#### Coastal Barrier Improvement Act of 1990 (P.L. 101-591); Amendments to the Coastal Barrier Resources System

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice

**SUMMARY:** The Department of the Interior, through the Fish and Wildlife

Service, has completed modifications to the boundaries of eight units of the Coastal Barrier Resources System (System), all in Florida, as required by Section 220 of Public Law 104-333. The purpose of this notice is to inform the public about the filing, distribution, and availability of maps reflecting these modifications.

**DATES:** The boundary revisions for these eight units became effective on November 12, 1996.

**ADDRESSES:** Copies of the revised maps for these eight System units are available for purchase from the U.S. Geological Survey, Earth Science Information Center, P.O. Box 25286, Denver, Colorado 80225. Official maps can be reviewed at the Fish and Wildlife Service offices listed in the appendix.

**FOR FURTHER INFORMATION CONTACT:** Mr. Steve Glomb, Department of the Interior, U.S. Fish and Wildlife Service, Division of Habitat Conservation, (703) 358-2201.

**SUPPLEMENTARY INFORMATION:** Section 4 of the Coastal Barrier Improvement Act of 1990 (CBIA), describes a series of maps approved by Congress entitled "Coastal Barrier Resources System" dated October 24, 1990. These maps identify and depict those coastal barriers located on the coasts of the Atlantic Ocean, Gulf of Mexico, and the Great Lakes that are subject to the limitations outlined in the CBIA. These maps are in the official custody of the U.S. Fish and Wildlife Service.

Sections 3 and 4 of the CBIA define the Department's responsibilities regarding the System maps. These responsibilities include preparing and distributing copies of the maps. Using the original maps submitted to the Department by the Congress, the Department reproduced these maps for distribution. Notification of the filing, distribution, and availability of the maps entitled "Coastal Barrier Resources System" dated October 24, 1990, was published in the **Federal Register** on June 6, 1991, (56 FR 26304-26312).

Section 220 of Public Law 104-333, enacted on November 12, 1996, requires the Department to revise the maps of the following Coastal Barrier Resources System Units, all in Florida: Conch Island Unit P05, Matanzas River Unit P05A, Vero Beach Unit P10, Hutchinson Island Unit P11, Frank B. McGilvrey Unit P11A, Sanibel Island Unit P18, Cedar Keys Unit P25, and Moreno Point Unit P32.

The law directs the Department to correct the official System maps "to

ensure that depictions of areas on those maps are consistent with the depictions of areas on the maps entitled 'Amendments to Coastal Barrier Resources System', dated November 1, 1995, and June 1, 1996, and on file with the Secretary." The following boundary modifications have been made, consistent with the boundary modifications depicted on the maps from Congress.

**Conch Island Unit P05**—The northern boundary of this unit was modified to remove certain property from the System.

**Matanzas River Unit P05A**—Twelve lots specified on the amending maps have been removed from the System. The overall boundary of the unit remains the same.

**Vero Beach Unit P10**—The northern boundary of the unit was modified to remove certain property from the System.

**Hutchinson Island Unit P11**—The northern boundary of an excluded area within the unit was modified to remove certain property from the System.

**Frank B. McGilvrey Unit P11A**—The northern boundary of the unit was modified to remove certain property from the System.

**Sanibel Island Unit P18**—The southern and western boundaries of this unit were modified to remove certain property from the System.

**Cedar Keys Unit P25**—A certain peninsula was removed from the System, expanding an excluded area.

**Moreno Point Unit P32**—Certain property along the shoreline was removed from the System, expanding an excluded area. Certain other property inland was added to the System. Certain State Park land was designated as a new "otherwise protected area" labeled P32P.

Copies of the revised System maps have been filed with the House of Representatives Committee on Resources and the Committee on Banking and Financial Services, and the Senate Committee on Environment and Public Works. Copies of these maps have been distributed to the Chief Executive Officer (or representative) of each appropriate Federal, State, or local agency having jurisdiction over the areas in which the modified units are located. Copies of the maps are also available for inspection at Service headquarters, regional, and field offices (see addresses in appendix).
