<b>Farm Location:</b>		

National Priorities Addressed

Issue Questions	Responses
If the application is for development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering “Yes” to the following question. Answering “Yes” to question 1a will result in the application being awarded the maximum amount of points that can be earned for the national priority category.	
1. a. Is the program application to support the development of a Conservation Activity Plan (CAP)? If answer is “Yes”, do not answer any other national level questions. If answer is “No”, proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
<b>Water Quality Degradation – Will the proposed project improve water quality by: (select all that apply)</b>	
2. a. Implementing the practices in a Comprehensive Nutrient Management Plan (CNMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Implementing the practices in a Nutrient Management Plan (NMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Reducing impacts from sediment, nutrients, salinity, or pesticides on land adjoining a designated “impaired water body” (TMDL, 303d listed waterbody, or other State designation)?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Reducing the impacts from sediment, nutrients, salinity, or pesticides in a “non-impaired water body”?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Implementing practices that improve water quality through animal mortality and carcass management?	Yes <input type="radio"/> or No <input type="radio"/>
<b>Water Conservation – Will the proposed project conserve water by: (select all that apply)</b>	
3. a. Implementing irrigation practices that reduce aquifer overdraft.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Implementing irrigation practices that reduce on-farm water use?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Implementing practices in an area where the applicant participates in a geographically established or watershed-wide project?	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Implementing practices that reduce on-farm water use as a result of changing to crops with lower water consumptive use, the rotation of crops, or the modification of cultural operations?	Yes <input type="radio"/> or No <input type="radio"/>
<b>Air Quality - Will the proposed project improve air quality by: (select all that apply)</b>	
4. a. Meeting on-farm regulatory requirements relating to air quality or proactively avoid the need for regulatory measures?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Implementing practices that reduce on-farm emissions of particulate matter (PM2.5, PM10)?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Implementing practices that reduce on-farm generated greenhouse gases such as carbon dioxide (CO2), methane (CH4), and nitrous oxide (N2O)?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Implementing practices that increase on-farm carbon sequestration?	Yes <input type="radio"/> or No <input type="radio"/>
<b>Soil Health:– Will the proposed project improve soil health by: (select all that apply)</b>	
5. a. Reduce erosion to tolerable limits (Soil “T”)?	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Increasing organic matter and carbon content, and improving soil tilth and structure?	Yes <input type="radio"/> or No <input type="radio"/>
<b>Wildlife Habitat – Will the proposed project improve wildlife habitat by: (select all that apply)</b>	
6. a. Implementing practices benefitting threatened and endangered, at-risk, candidate, or species of concern.	Yes <input type="radio"/> or No <input type="radio"/>
6. b. Implementing practices that retain wildlife and plant habitat on land exiting the Conservation	Yes <input type="radio"/> or No <input type="radio"/>

Reserve Program (CRP) or other set-aside program?	
6. c. Implementing practices benefitting honey bee populations or other pollinators?	Yes <input type="radio"/> or No <input type="radio"/>
6. d. Implementing land-based practices that improve habitat for aquatic wildlife?	Yes <input type="radio"/> or No <input type="radio"/>
Plant and Animal Communities: Will the proposed project improve plant and animal communities by: (select all that apply)	
7. a. Implementing practices that result in the management control of noxious or invasive plant species on non-cropland?	Yes <input type="radio"/> or No <input type="radio"/>
7. b. Implementing practice in an Integrated Pest Management Plan (IPM)?	Yes <input type="radio"/> or No <input type="radio"/>
Energy Conservation– Will the proposed project reduce energy use by: (select all that apply)	
8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

### State Issues Addressed

Issue Questions	Responses
Water Conservation - Answer Yes to either (a) or (b); answer (c)	
1. a. Are the practices in the Schedule of Operations part of an Irrigation Water Management Plan that results in a minimum reduction of water use of 35%?	Yes <input type="radio"/> or No <input type="radio"/>
1. b. Are the practices in the Schedule of Operations part of an Irrigation Water Management Plan that results in a reduction of water use of .less than 35%, but more than a minimum of 20% as determined by CT NRCS?	Yes <input type="radio"/> or No <input type="radio"/>
1. c. Will irrigation water be captured and reused, e.g. flood table or ebb/flow bench recirculation system through 443, Irrigation Surface/Subsurface	Yes <input type="radio"/> or No <input type="radio"/>
Water Quality	
2. a. Will the practices in the Schedule of Operations assist the producer to implement a Nutrient Management Plan that meets NRCS specifications for applying fertilizer according to June Nitrate testing?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Will the planned practice(s) in the Schedule of Operations reduce the risk of nutrient or sediment transport to surface water through the implementation of buffers or filter strips between fields and any surface water?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Does the Schedule of Operations include 595, IPM or other practices to assist with the mitigation of the impacts of pesticide application? (For example, 386 Field Border, 390 Riparian Herbaceous Cover, 391 Riparian Forest Buffer)	Yes <input type="radio"/> or No <input type="radio"/>
Soil Condition	
3. a. Will the practices in the Schedule of Operations include either No-Till (329) or Reduced Till (345) with the resource concern for soil quality or soil erosion? (goal: soil structure)	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Will the practices in the Schedule of Operations include one or more of the following practices that will integrate 2+ “families” of herbaceous plants (Warm Season Grass, Cool Season Grass, Warm Season Broadleaf and Cool Season Broadleaf): * 328 Conservation Crop Rotation, which specifies grass/legumes in rotation with a commodity crop 2+families); * 512 Forage Biomass Planting – with 3 or more “families in the seeding mix; * 342 Critical Area Planting with 3 or more families in the seeding mix in an orchard or similar	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Will the practices in the Schedule of Operations include No-Till (329) or Reduced Till (345) with the resource concern for soil quality: organic matter depletion? (goal: organic matter in the soil)	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Will the practices in the Schedule of Operations include Cover Crop (340) or Crop Rotation (328) planned with either over-lapping harvest/seeding dates, or seeding within 4 weeks after crop termination and seeding within 2 weeks of harvest? (goal: soil structure and soil cover)	Yes <input type="radio"/> or No <input type="radio"/>
3. e. Does the Schedule of Operations include practices that result in a Soil Conditioning Index greater than 0?	Yes <input type="radio"/> or No <input type="radio"/>

Soil Erosion: Answer either (a) or (b)	
4. a. Does an identified resource concern of sheet and rill erosion exist, and are practices in the Schedule of Operations expected to reduce the soil loss from above "T" to "T" according to RUSLE2?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Does an identified resource concern of sheet and rill erosion exist, and are practices in the Schedule of Operations expected to reduce the soil loss from above "T" to BELOW "T" according to RUSLE2?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Is gully erosion an identified resource concern and are ALL instances are being treated through practices in the Schedule of Operations : 412 Grassed Waterway, 468 Lined Waterway, 362 Diversion, or 600 Terrace?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Does the Schedule of Operations include supporting practices necessary to support a new OR existing High Tunnel System (325), in order to manage concentrated flow from the High Tunnel(s). Practices could include 342, Critical Area Planting; 412, Grassed Waterway; 468, Lined Waterway or Outlet; or 362 Diversion.	Yes <input type="radio"/> or No <input type="radio"/>
Wildlife	
5. a. Does the Schedule of Operations include practices like 327 Conservation Cover, 393 Field Borders, 391 Riparian Forest Buffers, 380 Windbreak/Shelterbelt Development, 612 Tree/Shrub Planting, 395 IPM, 647 Early Successional Habitat Management or the Delayed Mowing scenario under 511, Forage Harvest Management that are designed to benefit pollinators or other wildlife? (refer to New England Pollinator Handbook for design recommendations)	Yes <input type="radio"/> or No <input type="radio"/>

### Local Issues Addressed

Issue Questions	Responses
Location	
1. a. Is this application located in a Public Water Supply Watershed or designated Aquifer Protection Area AND does the Schedule of Operations contain practices that address water quality?	Yes <input type="radio"/> or No <input type="radio"/>
1. b. Does the application involve land that has been permanently protected through federal, state, local government programs or private land trusts?	Yes <input type="radio"/> or No <input type="radio"/>
Degree of Cooperation by Producer	
2. a. Have other Federal, State, local, or non governmental organization financial resources been committed to this project?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. If the applicant has an existing EQIP contract, has it been, and is it now, on schedule and in full compliance?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Did the applicant successfully complete any past contract(s) in full compliance?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Is this the applicant's first EQIP application?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Does the applicant have any contracts that are currently in violation (with a CPA-153) or have any contracts that were terminated for failure to comply with contract terms and provisions within the last 3 years?	Yes <input type="radio"/> or No <input type="radio"/>
Magnitude of Expected Benefits	
3. a. Does the Schedule of Operations have energy as a secondary resource concern?	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Will the practices in this contract directly benefit threatened or endangered species according to results obtained from the CT-DEEP NDDB (Natural Diversity Database)?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Has the producer completed, or is currently enrolled in, an organic certification program recognized by USDA?	Yes <input type="radio"/> or No <input type="radio"/>
