PUBLIC NOTICE

PETITION TO VACATE
Lots 1 Through 5, Block 1,
Mallory's Second Addition
To Magnolia Beach,
Calhoun County, Texas

STATE OF TEXAS
COUNTY OF CALHOUN

KNOWN ALL MEN BY
THESE PRESENTS:

That the undersigned, being the designated agent of the owner of the property described as Lots 1 through 5, Block 1, Mallory's Second Addition to Magnolia Beach, Calhoun County, Texas do hereby petition the Calhoun County Commissioners Court to vacate said Lots 1 through 5, Block 1, Mallory's Second Addition to Magnolia Beach, Calhoun County, Texas in accordance with Sections 206 and 207 of the Subdivision Regulations adopted by the Calhoun County Commissioner's Court on November 29, 2004 and amended on December 13, 2007.

The property is proposed to be replatted in accordance with a plat to be submitted to the Calhoun County Commissioner's Court.

The petition will be considered by the Calhoun County Commissioner's Court on July 24, 2014 at 10:00 a.m.

Anne Marie Odefey
Agent for Applicants
Ken and Priscilla Burts

PUBLIC COMMENT OF
PROPOSED CLEAN AIR
ACT GREENHOUSE GAS
PREVENTION OF SIG-
NIFICANT DETERIORA-
TION PRECONSTRUC-
TION PERMIT**

Permit Number:
PSD-TX-1384-GHG

Public Comment Period
June 21, 2014 to July 21,
2014

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the Formosa Plastics Corporation, Point Comfort, TX, Chemical Complex Expansion Project. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the project to expand Formosa's existing chemical complex in Point Comfort, TX. The proposed construction will occur at 201 Formosa Drive, Point Comfort, TX 77978, in Calhoun County.

Under the provisions of 40 CFR § 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. See 40 CFR § 52.2305. As the project will result in increased GHG emissions for a facility described at 40 CFR § 52.21(b)(49)(v), EPA concludes that the application is subject to PSD review for GHG emissions. Formosa submitted three separate permit applications for the three different operational area expansions and this permit is only for the GHG emissions for the new low density polyethylene (LDPE) plant polymerization proc-

PUBLIC NOTICE

comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments:

Public Hearing: If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or mail by July 14, 2014, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. If the EPA determines that there is significant public interest, a public hearing will be held on July 31, 2014, from 5:00 p.m. to 7:00 p.m. at the following location:

Point Comfort City Hall
102 Jones St
Point Comfort, TX 77978
(361) 987-2661

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by July 14, 2014, or the EPA determines that there is not a significant interest. If the public hearing is cancelled, notification of the cancellation will be posted by July 18, 2014, on the EPA's Website <http://vo-semite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.

add two new combined-cycle gas-fired turbines. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the project to expand Formosa's existing chemical complex in Point Comfort, TX. The proposed construction will occur at 201 Formosa Drive, Point Comfort, TX 77978, in Calhoun County.

Under the provisions of 40 CFR § 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. See 40 CFR § 52.2305. As the project will result in increased GHG emissions for a facility described at 40 CFR § 52.21(b)(49)(iv), EPA concludes that the application is subject to PSD review for GHG emissions. Formosa submitted three separate permit applications for the three different operational area expansions. All parts of the project are subject to PSD review. This proposed permit addresses the GHG emissions for two new combined-cycle gas-fired turbines to provide additional power for Formosa's operations.

Any interested individual may submit written comments on EPA's proposed PSD permit for the Formosa Plastics Corporation Point Comfort, TX, Chemical Complex Expansion Project to add two new combined-cycle gas-fired turbines. All comments must be received in writing by July 21, 2014, or post-marked by July 21, 2014, to Aimee Wilson at one of the following addresses:

the project will involve construction of the following emission units: two regenerative thermal oxidizers, pellet blending and product silos, natural gas piping fugitives, maintenance, startup and shutdown emission, emergency generator, and contribution emission to the Olefins 3 elevated plant flare. All parts of the project are subject to PSD review. This proposed permit addresses the GHG emissions for the construction of a new LDPE plant to provide 626,500 TPY of LDPE products for Formosa's operations.

Any interested individual may submit written comments on EPA's proposed PSD permit for this Formosa Plastics Corporation Point Comfort, TX, Chemical Complex Expansion Project. All comments must be received in writing by July 21, 2014, or post-marked by July 21, 2014, to Erica Le Doux at one of the following addresses:

AND PUBLIC HEARING, AND REQUEST FOR PUBLIC COMMENT ON PROPOSED CLEAN AIR ACT GREENHOUSE GAS PREVENTION OF SIGNIFICANT DETERIORATION PRECONSTRUCTION PERMIT

Permit Number:
PSD-TX-1383-GHG

Public Comment Period
June 21, 2014 to July 21, 2014

The United States Environmental Protection Agency (EPA) provides notice of and requests public comments on the EPA's proposed action relating to the Prevention of Significant Deterioration (PSD) permit application for the Formosa Plastics Corporation, Point Comfort, TX, Chemical Complex Expansion Project. If finalized, the permit would regulate greenhouse gas (GHG) pollutant emissions associated with the project to expand Formosa's existing chemical complex in Point Comfort, TX. The proposed construction will occur at 201 Formosa Drive, Point Comfort, TX 77978, in Calhoun County.

Under the provisions of 40 CFR § 52.21 (except paragraph (a)(1)), EPA Region 6 implements a greenhouse gas PSD Federal Implementation Plan (FIP) for Texas. See 40 CFR § 52.2305. As the project will result in increased GHG emissions for a facility described at 40 CFR § 52.21(b)(49)(v), EPA concludes that the application is subject to PSD review for GHG emissions. Formosa submitted three separate permit applications for the three different operational area expansions and this permit is only for the GHG emissions for construction of a new olefins production unit. The Olefins 3 expansion project at the Point Comfort chemical complex proposes to construct a new olefins production unit consisting of 14 ethylene pyrolysis furnaces, recovery equipment, refrigeration, utilities, cooling, and treatment systems. The major pieces of recovery equipment include a quench tower, cracked gas compression, caustic wash tower, refrigeration systems, deethanizer, demethanizer, ethylene fractionator, depropanizer, debutanizer. In addition, a cooling tower, a flare system (two low pressure steam-assisted ground

as such, and should not be submitted through email. Emails sent directly to the EPA will capture your email address automatically and will be included as a part of the public comment. *Please note that an email or postal address must be provided with your comments if you wish to receive responses to comments submitted during the public comment period and direct notification of EPA's final decision regarding the permit.*

An extension of the 30-day comment period may be granted if the request for an extension adequately demonstrates why additional time is required to prepare comments.

Public Hearing: If EPA determines that there is a significant amount of public interest in the draft permit, the EPA has the right to hold a public hearing. Any request for a public hearing must be received by the EPA either by email or mail by July 14, 2014, and must state the nature of the issues proposed to be raised in the hearing. Attendance at the public hearing is not required in order to submit written comments. *If the EPA determines that there is significant public interest,* a public hearing will be held on July 30, 2014, from 5:00 p.m. to 7:00 p.m. at the following location:

Point Comfort City Hall
102 Jones St
Point Comfort, TX 77978
(361) 987-2661

If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The EPA maintains the right to cancel a public hearing if no request for a public hearing is received by July 14, 2014, or the EPA determines that there is not a significant interest. *If the public hearing is cancelled,* notification of the cancellation will be posted by July 18, 2014, on the EPA's Website <http://yosemite.epa.gov/r6/Apermit.nsf/AirP>. Individuals may also call the EPA at the contact number listed above to determine if the public hearing has been cancelled.
