

Updated Notice regarding the Final Decision on the City and County of Honolulu's Application for Modified NPDES Permits under Section 301(h) of the Clean Water Act for the Honouliuli and Sand Island Wastewater Treatment Plants

February 10, 2009

On February 9, 2009, the City and County of Honolulu filed a consolidated petition for review of EPA's Final Decisions denying the City and County of Honolulu's requests for variances from secondary treatment requirements of section 301(h) of the Clean Water Act for the Honouliuli and Sand Island Waste Water Treatment Plants.

This review has been requested pursuant to 40 CFR 124.19, under which persons who filed comments on a draft permit decision or participated in a public hearing on the draft decision, may file a request for review to the Environmental Appeals Board (EAB). As a result of this request, pursuant to 40 CFR 124.16, the final decisions in these matters have been stayed, pending a decision by the EAB.

Information regarding the EAB can be found on the EAB's website at <http://www.epa.gov/eab/>.
