WIND TURBINE?

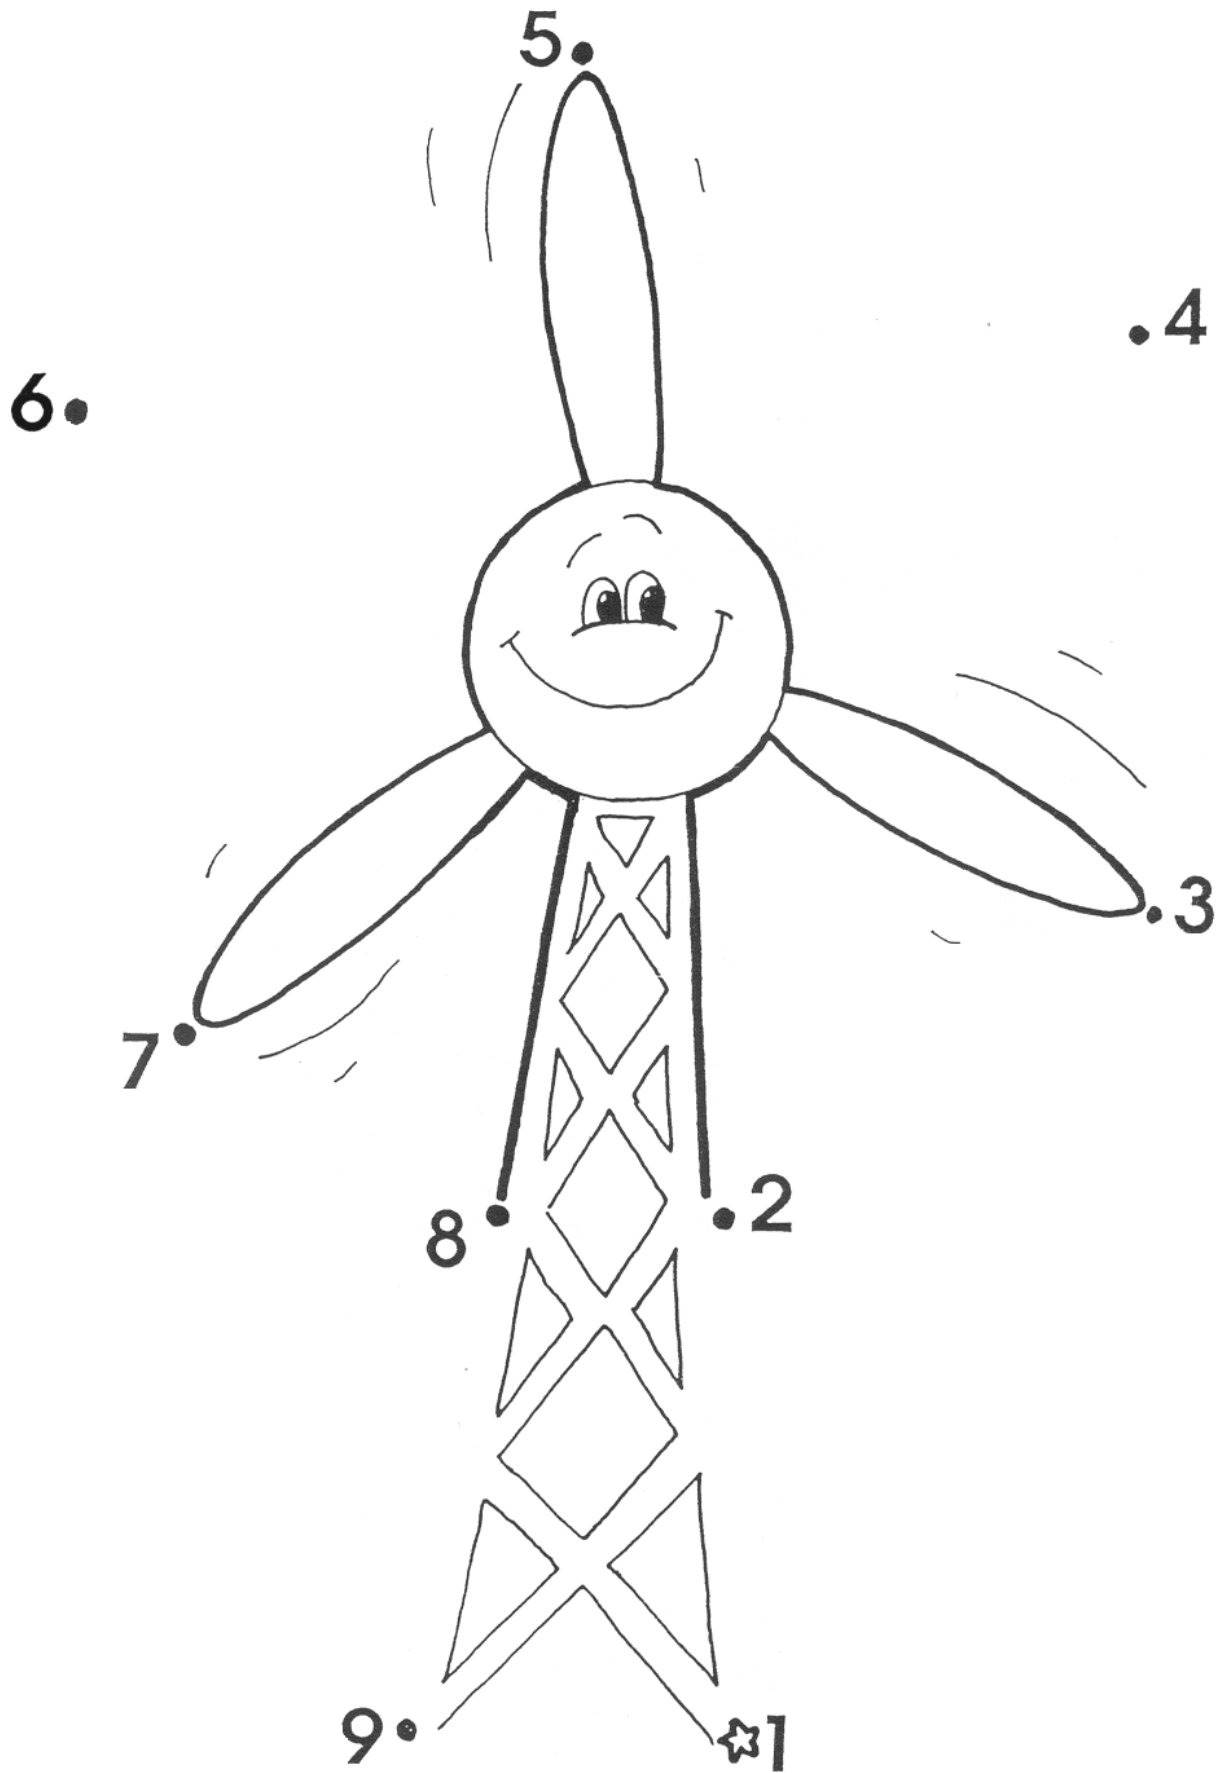

Wind turbines are very special.

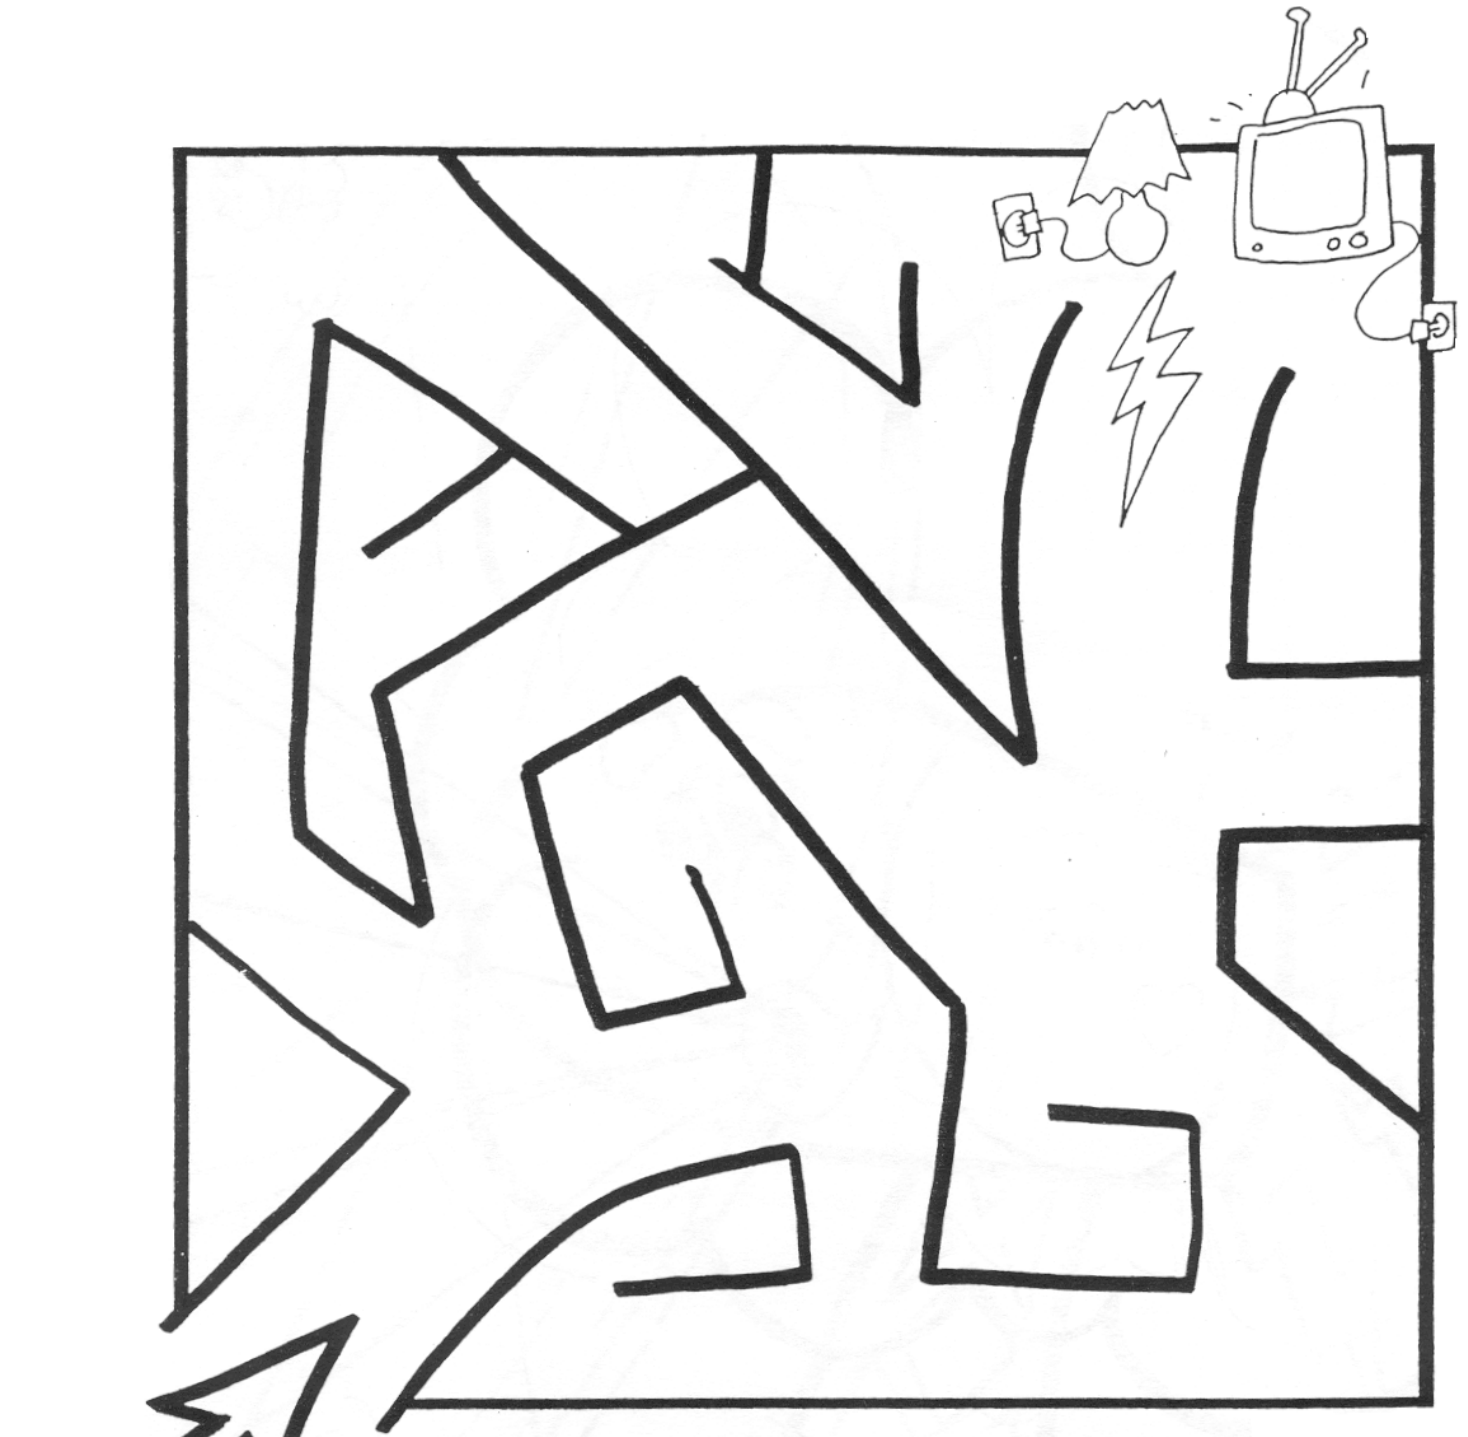

They can make the world
a better place.

connect the dots

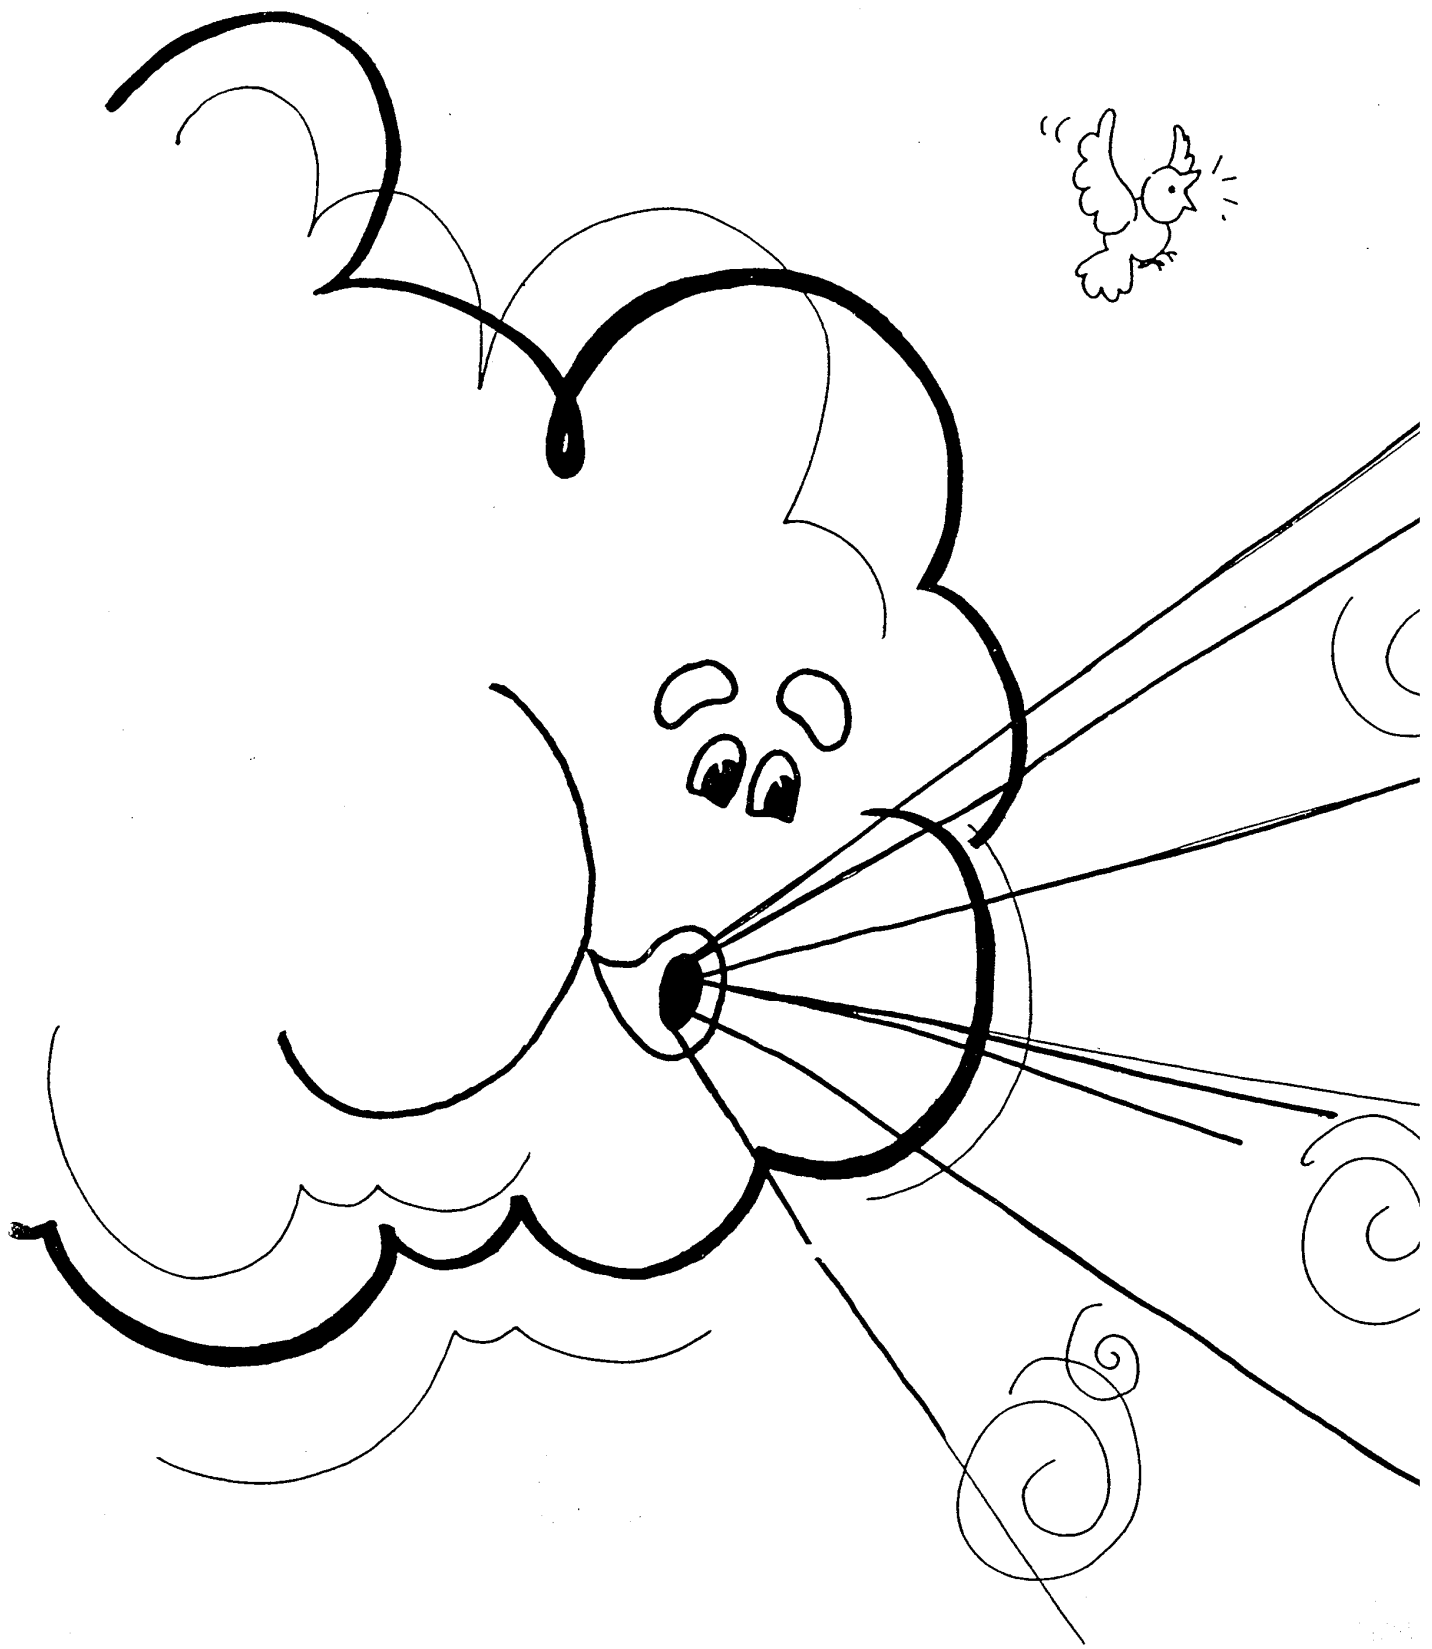

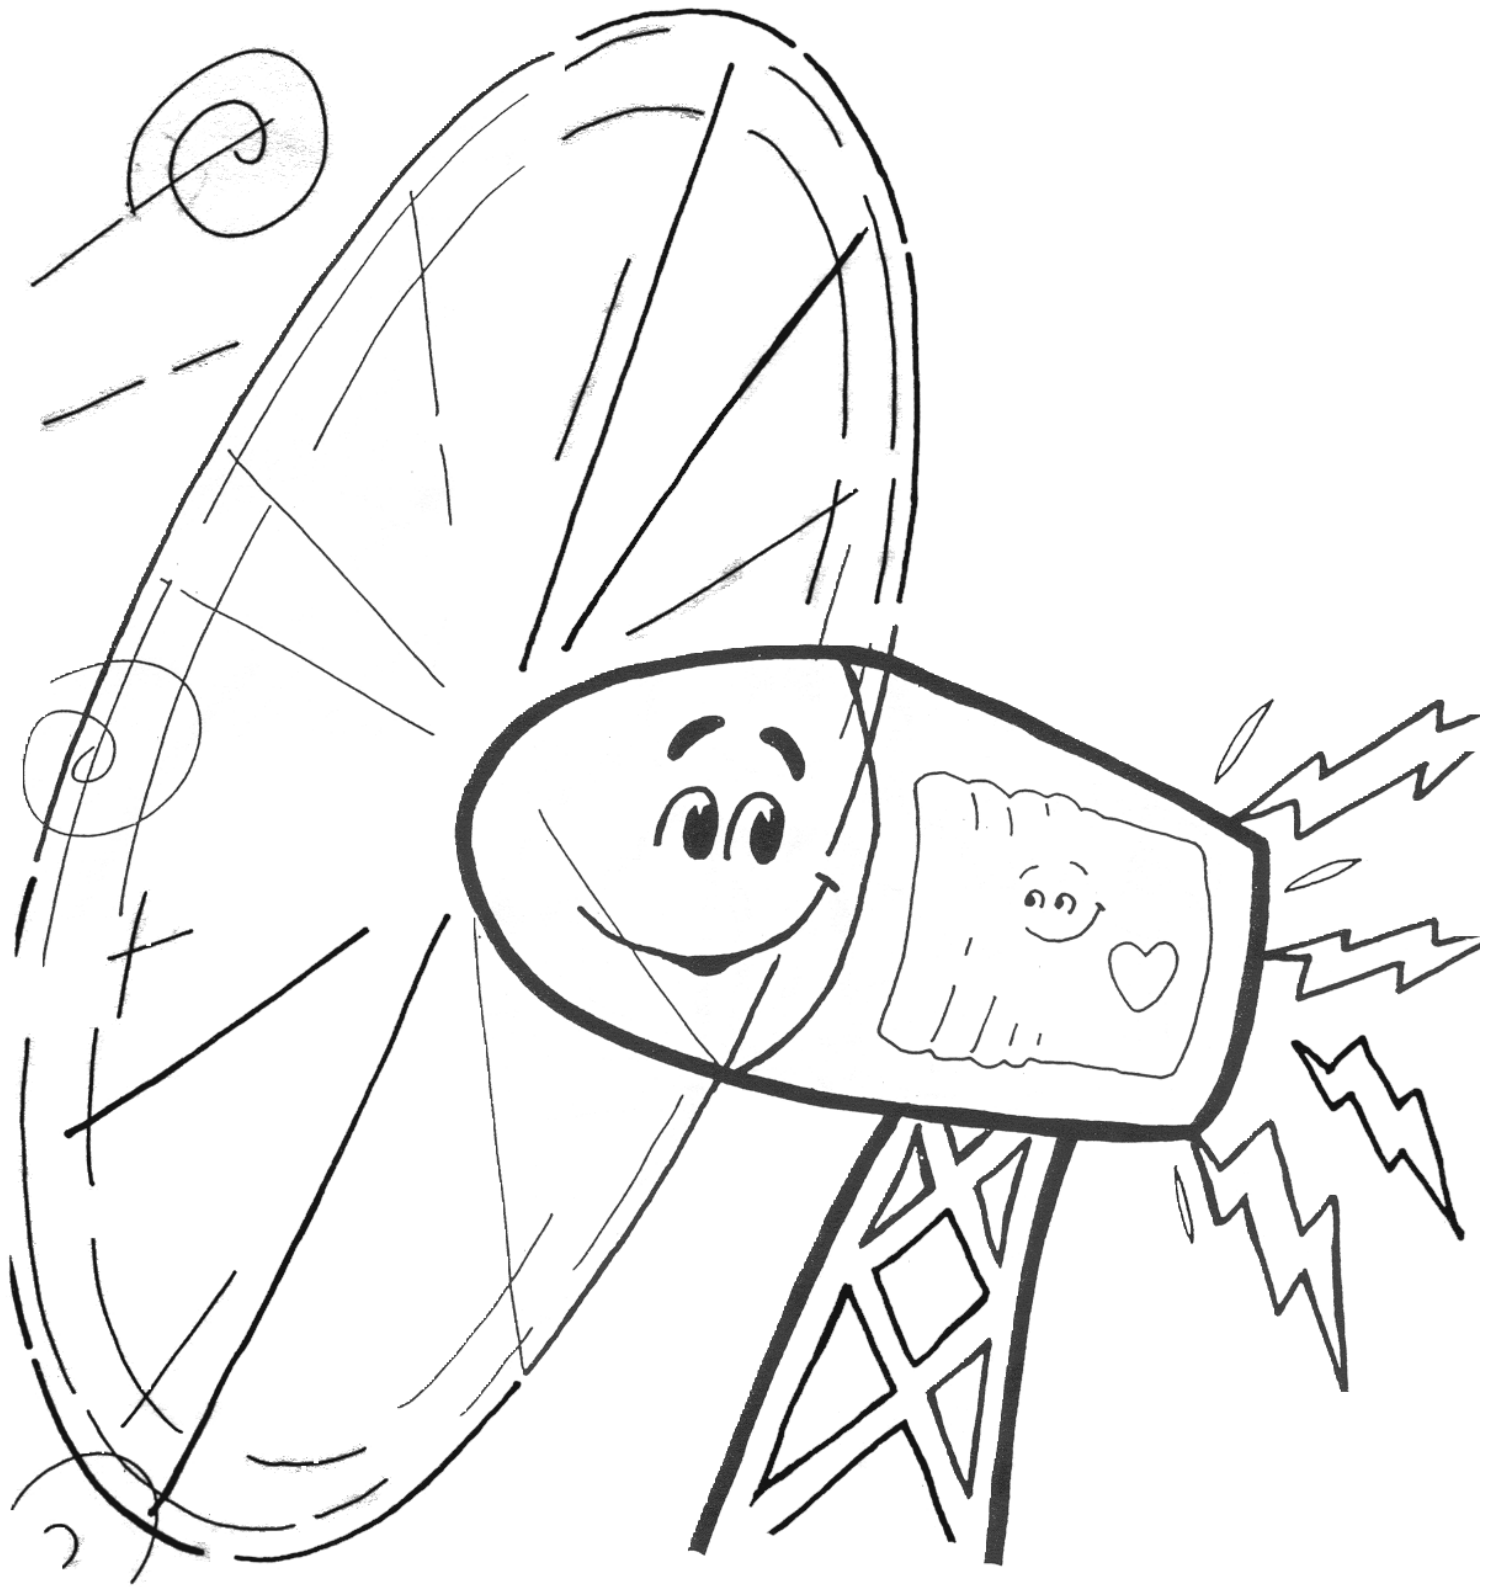

Wind turbines make electricity.

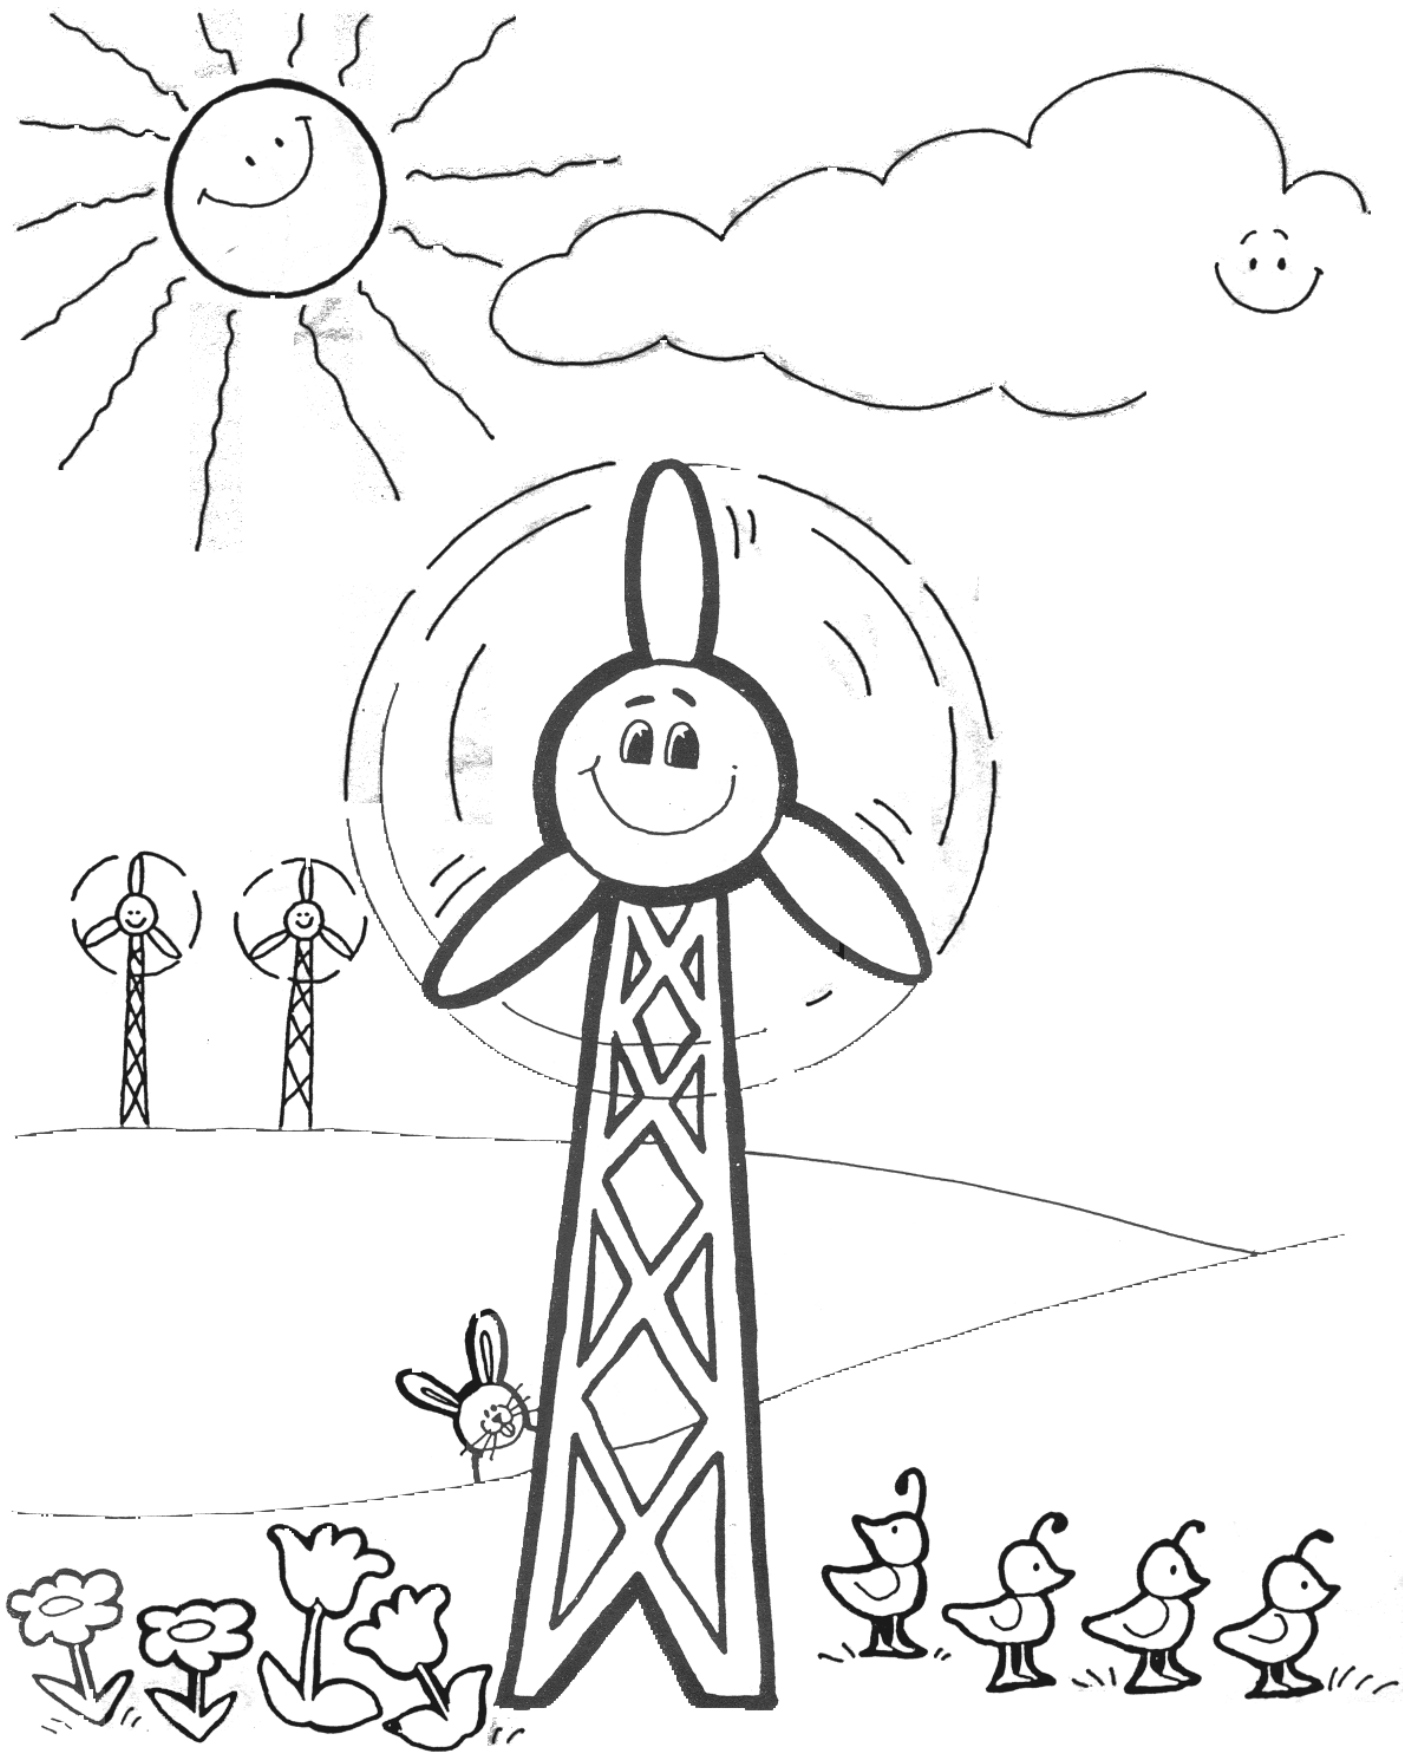

Help the electricity from
the wind turbines reach
the things that use it

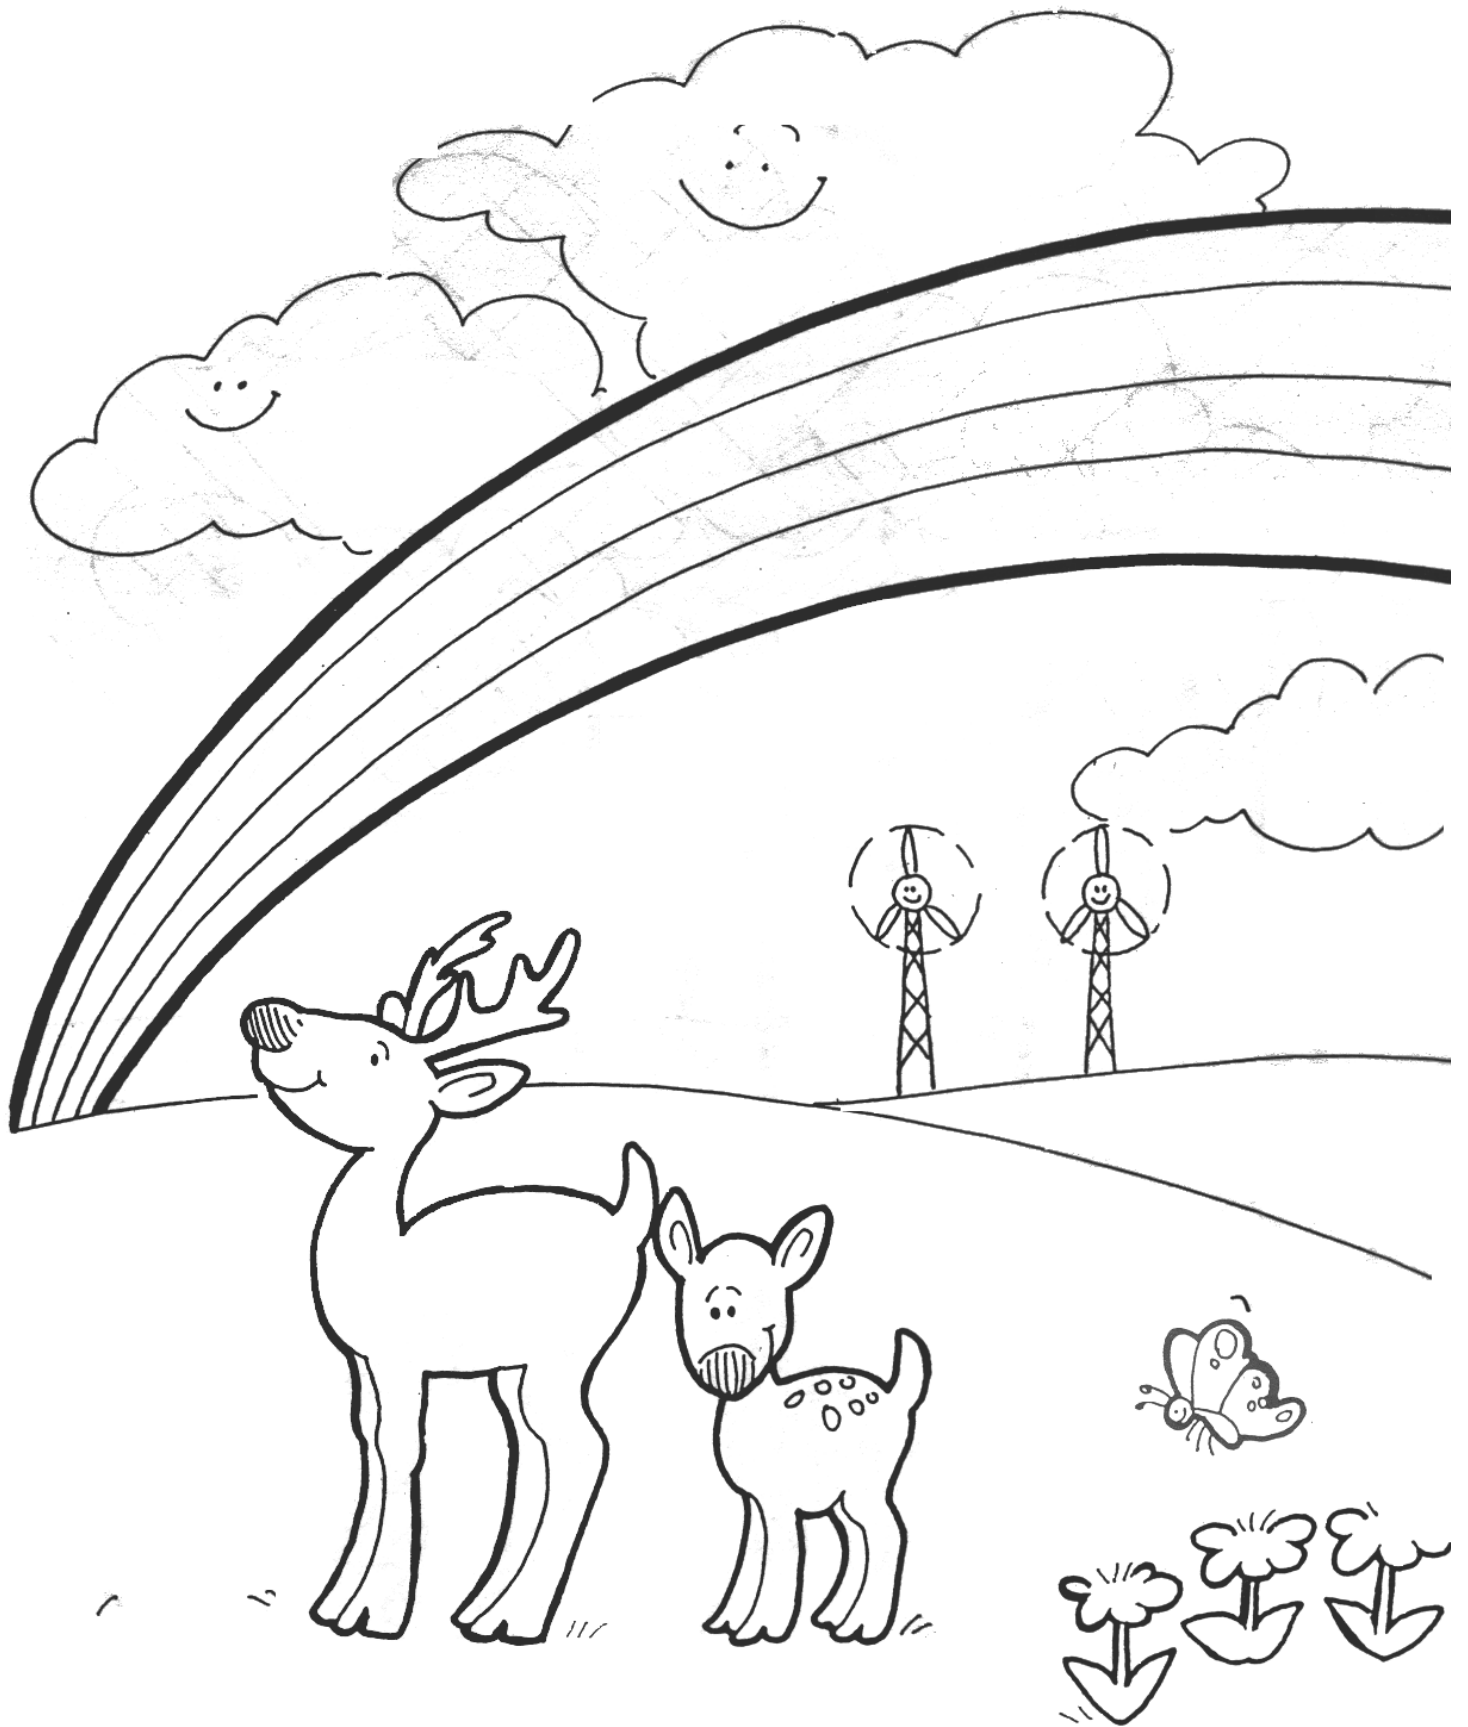

When the wind blows,

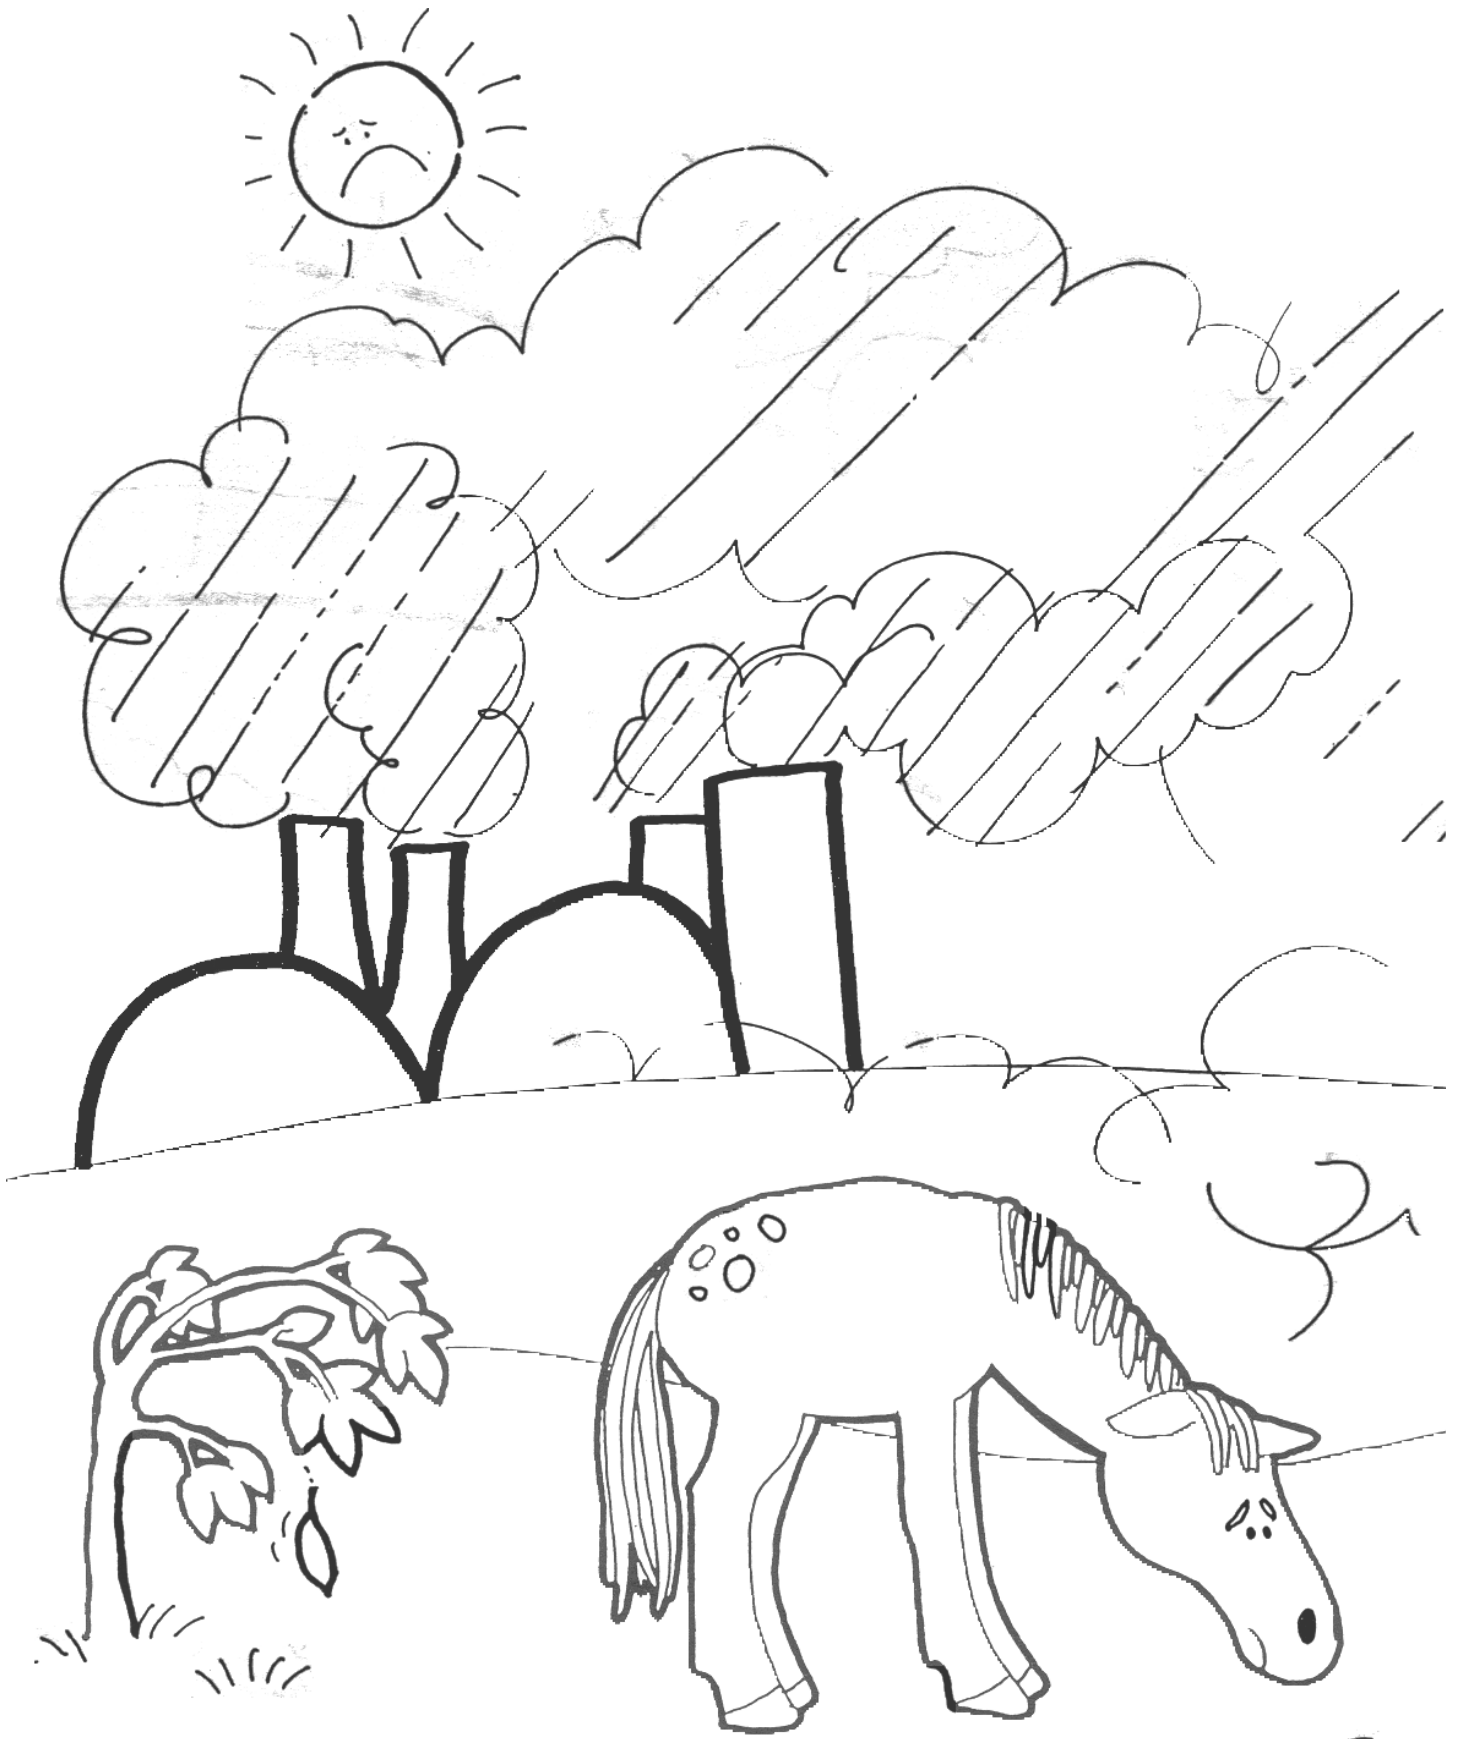

the wind turbine's blades turn.
This makes electricity.

Wind turbines make electricity

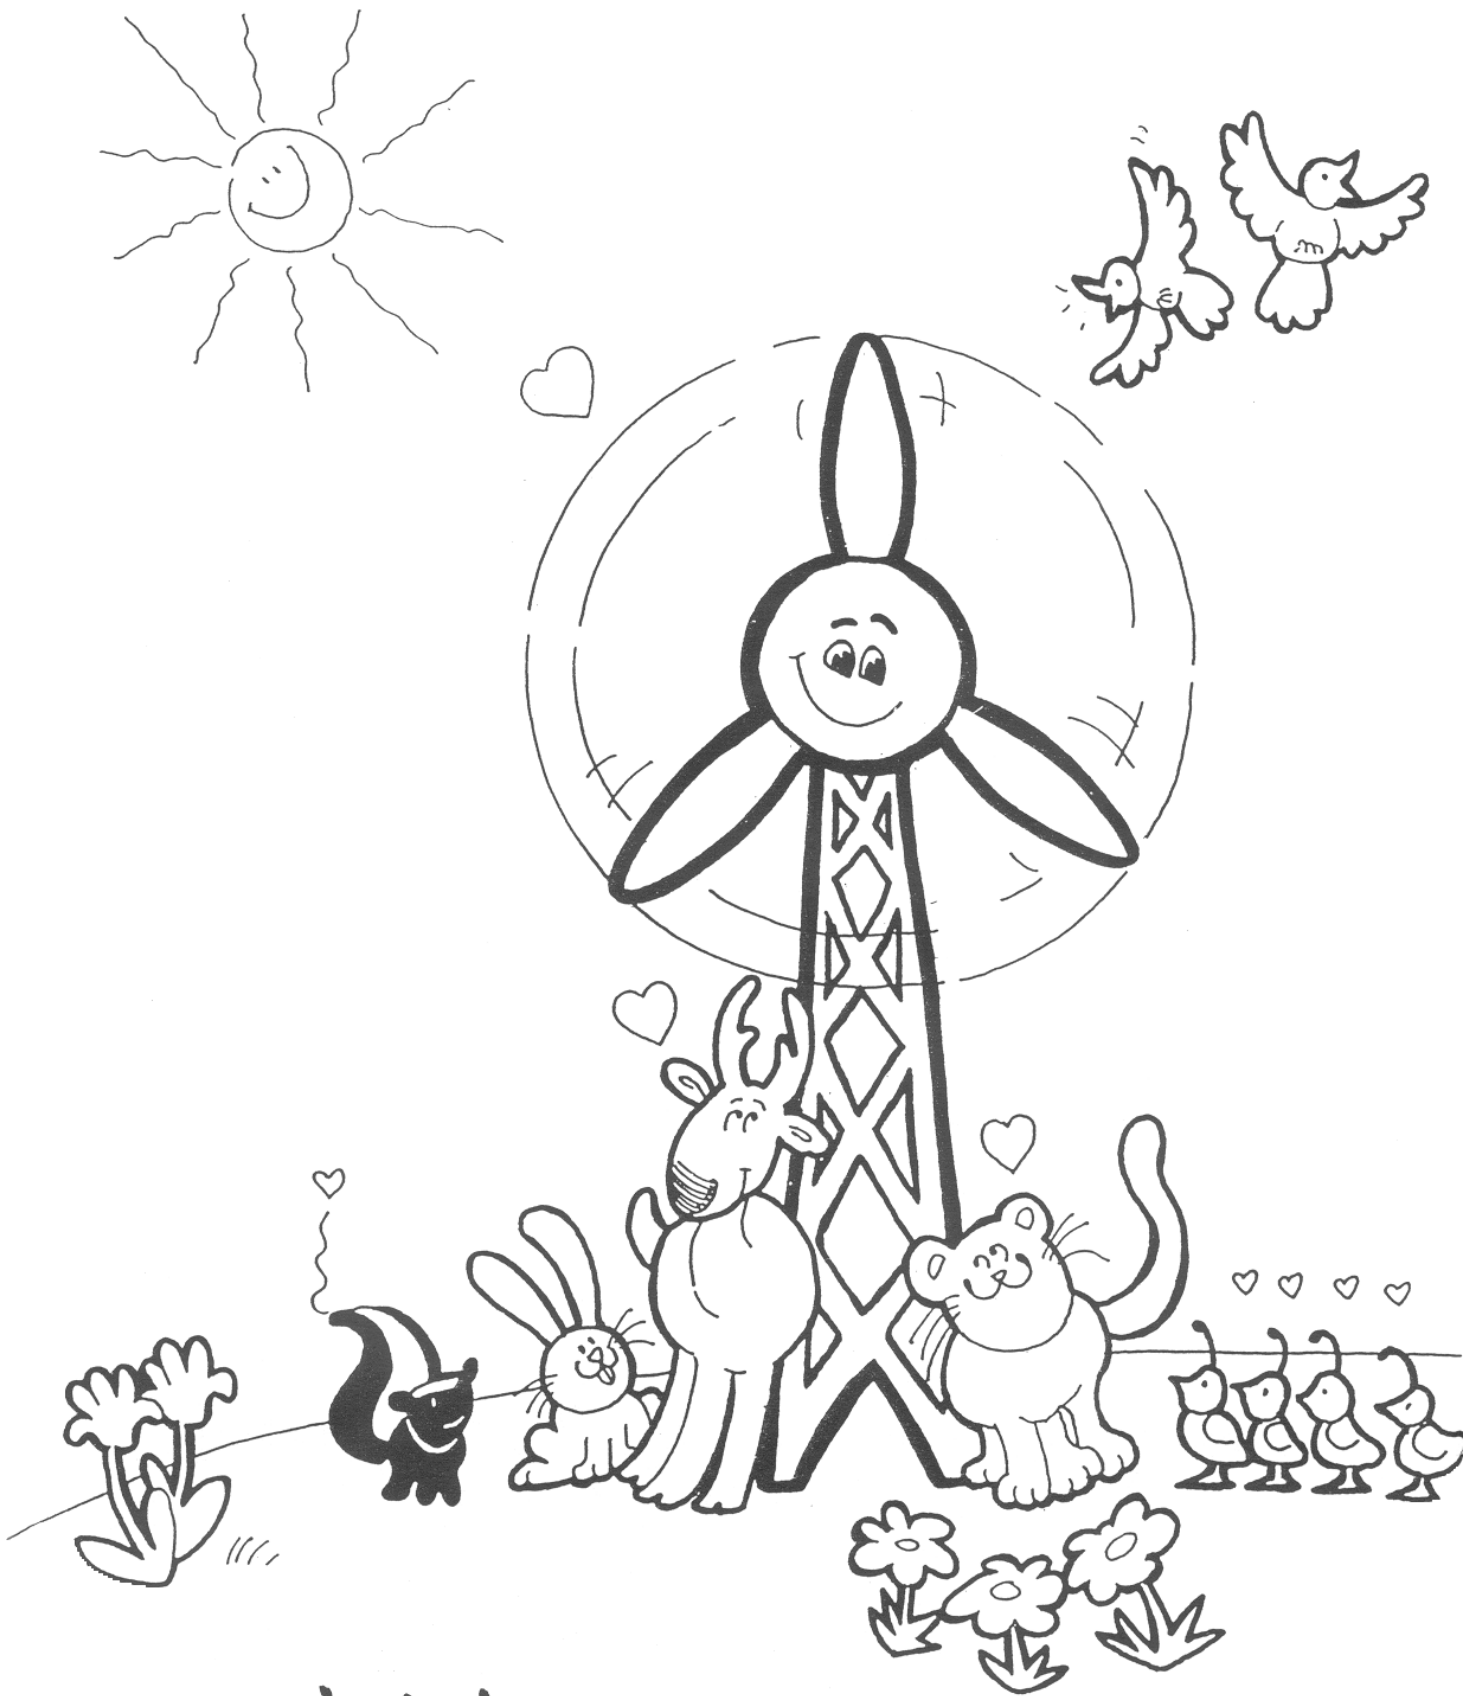

without making air pollution.

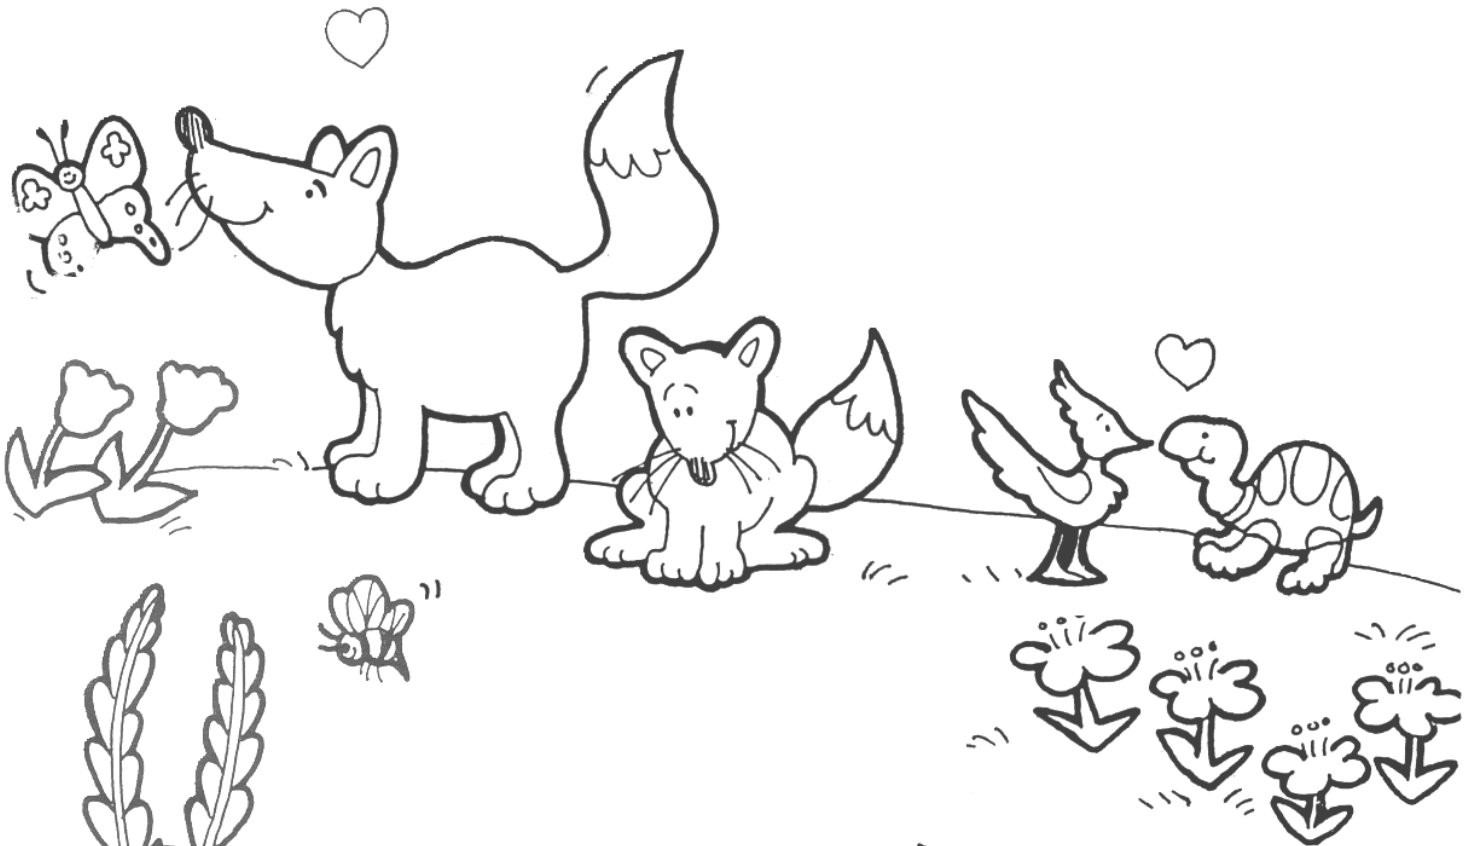

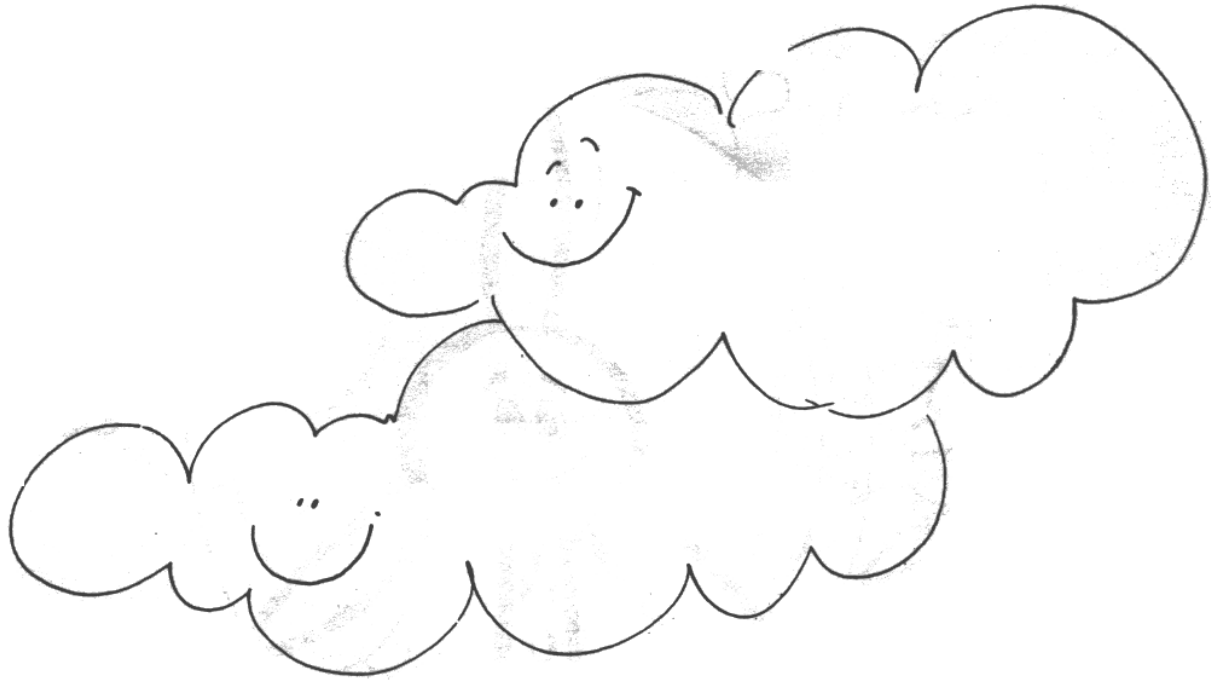

Air pollution is very bad for

the earth and all living things.

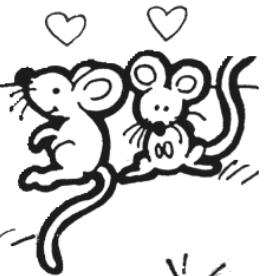

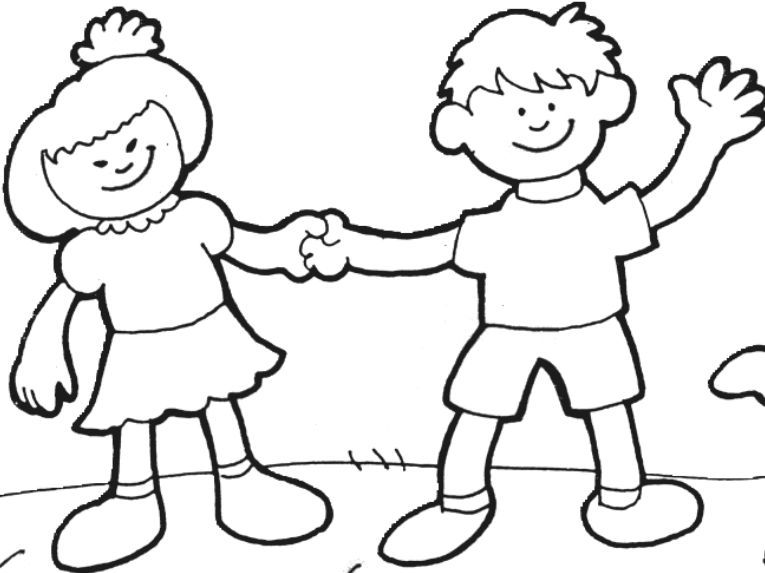

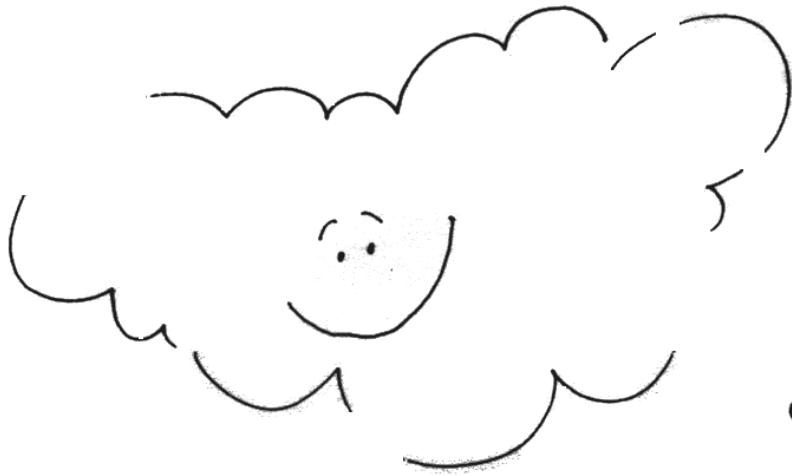

Wind turbines make

the earth happy.

Wind turbines are

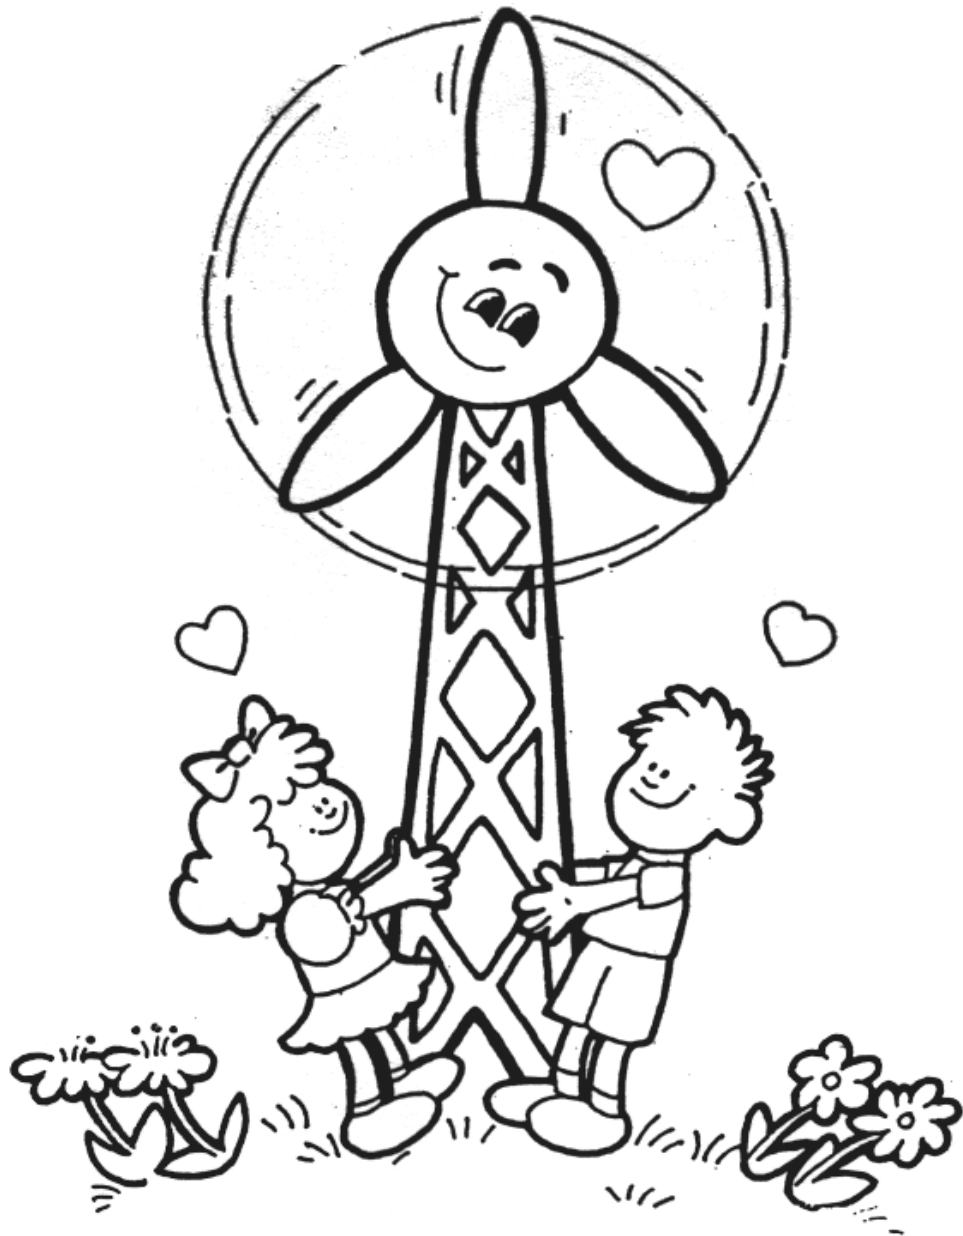

very special.

Can you draw something

that is special to you?

Have you ever hugged a
wind turbine?
