

Building Sustainable Partnerships

SMART
RECYCLING U.S. LLC

BURTONS
GRILL

Comprehensive Staff Training

helps get the team on
board and excited
about the program.

SMART Trainers take
time to troubleshoot
logistics and answer
any questions.

Training includes an introduction to SMART Carts which are custom designed to handle food waste efficiently.

- Lock and seal lid
- Caster wheels for easy transportation
- Waxy interior eliminates need for costly liners
- Minimal maintenance required

COMPOSTABLE ITEMS

"Put it in the Bin!"

Whole fruits and vegetables

Plate scrapings and food scraps

Bones and small pieces of raw meat

Processed foods

Coffee grounds and filters

Seafood bodies, spent shells

Floral Waste

Waxy cardboard and paper products

Small pieces of wood

NOT COMPOSTABLE

No glass, plastic, or aluminum

No rubber bands, gloves, twist ties, or serving trays

No chemical cleaners

Training materials
& signage supplied
by SMART are great
visual reminders of
the new operational
plan in place.

Care For Your Carts

Rinse with hot water after each time your cart is tipped. Let the water stay at the bottom of the cart.

Wipe the lid's inner seal with a damp paper towel so it stays clean and free of debris.

Keep the lid locked and sealed when not in use. Press down and **listen for the double click.**

Do not use cleaners, degreasers, or bleaches inside cart. You can use non-bleach cleaners on the outside of the cart.

Use coffee grounds, baking soda, or cinnamon as natural deodorizers.

- Regular follow up visits from SMART
- Monthly reports on tonnage diverted
- Quality control checks
- Motivation

RECYCLING U.S. LLC

COMPOST CHAMPIONS BURTON'S GRILL

IN OCTOBER 2015 YOUR TEAM DIVERTED
3.86 TONS OF ORGANIC WASTE
FROM THE LANDFILL TO THE
CHARLESTON BEE'S FERRY COMPOST
FACILITY.

MORE GREEN. LESS GARBAGE.

Saving Money And Reducing Trash

It's the SMART thing to do!

Burtons' Projected Annual Savings

- Reduction in garbage service: **\$950.00**
- Reduction in garbage bags: **\$1,753.44**
- Reduction in taxes: **\$3,400.00**

Total of \$6,103.44 savings subtracting the cost of the SMART Program

**Projected to save over
\$3,900 / year**

**Since starting the
SMART Program in
September 2014,
Burtons Grill has
diverted more than
104,000 lbs or 52 tons
of organic material from
the landfill.**
