

4/6/08 revisions to Exhibit D RSS provisions for inclusion in Clean-up amendment

2. RESOURCE SUPPORT SERVICES

[The following introductory paragraph is included ONLY in the Slice/Block template.]

RSS is only available to «Customer Name» to support renewable resources that are Specified Resources used to serve Total Retail Load that are added after September 30, 2006. «Customer Name»'s purchase of RSS shall include allthose support services necessary and consistent with customer's Slice/Block purchase to convert the actual scheduled output from the resource being supported into a flat annual block.

Such election shall be a binding commitment of both Parties. If «Customer Name» makes such election, the Parties shall add the resource amounts and charges, and shall revise this exhibit so that it incorporates the agreed changes to applicable provisions, including the applicable resource amounts, if known, the agreed changes by March 31, 2010 or by March 31 of the year following the Notice Deadline for future years. Do we need to revise this to be comparable to the way I revised the last part of 2.2, below? I'm not sure how to do it.~~ By September 30 of the last Rate Case Year prior to the first Rate Period when service begins, and by each applicable September 30 thereafter in accordance with the applicable incorporated contract language, BPA shall update the relevant tables included in the incorporated contract language with the applicable charges and any necessary updates to resource amounts.

2.2 If «Customer Name» adds a new Specified Resource within a Purchase Period to meet its obligations to serve Above-RHWM

Load with Dedicated Resources, consistent with section 3.5.1 of the body of this Agreement, «Customer Name» may purchase RSS from BPA Diurnal Flattening Service (DFS) or Forced Outage Reserve Services (FORS) to support such resource. ~~Such purchase shall be for the remainder of the Purchase Period and for the following Purchase Period.~~ «Customer Name» shall request a copy of the then-current DFS or FORS standard contract provisions from BPA and shall notify BPA of its decision to purchase RSS for a new Specified Resource in writing by October 31 of a Rate Case Year that it elects to purchase DFS or FORS for the new Specified Resource under the terms stated in the then-current contract provisions and the terms of this section 2.2. Such election shall be a binding commitment of both Parties. The elected RSSDFS or FORS will be effective at the start of the upcoming Rate Period. The duration of such purchase shall be for the remainder of the Purchase Period and for the following Purchase Period.
