

## ANNOUNCING

### Hydrogen and Fuel Cells Summit VIII June 15-17, 2004 Convocation Center University of Miami Coral Gables, FL

#### *Introduction*

The Office of Hydrogen, Fuel Cells and Infrastructure Technologies is pleased to announce the upcoming Hydrogen and Fuel Cells Summit VIII. For the first time, the Summit will be held outside of the Washington, D.C. metropolitan area, relocating to the University of Miami.

#### *Summit Topics*

In its eighth year, the Summit will continue its history of strong support for industry through the following activities, which will involve presentations, breakout sessions and open discussions:

- Status reports on RD&D in the areas of stationary, portable, and vehicular fuel cell technologies, domestic and international
- Status reports on safety, codes and standards activities related to hydrogen fuels
- Status reports on remaining institutional issues and possible responses to them
- Identification of action items and formation of voluntary teams to address them.

Additionally, the change of venue allows us to offer an informative seminar on day three of the Summit, which will be jointly conducted by Dr. Michael Swain of the University of Miami and Dr. Jay Keller of Sandia National Laboratory. This seminar will include lectures and demonstrations of the lean flammability and safety setback projects being used to verify the physical properties of gaseous hydrogen for development of standards.

A draft agenda will be posted on the fuel cells web site ([www.pnl.gov/fuelcells](http://www.pnl.gov/fuelcells)) by mid-February. Additional material regarding the final agenda and featured speakers will be posted on the web site by the end of April.

#### *Registration*

Summit VIII is being facilitated by the Pacific Northwest National Laboratory (PNNL). If you would like to attend, you can register online at [www.pnl.gov/fuelcells](http://www.pnl.gov/fuelcells). Or if you prefer, you can complete the enclosed registration form and return to Cecilia Mendoza, PNNL, along with the \$200.00 registration fee, by Tuesday, May 25, 2004. You can either send it by mail to:

Cecilia Mendoza  
Pacific Northwest National Laboratory  
P.O. Box 999, M.S. K6-11  
Richland, WA 99352

Or you can fax your completed registration form to Ms. Mendoza at 509-372-4990.

You will receive a Summit registration confirmation via email from Ms. Mendoza once she is in receipt of your registration. Please be sure to include your email address on the form where indicated.

In order to maintain effective levels of dialogue and interaction, Summit VIII is limited to 125 participants. Participation will be determined on a first-come, first-served basis.

#### *Guest Rooms*

PNNL has secured a block of guestrooms for Summit attendees at the Miami Dadeland Marriott Hotel, but you need to make your own reservations by Tuesday, June 1, 2004. For ease in making your guestroom reservations, the hotel has provided a toll-free telephone number: 1-800-228-9290. Don't forget to mention your attendance at Hydrogen and Fuel Cells Summit VIII in order to receive the special group room rate of \$107.00 per night.

If you would like more information, please contact:
