

**RE-NOTICE OF A TENTATIVE DECISION  
INTENT TO RENEW AND MODIFY A STATE PERMIT  
AND AN UNDERGROUND INJECTION CONTROL PERMIT  
FOR THE FOLLOWING DISCHARGE INTO  
THE WATERS OF THE STATE OF CONNECTICUT**

**NOTICE OF TENTATIVE DECISION**

On March 13, 2013, the Commissioner of Energy and Environmental Protection issued a notice of a tentative decision to renew and modify a permit ("Notice") based on an application submitted by **Brunswick School, Inc.** ("the applicant") under section 22a-430 of the Connecticut General Statutes for a permit to discharge into the waters of the state. Information on the Notice can be found at: <http://www.ct.gov/deep/cwp/view.asp?A=2586&O=520588>. The purpose of this re-notice is to clarify the receiving waters as groundwaters in the Blind Brook and Byram Brook watersheds. The applicant's site address is 1248 King Street in Greenwich and is located in the Byram River and Blind Brook watersheds. The March 13, 2012 notice of tentative decision incorrectly identified the receiving waters solely as groundwaters in the Byram River watershed.

**TENTATIVE DECISION**

The Commissioner of Energy and Environmental Protection hereby gives notice of a tentative decision to renew and modify a permit based on an application submitted by **Brunswick School, Inc.** ("the applicant") under section 22a-430 of the Connecticut General Statutes for a permit to discharge into the waters of the state.

In accordance with applicable federal and state law, the Commissioner has made a tentative decision that modification of the existing system or installation of a new system would protect the waters of the state from pollution and the Commissioner proposes to require the applicant to submit plans and specifications of the modified treatment system and such additional information as the Commissioner deems necessary to ensure the protection of the waters of the state from pollution. If such plans are approved by the Commissioner and the treatment system is constructed in full compliance with the approval, the Commissioner proposes to renew and modify a permit for this discharge to the groundwaters in the Blind Brook and Byram River watersheds.

The proposed permit, if issued by the Commissioner, will require periodic monitoring to demonstrate that the discharge will not cause pollution.

**APPLICANT'S PROPOSAL**

Brunswick School, Inc. presently discharges a maximum flow of 12,400 gallons per day of treated domestic sewage to the groundwaters in the Blind Brook and Byram River watersheds from operations at a private day school. Brunswick School Inc. proposes to modify their existing permit to increase the capacity of the treatment plant, which incorporates water reuse, from 15,200 gallons per day to 20,000 gallons per day. The proposed modification will not increase the maximum permitted discharge of treated domestic sewage.

Applicant Name and Mailing Address:	The activity takes place at:
Brunswick School, Inc.	Brunswick School
100 Maher Avenue	1248 King Street
Greenwich, CT 06830	Greenwich, CT 06830

The proposed activity is within the coastal area as defined in C.G.S. Section 22a-94. Pursuant to C.G.S. Section 22a-98, the applicant must demonstrate that the activities are consistent with all applicable goals and policies in C.G.S. Section 22a-92, and that such activities incorporate all reasonable measures mitigating any adverse impacts on coastal resources and future water-dependent development activities.

**REGULATORY CONDITIONS**

**Type of Treatment**

The private day school is served by a treatment process consisting of a grease trap, septic tank, pump chamber, flow equalization tank and Zenon Municipal Systems wastewater treatment and recycling system. The Zenon system utilizes aerobic and anoxic biological treatment processes, membrane filtration, and ultraviolet disinfection. Treated effluent from the Zenon system will be discharged to a subsurface sewage disposal system with a portion of the total treated effluent being recycled after disinfection for use as flush water.

**Effluent Limitations**

This permit contains effluent limitations consistent with a Case by Case Determination using the criteria of Best Professional Judgment and which will protect the waters of the state from pollution when all the conditions of this permit have been met.

**Compliance Schedule**

This permit contains an enforceable compliance schedule which requires the applicant to perform and submit to the Commissioner a detailed permit compliance audit every two years.

**COMMISSIONER'S AUTHORITY**

The Commissioner of Energy and Environmental Protection is authorized to approve or deny such permits pursuant to (1) section 22a-430 of the Connecticut General Statutes and the Water Discharge Permit Regulations (section 22a-430-3 and 4 of the Regulations of Connecticut State Agencies) and (2) section 1421 of the Federal Safe Drinking Water Act 42 USC et. seq.

**INFORMATION REQUESTS**

The application has been assigned the following numbers by the Department of Energy and Environmental Protection. Please use these numbers when corresponding with this office regarding this application.

APPLICATION NO.: 201006165 and 201206820

PERMIT ID NO.: UI0000332

Interested persons may obtain copies of the application from:

DYMAR, Division of AML Corp.  
325 Main Street South  
Southbury, CT 06488  
Attn: Mark Lancor, P.E.  
(203) 267-1547

The application is available for inspection by contacting Ramona Goode at 860-424-3018, at the Department of Energy and Environmental Protection, Bureau of Materials Management and Compliance Assurance, 79 Elm Street, Hartford, CT 06106-5127 from 8:30 - 4:30, Monday through Friday.

Any interested person may request in writing that his or her name be put on a mailing list to receive notice of intent to issue any permit to discharge to the surface waters of the state. Such request may be for the entire state or any geographic area of the state and shall clearly state in writing the name and mailing address of the interested person and the area for which notices are requested.

**PUBLIC COMMENT**

Prior to making a final decision to approve or deny any application, the Commissioner shall consider written comments on the application from interested persons that are received within 30 days of this public notice. Written comments should be directed to Ramona Goode, Bureau of Materials Management and Compliance Assurance,

Department of Energy and Environmental Protection, 79 Elm Street, Hartford, CT 06106-5127. The Commissioner may hold a public hearing prior to approving or denying an application if in the Commissioner's discretion the public interest will be best served thereby, and shall hold a hearing upon receipt of a petition signed by at least twenty-five persons. Notice of any public hearing shall be published at least 30 days prior to the hearing.

Petitions for a hearing should include the application number noted above and also identify a contact person to receive notifications. Petitions may also identify a person who is authorized to engage in discussions regarding the application and, if resolution is reached, withdraw the petition. Original petitions must be *mailed or delivered* to: DEEP Office of Adjudications, 79 Elm Street, 3<sup>rd</sup> floor, Hartford, CT, 06106-5127. Petitions cannot be sent by fax or email. Additional information can be found at [www.ct.gov/deep/adjudications](http://www.ct.gov/deep/adjudications).

Dated: 3/21/2013

**Re-Notice of Public Hearing  
Regarding An Underground Injection Control Permit  
for the Following Discharge into the Waters of the  
State of Connecticut**

**TENTATIVE DETERMINATION**

On July 31, 2012, the Commissioner of Energy and Environmental Protection ("Commissioner") gave notice of a tentative determination to issue a permit based on an application submitted by **Wayne Paul Corporation** ("the applicant"), transferred to **Alison Pastorfield Associates, Inc.**, under section 22a-430 of the Connecticut General Statutes for a permit to discharge into the waters of the state. The tentative determination was published in the New Haven Register on August 1, 2012. Further information can be found at: <http://www.ct.gov/deep/cwp/view.asp?A=2586&Q=508742>

The notice of the public hearing for this application was initially published in the New Haven Register on November 3, 2012 and can be found at: <http://www.ct.gov/deep/cwp/view.asp?A=2586&Q=513494>

**PUBLIC HEARING**

Pursuant to a petition submitted on August 30, 2012 requesting a public hearing on the application, the Department hereby gives notice of its intent to hold a hearing on the application. The Department will hold a public hearing on the application at the following place and time:

Nathanael B. Greene Community Center  
32 Church Street  
Guilford, CT 06437  
April 25, 2013 at 6:00 pm until all present have been heard

The hearing will continue to receive evidence at the following place and time:

Russell Room  
Connecticut Department of Energy and Environmental Protection  
79 Elm Street  
Hartford, CT 06106  
April 29, 2013 at 10:00 am

Members of the public should check the DEEP Calendar of events on the DEEP website ([www.ct.gov/deep/calendar](http://www.ct.gov/deep/calendar)) for any alterations to this hearing schedule, including additional dates and cancellation.
