

St. Marks

National Wildlife Refuge

Hunting Regulations 2016-2017

General Provisions

St. Marks National Wildlife Refuge is one of over 500 national wildlife refuges. The primary objective of the refuge is to provide habitat for conservation and protection of all species of wildlife. The harvest of surplus animals is one tool used to maintain wildlife populations at a level compatible with habitat.

The regulations listed below supplement the general regulations which govern hunting on wildlife refuges as set forth in Title 50, Code of Federal Regulations. Hunting will be in accordance with applicable state regulations.

Prohibited Activities

Target practice is prohibited.

Wood gathering, camping, littering, and fires are prohibited.

Leashed dogs may be used for trailing injured game. Other use of dogs prohibited except for Piney Island Waterfowl hunt.

Unleashed dogs prohibited.

The use or possession of alcoholic beverages in refuge hunting areas is prohibited.

The placing of or hunting over bait is prohibited.
