Dear Mr. Pastl:

We wish to inform you that the draft Prevention of Significant Deterioration (PSD) permit for greenhouse gas emissions and the permit statement of basis have been completed for the Portland Production Plant. The public notice for the draft permit starts on Thursday, April 24, 2014 and will end on Monday, May 27, 2014. A copy of both the draft permit and statement of basis are enclosed, and also will be made available to the public for review at the Ben Whittington Public Library in Portland and our website (<http://yosemite.epa.gov/r6/Apermit.nsf/AirP.>)

In the public notice we have planned for a public hearing on Wednesday, June 11, 2014 from 5:00 p.m. to 7:00 p.m. If the public hearing is held, the public comment period shall automatically be extended to the close of the public hearing. The public hearing is scheduled for the following location:

**Portland Community Center**  
2000 Billy G. Webb  
Portland, TX 78374  
(361) 777-3301

However, if no request for a public hearing is received by May 16, 2014, or we determine that there is not a significant interest, the hearing will be cancelled. If the hearing is cancelled, we will post a notice to that affect on our web site, noted above, stating so by May 19, 2014.

If you have any questions, please feel free to contact me or Jeff Robinson at (214) 665-6435.

Sincerely,

Wren Stenger  
Director  
Multimedia Planning and  
Permitting Division
