

Madison County 16th Annual Drinking Water Festival May 14-15, 2013

(l-r) Kathy Walker, Madison County DAC, and Rhonda Britton with the Water Wheels Bus.

Water Wheels Bus is a new addition to our Drinking Water Festival this year. Mrs. Britton handles that huge trailer like the professional that she is. The bus includes a computer lab where students get to learn some really

Steve Trash, Environmental Magician is always a hit at our water festivals. He has the students complete attention as he does his magic tricks. They are having so much fun that they do not even realize that they are also learning. Steve has performed at our water festivals almost every year. His acts get booked so quickly that you have to book him a year in advance.

Thanks to our many volunteers, the water festival ran smoothly.

(l-r) Volunteers Anthony Hudson, Etta Mask, Greg Dansby, and Byron Aycock. They made excellent guides and bus workers for the over 800 students who attended the festival this year.
