

2013 Cullman County 11th Annual Water Festival “Hidden Treasures of Water”

The Cullman County Water Festival was held May 3 on Wallace State Campus in Hanceville Alabama. Approximately 1,200 children participated in 3 class rotations learning about the water cycle, aquifers, watersheds and filtration.

Left: Ruby Raindrop was on hand to greet the children when they unloaded off the buses.

Right: The Fishing Magician presented Lexi Shadix, the winner of the t-shirt poster contest, the framed poster and a savings bond.

He then went on to entertain the kids with a fantastic magic show.
