IN THE MATTER OF

Lee Paterson and Karen Jue Paterson
(dba Hula Daddy Kona Coffee),
Holualoa, HI

Proceedings under Section 1423(c)
of the Safe Drinking Water Act,
42 U.S.C. § 300h-2(c)

DOCKET NO. UIC-09-2012-0001

**CONSENT AGREEMENT
AND [PROPOSED] FINAL ORDER**

CONSENT AGREEMENT

I. STATUTORY AUTHORITY

This Consent Agreement and Final Order ("CA/FO") is issued under the authorities vested in the Administrator of the United States Environmental Protection Agency ("EPA") by Sections 1423(c) and 1445(a) of the Safe Drinking Water Act (the "Act"), 42 U.S.C. §§ 300h-2(c), 300j-4(a). The Administrator has delegated these authorities to the Regional Administrator of EPA Region IX. The Regional Administrator in turn has delegated these authorities to the Director of the Water Division, EPA Region IX. In accordance with these authorities, and with the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits," 40 C.F.R. Part 22 (hereinafter "Consolidated Rules of Practice"), the Director of the Water Division, EPA Region IX, hereby issues, and Lee Paterson and Karen Jue Paterson, ("Respondents"), hereby agree to the issuance of, this CA/FO.

Respondents and Complainant (the "Parties") agree that settlement of the matters at issue without litigation will save time and resources, is in the public interest, is consistent with the provisions and objectives of the Act and applicable regulations, and that entry of this CA/FO is the most appropriate means of resolving such matters.

II. STIPULATIONS AND FINDINGS

Respondents stipulate, and EPA finds as follows:

1. Pursuant to Part C of the Act, 42 U.S.C. §§ 300h to 300h-8, EPA has promulgated regulations establishing minimum requirements for Underground Injection Control ("UIC") programs, to prevent underground injection which endangers drinking water sources. These regulations are set forth at 40 C.F.R. Part 144.

2. "Underground injection" means the subsurface emplacement of fluids by well injection. 42 U.S.C. § 300h(d)(1), 40 C.F.R. § 144.3. 40 C.F.R. § 144.3 defines a "well" as "a subsurface fluid distribution system" and "well injection" as "the subsurface emplacement of fluids through a well."
3. Pursuant to 40 C.F.R. § 144.88, the construction of new or converted large capacity cesspools has been prohibited since April 5, 2000. "Large capacity cesspools" include "multiple dwelling, community or regional cesspools, or other devices that receive sanitary wastes, containing human excreta, which have an open bottom and sometimes perforated sides." 40 C.F.R. § 144.81(2). Large capacity cesspools do not include single family residential cesspools or non-residential cesspools which receive solely sanitary waste and have the capacity to serve fewer than 20 persons per day. *Id.* A "cesspool," is a "drywell," which in turn is a "well," as those terms are defined in 40 C.F.R. § 144.3.
4. Pursuant to Section 1422(c) of the Act, 42 U.S.C. § 300h-1(c), and 40 C.F.R. Part 147 Subpart M, § 147.601, EPA administers the UIC program in the State of Hawai'i. This UIC program consists of the program requirements of 40 C.F.R. Parts 124, 144, 146, 147 (Subpart M), and 148.
5. Pursuant to Section 1423(c)(1) of the Act, 42 U.S.C. § 300h-2(c)(1), and 40 C.F.R. § 19.4, EPA may issue an order either assessing an administrative civil penalty of not more than \$11,000 for each day of each violation occurring before January 12, 2009 and not more than \$16,000 for each day of each violation occurring after January 12, 2009, up to a maximum penalty of \$177,500, or requiring compliance, or both, against any person who violates the Act or any requirement of an applicable UIC program. In assessing a penalty for such violations, EPA must take into account: (1) the seriousness of the violations; (2) the economic benefit resulting from the violations; (3) the history of such violations; (4) any good faith efforts to comply with the applicable requirements; (5) the economic impact of the penalty on the violator; and (6) such other matters as justice may require. 42 U.S.C. § 300h-2(c)(4)(B).
6. Pursuant to Section 1445(a)(1)(A) of the Act, 42 U.S.C. § 300j-4(a), EPA may require any person who is subject to the requirements of the Act to submit information relating to such person's compliance with the requirements of the Act. 42 U.S.C. § 300j-4(a)(1)(A).
7. Karen Jue Paterson registered Hula Daddy Kona Coffee as the trade name of a business conducted by Lee Paterson and Karen Jue Paterson at 74-4944 Mamalahoa Highway, Holualoa, Hawai'i. Lee Paterson and Karen Jue Paterson

are "persons" within the meaning of Section 1401(12) of the Act, 42 U.S.C. § 300f(12), and 40 C.F.R. § 144.3.

8. Respondents completed construction of a new building and attached cesspool in 2008. In August 2008, Respondents began operating the building connected to this cesspool as the Hula Daddy Kona Coffee processing, tasting and sales facility, which is open to the public. As operated, the cesspool had the capacity to serve more than 20 persons per day, making it a large capacity cesspool ("LCC") under 40 C.F.R. § 144.3.
9. From approximately August 17, 2008 to December 23, 2010, Respondents owned and operated the LCC at the Hula Daddy Kona Coffee facility.
10. Respondents converted the LCC to a septic system as of December 23, 2010, such that it was no longer an LCC as defined by 40 C.F.R. § 144.3. Respondents received written "approval of use" for the septic system from the Hawai'i Department of Health on February 10, 2011.
11. Based on all of the foregoing, Respondents have violated the prohibition against construction and operation of new LCCs after April 5, 2000.

III. PROPOSED ORDER

Respondents and EPA agree to issuance of the following, which, upon issuance of the Final Order, shall become effective:

12. To account for the violations set forth in the Stipulations and Findings, Respondents agree to pay to the United States an administrative civil penalty of **thirteen thousand and two hundred dollars (\$13,200)**, no later than thirty (30) days following the effective date of the Final Order (hereafter referred to as the "due date").
13. 14. Concurrent with the payment of any penalty, Respondents shall provide written notice of payment, referencing the title and docket number of this case, via certified mail to each of the following:

In addition, a late payment handling charge of \$15.00 will be assessed for each thirty (30) day period (or any portion thereof) following the due date in which the balance remains unpaid. A six percent (6%) per annum penalty will also be applied on any principal amount not paid within ninety (90) days of the due date. Respondents shall tender any interest, handling charges, or late penalty payments in the same manner as described above.
17. Pursuant to Section 1423(c)(7) of the Act, 42 U.S.C. § 300h-2(c)(7), if Respondents fail to pay by the due date the administrative civil penalty assessed in paragraph 12 of this CA/FO, EPA may bring a civil action in an appropriate district court to recover the amount assessed (plus costs, attorneys' fees, and interest). In such an action, the validity, amount, and appropriateness of such penalty shall not be subject to review. 42 U.S.C. § 300h-2(c)(7).

20. Respondents consent to the issuance of this CA/FO and the conditions specified herein, including payment of the administrative civil penalty in accordance with the terms of this CA/FO. Full payment of the penalty set forth in this Consent

24. Respondents shall not deduct the administrative civil penalty, nor any interest, handling fees, or late penalty payments provided for in this CA/FO from their federal, state, or local income taxes.
25. Issuance of this CA/FO does not in any case affect the right of EPA to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law.
26. Issuance of or compliance with this CA/FO does not waive, extinguish, satisfy, or otherwise affect Respondents' obligations to comply with all applicable requirements of the Act, regulations promulgated thereunder, and any order or permit issued thereunder.

EPA reserves any and all legal and equitable remedies available to enforce this CA/FO, as well as the right to seek recovery of any costs and attorneys' fees incurred by EPA in any actions against Respondents for noncompliance with this CA/FO.
