Re: District of Columbia Public Service Commission
Docket No. EO-05-01

Dear Alexandria Homeowners and Citizens Associations:

The U.S. Department of Energy (DOE) is in receipt of your email dated January 13, 2006, regarding concerns of the citizens of Alexandria, Virginia, about the Potomac River Generating Station and DOE's order to Mirant Corporation, DOE Order 202-05-3. DOE appreciates your concerns and will take your comments into consideration as we proceed in this matter.

DOE is now reviewing Mirant Corporation's compliance plan. DOE is also reviewing petitions for rehearing filed by the District of Columbia Public Service Commission, the Virginia Department of Environmental Quality, and the City of Alexandria. We will keep the public informed of our progress in this matter on the internet at http://www.electricity.doe.gov/about/dcpsc_docket.cfm.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin Kolevar".

Kevin Kolevar
Director, Office of Electricity Delivery
and Energy Reliability
