Issued to: General Electric Company Winchester Lamp Plant, Winchester, VA Facility

ID Number: VAD 070 360 219

Facility: 125 Apple Valley Road, Winchester, VA 22602

This Agency Determination is issued by the United States Environmental Protection Agency (EPA) under the authority of the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976 (RCRA) and the Hazardous and Solid Waste Amendments of 1984 (HSWA), 42 U.S.C. § 6901 *et seq.*, and EPA regulations at 40 C.F.R. Parts 260-271 and Part 124, to General Electric Company Winchester Lamp Facility in Winchester, VA (the Facility).

Although General Electric Company does not require a permit from either the Virginia Department of Environmental Quality (DEQ) or EPA, EPA has used the administrative procedures for permitting found in 40 CFR Part 270 to provide public notice and solicit comment on EPA's draft determination. The forty-five (45) day comment period ended on July 26, 1999; no comments have been received. Therefore, EPA has determined that no further corrective action is necessary at this time.

This determination completes the corrective action process under HSWA, at this time. The Facility must continue to comply with all applicable parts of RCRA.
