Office of Trust Services

CONTACT GUIDE FOR MORTGAGE LENDING IN INDIAN COUNTRY

This guide is prepared for the specific purpose of supporting the lending process in Indian Country. Mortgage production proceeds in four phases: origination, processing, underwriting and closing. However, before the application process begins lending officers taking applications from prospective borrowers should use this guide to ensure the appropriate office of the Bureau of Indian Affairs (BIA) is involved and the correct processing codes are included on all mortgage applications and in all phases of the process. Using this guide will expedite the lending process in Indian Country.

HOW TO USE THIS GUIDE

The guide contains four sections. The first section provides a flow diagram that illustrates how documents are processed between agencies and programs at the BIA. Following the flow diagram is a routing slip that coincides with the flow diagram for managing the mortgage package and it's recommended use. The other three sections assist the user in locating the name, identifying the location and obtaining the address and main telephone number of a Bureau of Indian Affairs (BIA) Office by Region or Agency. This will then allow the user to secure the correct Land Area Code (LAC) for land which is the subject of the mortgage application. This is information that must appear on the Routing Slip.

All mortgage applications are processed by the BIA; Real Estate Service Office located at the Agency or Region servicing specific land areas and are distinguished by a special code. Ensuring that the correct land area code is on the application and that the correct Real Estate Services Office is involved will expedite the processing of the loan package through all phases of the loan. This guide is specifically designed for that purpose.

All contact with the BIA by lenders should be through the BIA Real Estate Services Office and not the BIA Land Titles and Records Office (LTRO) for

1) requesting the recording of documents and to 2) obtain Title Status Reports (TSR). Land Titles and Records Office locations and service areas are provided for reference only.

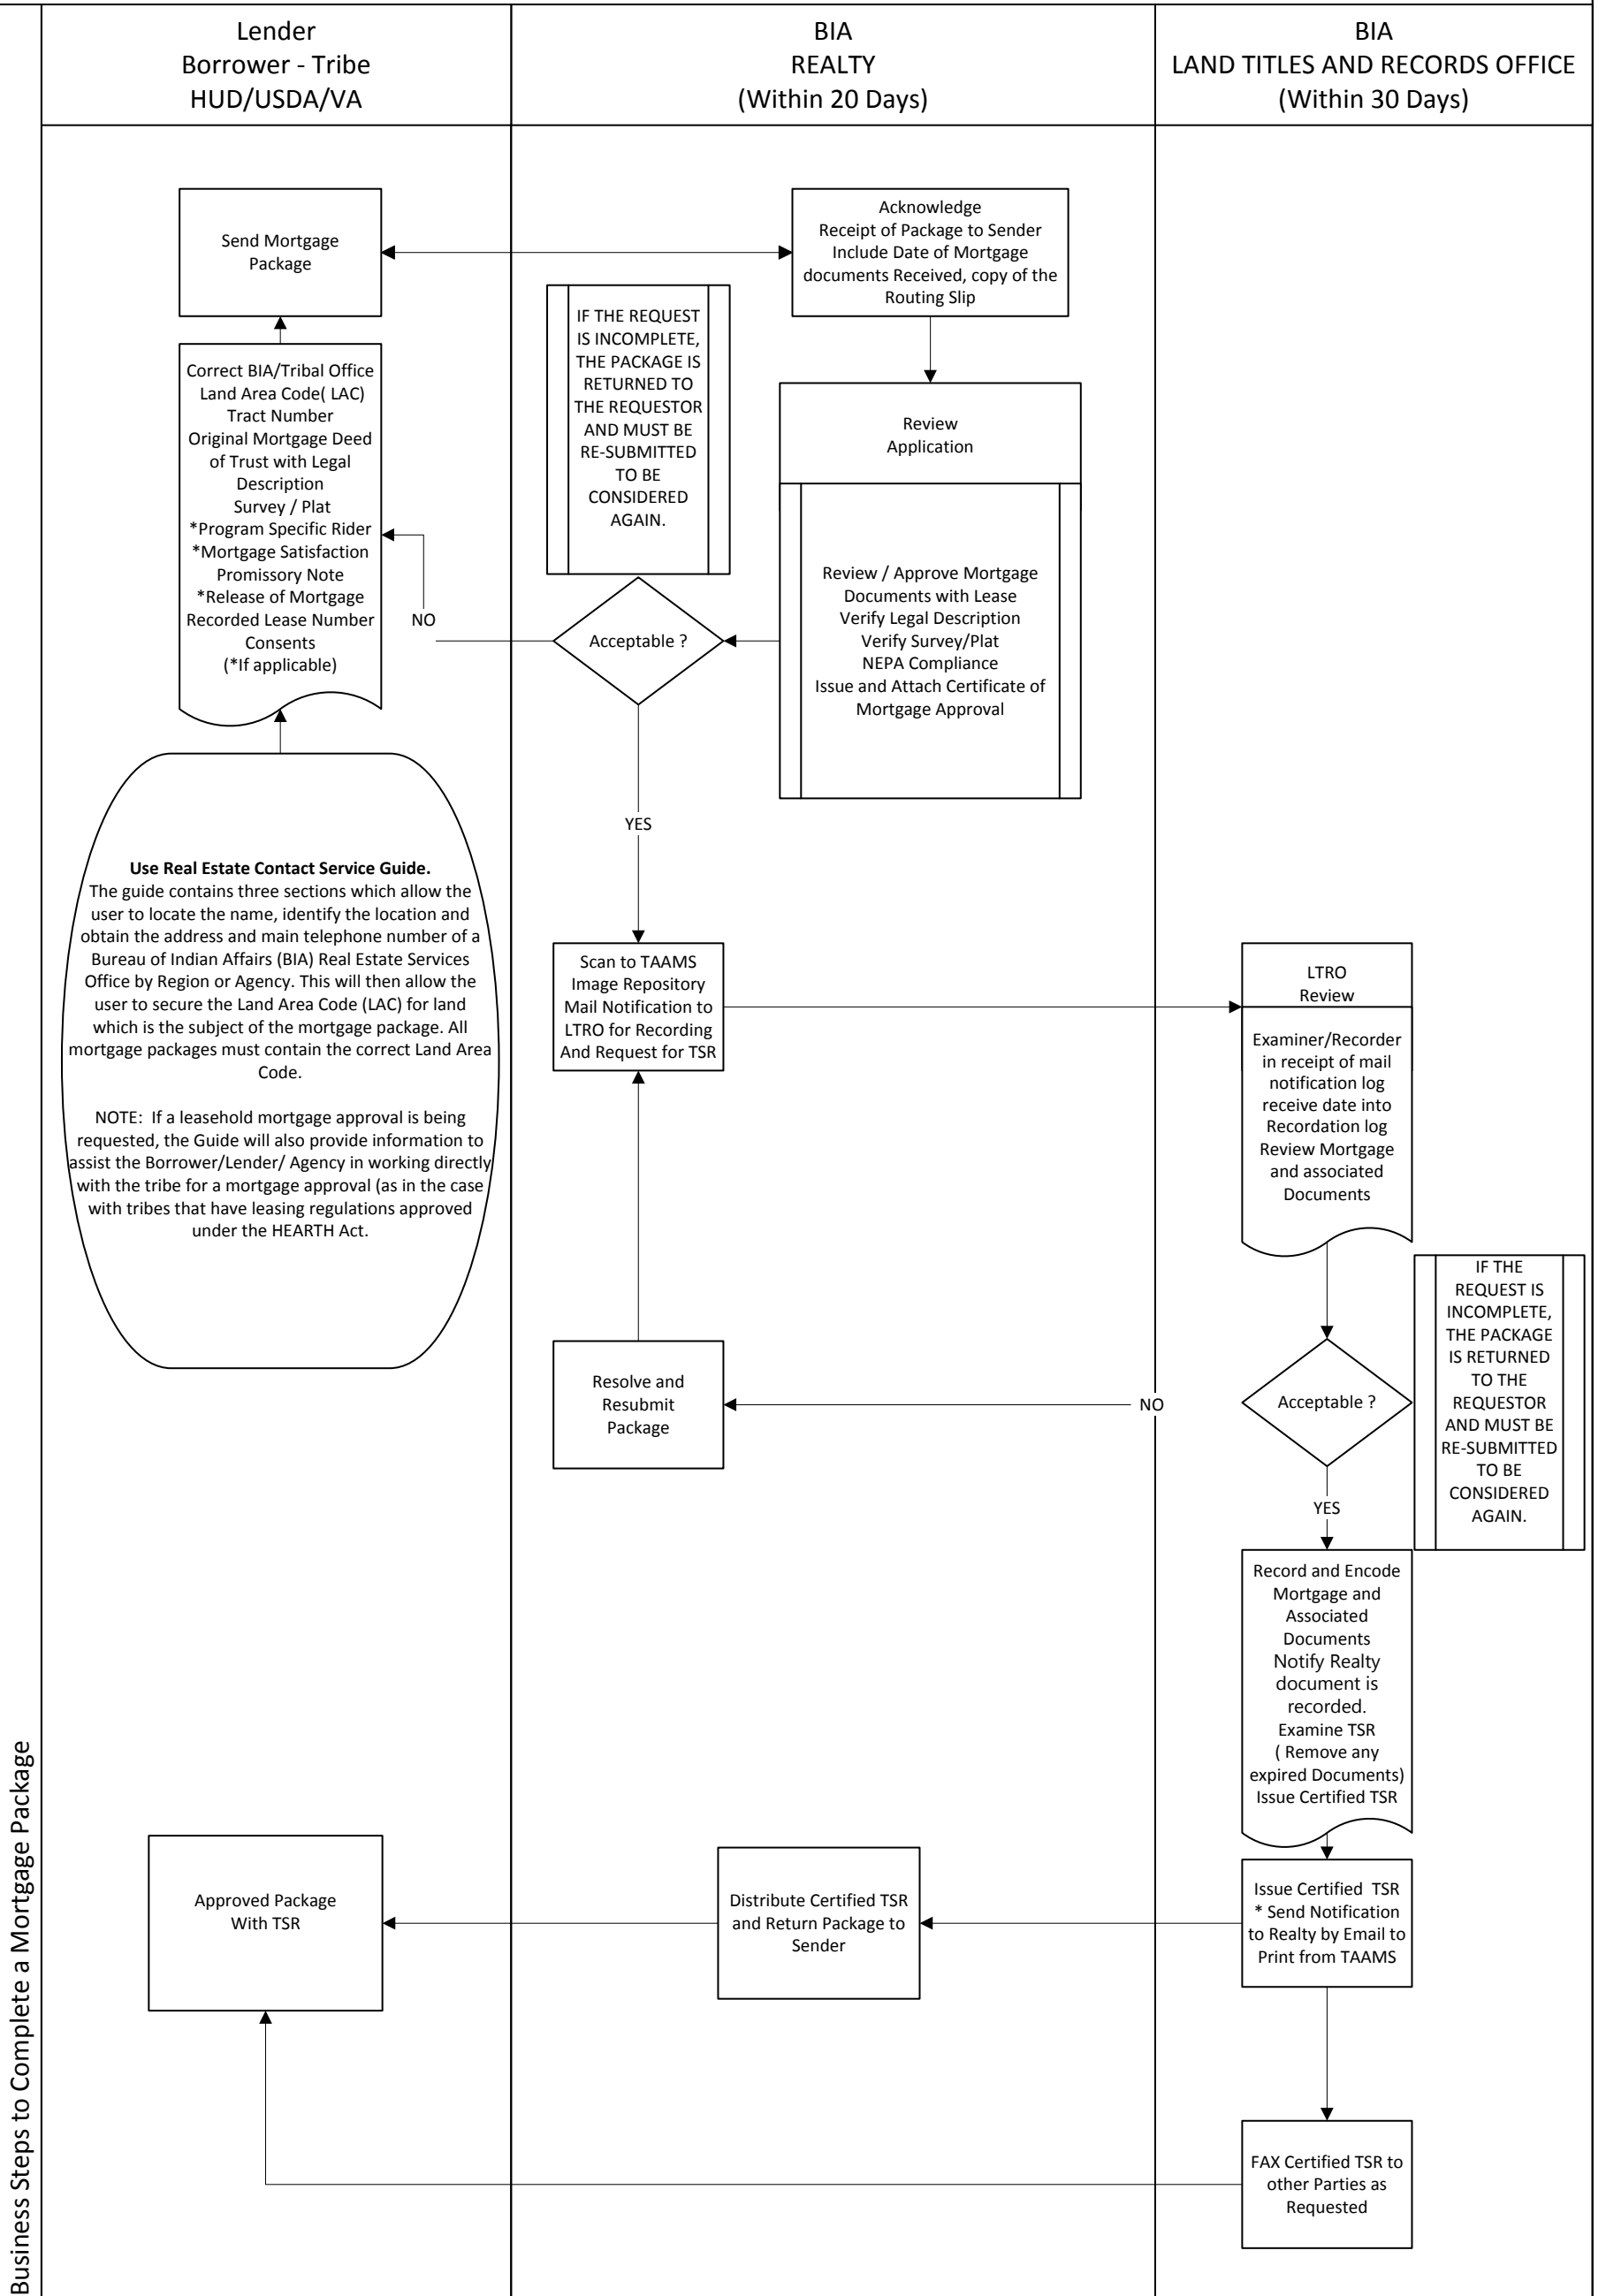

While the BIA LTRO maintains title records on all real property held in trust or restricted status for a tribe or individual, the local BIA agency office or in some cases a Tribal Office is where lenders are to submit a request for recording or a TSR.

The sections 2-4 of the guide are colored coded to assist in relating the map location to the contact list and LAC.

Sections

1. INTER-AGENCY AND PROGRAM MORTGAGE PACKAGE BUSINESS PROCESS
 - a. Business Process Flow Diagram
 - b. Inter-Agency and Program Package recommended Routing Slip
 - c. Instructions on how to use and complete the Routing Slip
 - d. Notice Concerning Hearth Act
2. COLOR CODED MAP of BIA Regions, Agency locations with Agency and LTRO Codes
3. BIA REAL ESTATE SERVICES CONTACT LIST COLOR CODED by BIA Region, Agency and including LTRO of Jurisdiction
4. COLOR CODED ALPHBETIC LISTING of LAND AREA Names, Codes, Agency and Region Names and LTRO Jurisdiction

Inter-Agency and Program Mortgage Package Business Process

Business Steps to Complete a Mortgage Package

PURPOSE OF INTRA-AGENCY AND PROGRAM MORTGAGE ROUTING SLIP

The use of the Inter-Agency Routing Slip is voluntary but recommended. Using the routing slip, understanding how the mortgage business process operates between agencies and programs, and using the important key information from the guide will expedite the lending process in Indian Country. Many mortgage packages are often addressed and routed to the wrong office or are sent without the necessary Land Area Code (LAC) or Tract number. This can lead to unnecessary delays or packages never arriving at their intended destinations. The BIA's Realty and Title computer systems are designed using Land Area Code and Tract number to identify a specific tract of trust or restricted land, an address is not a substitute for this information but rather is optional. If the requesting Agency, Lender, or Borrower does not provide the LAC and Tract number, a mortgage package cannot be handled efficiently.

LENDER INSTRUCTIONS:

Before the application process begins on property held in trust or restricted status for a Tribe or an individual, either inside or outside the boundaries of an Indian Reservation, lending officers taking applications from prospective borrowers should consider using the Inter-Agency Routing Slip. The routing slip should be completed using the information available in the BIA Contact Guide for Mortgage Lending to ensure the appropriate office of the Bureau of Indian Affairs (BIA) is involved and the correct processing codes are included on all mortgage applications and in all phases of the process. Please complete all sections in the Lender section of the routing slip and ensure all required sections are filled-in.

Depending on the stage of the application and type of transaction, the following is a listing of the kind's documents that may be in a mortgage package request.

1. Original or Certified true copy of the Mortgage Deed of Trust with Legal Description
2. Copy of the Survey/ Plat
3. Program Specific Rider (i.e. Section 184 Rider)
4. Original or Certified true copy of Satisfaction of Mortgage/Deed of full reconveyance
5. Original or Certified true copy of the Promissory Note
6. Release or Conveyance of Mortgage lien (notarized)
7. Copy of the initial certified TSR that was requested at the time of the application to determine status of the property
8. Copy of the executed Residential Lease with the Lease Number / BIA Recording Lease Number
9. Consents (Request for Mortgage Approval)

BIA REALTY INSTRUCTIONS:

In general, BIA Realty reviews and approves requests for review and approval of mortgage documents related to lands held in trust or restricted status by the United States for an Indian tribe or Indian allottee(s). Within 20 days of receipt of a request for mortgage approval, the package is reviewed to ensure it is complete, including proof of required consents and any other required documentation for residential mortgages per 25 CFR § 162.357(a). If the request is incomplete, the package is returned to the requestor and must be re-submitted to before it can be considered again. However, if the package is complete, within the initial 20-day timeframe, the BIA will either approve or disapprove the mortgage. The documents will then be scanned into the TAAMS Image Repository thus notifying LTRO of a request for recording and issuance of a certified TSR. Realty will check all of the entities on the routing slip that are to receive a copy of the TSR from the LTRO.

Distribution of Documents by Realty:

Within three business days of notification that the certified TSR is available from LTRO, Realty will distribute the mortgage package, consisting of a certified TSR, recorded lease mortgage and the original mortgage documents, all of which will be sent to the individual at the address indicated by the requesting Lender on the routing slip.

BIA LTRO INSTRUCTIONS:

Recordation and the issuance of TSR's requested for Certification/Verification of Title Status for Mortgage Purposes are given process priority over other non-mortgage recording and TSR requests. The TSR is to be issued within 30 days of receipt of the documents from realty (scanned or originals). LTRO will FAX the certified TSR to the lender and /or Tribe if requested in addition to the above BIA Realty Instruction for distribution. If the request is incomplete, the package is returned to the originating office and must be re-submitted to be considered again. The issuance of a subsequent TSR to report the existence of the completed and recorded mortgage on title is verification of title status.

**IMPORTANT NOTICE:
DETERMINE IF YOU ARE WORKING WITH A TRIBE
THAT HAS LEASING REGULATIONS APPROVED UNDER THE HEARTH
ACT OR ANOTHER STATUTORY AUTHORITY**

If you are requesting approval of a leasehold mortgage that was executed under tribal leasing regulations approved by the Secretary of the Interior under the HEARTH Act (25 U.S.C. § 415(h)), you are working with a tribe that has the authority to approve leasehold mortgages on their tribal trust lands and the mortgage package must be submitted directly to the Tribe for approval.

After tribal approval is received, the tribe is required to submit a copy of approved lease documents, including leasehold mortgages, to the appropriate BIA Realty Office or Tribe that has contracted or compacted the Realty function. The contact information can be located in the **Contact Guide for Mortgage Lending in Indian Country**. On receipt, BIA Realty or the contracted/compacted tribe will scan the documents to the TAAMS Image Repository, generating a notification to LTRO for recordation and issuance of a certified title status report (TSR). Once the documents are recorded and the TSR issued, the recorded document(s) and TSR will be provided to the tribe. Please be advised that the internal mortgage approval process, up to submission to the BIA and LTRO and then again on receipt of the TSR and recorded documents, is determined by each tribe. In some cases the Tribe may have also contracted the LTRO function in addition to the Realty function.

Another scenario arises when a tribe with approved leasing regulations under the HEARTH Act, or other statutory authority providing for tribal approval lease documents, executes a lease and related documents (i.e., mortgages) under 25 CFR Part 162, instead of under its own approved leasing regulations. In this instance, these documents are still subject to BIA's review and approval processes. Borrowers, lenders, and other government agencies will work within the BIA's processes to obtain approval of a leasehold mortgage and/or a certified TSR.

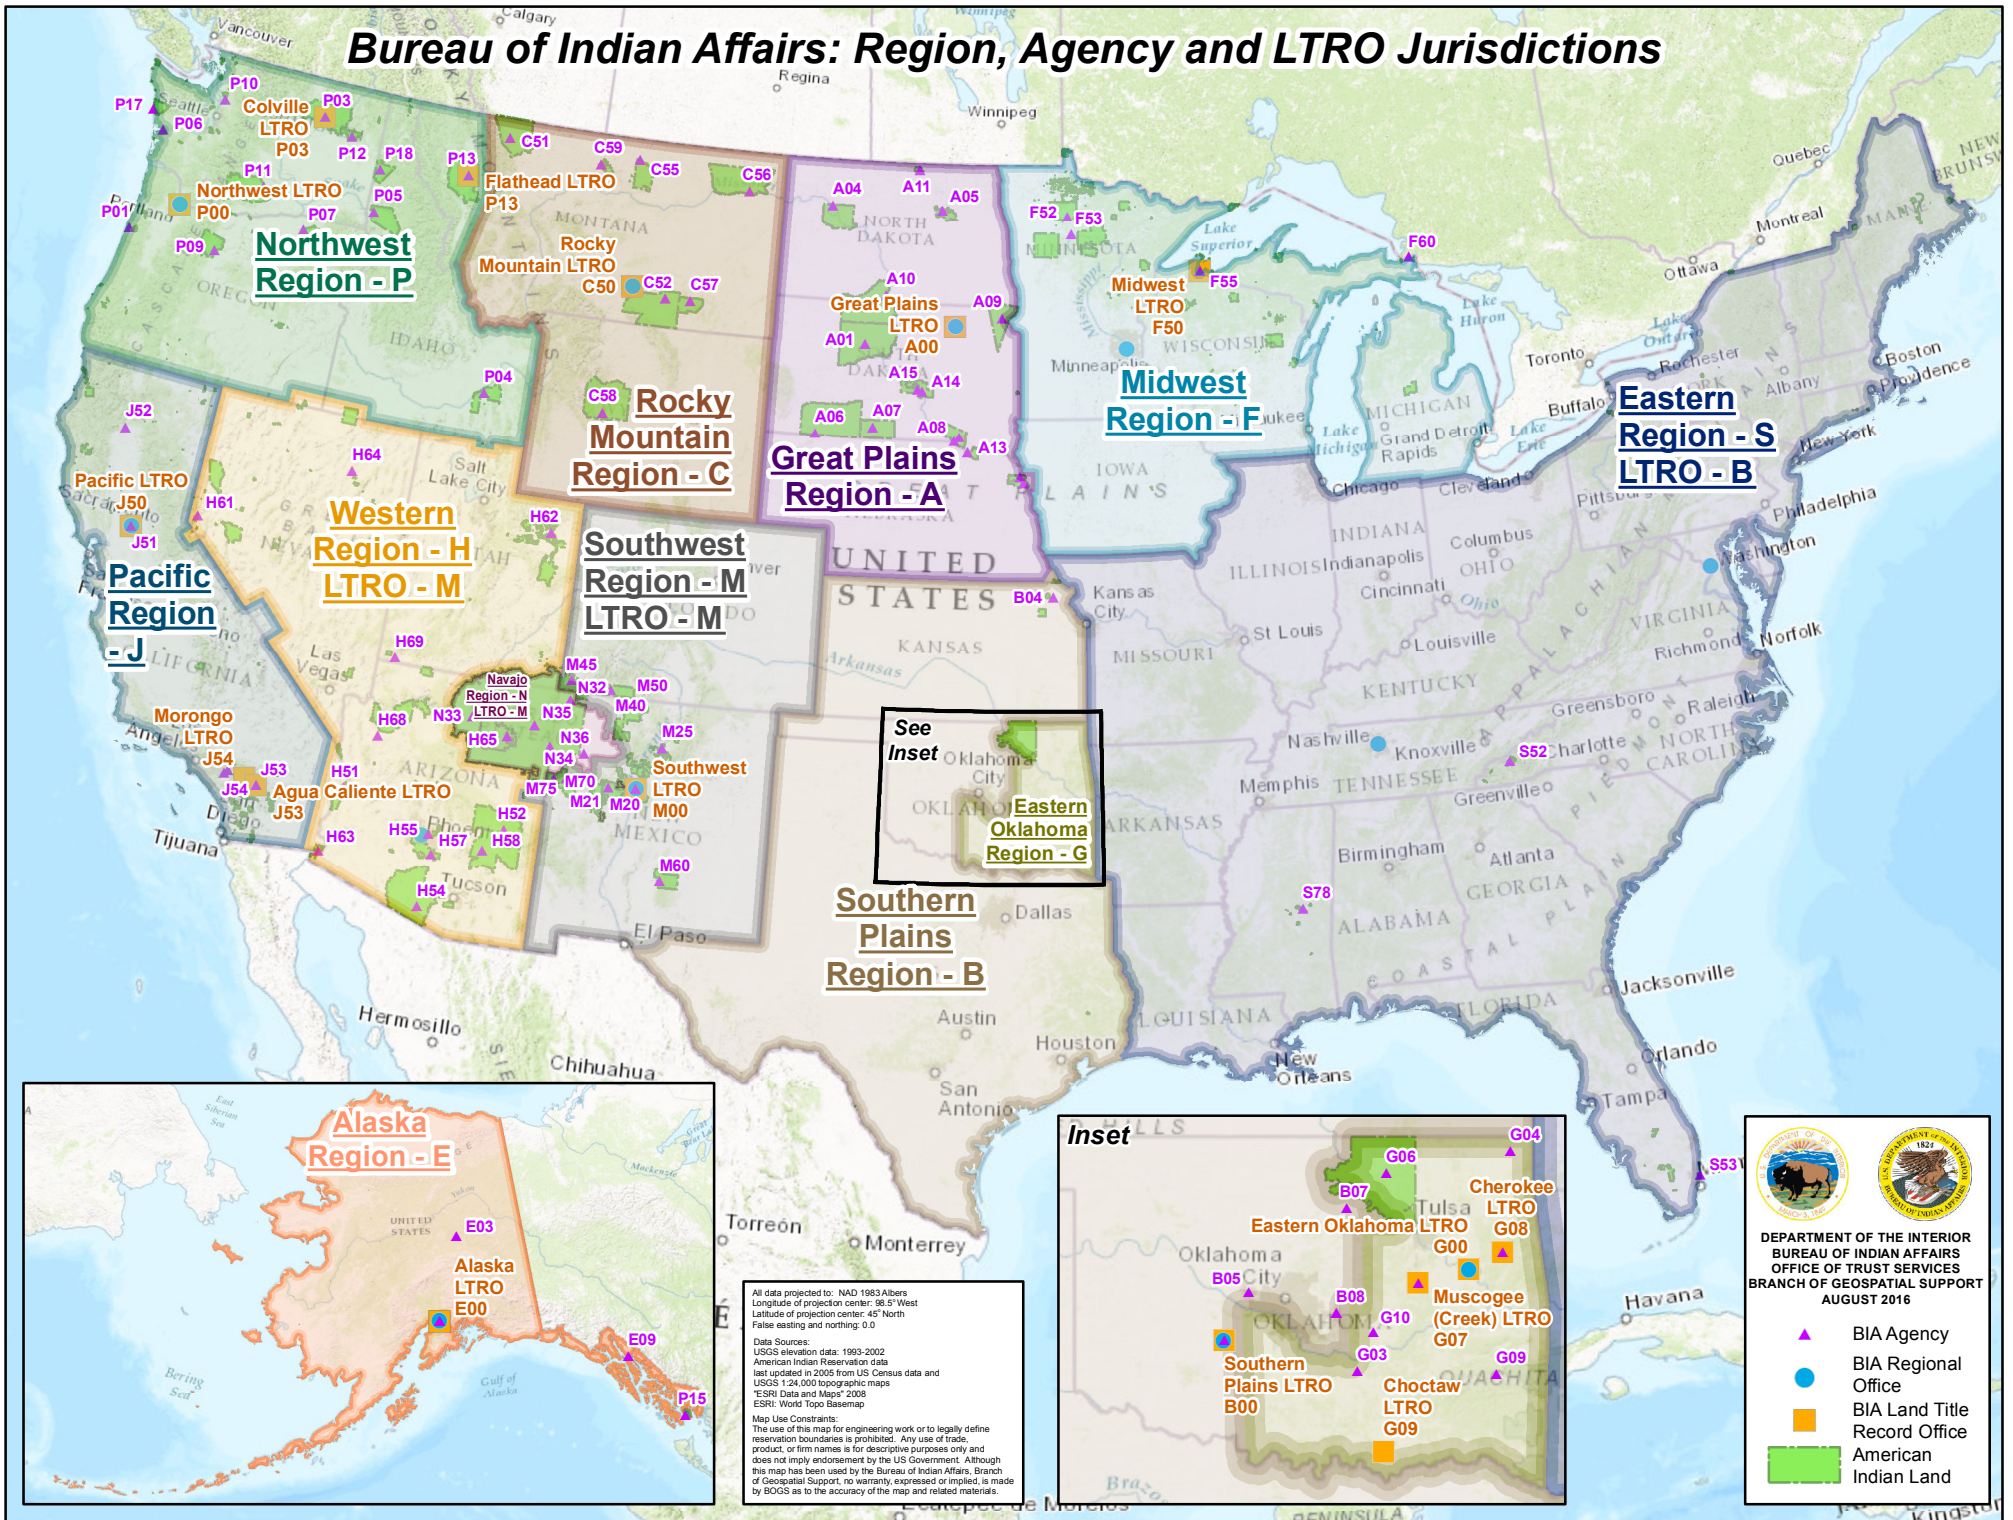

If you are unclear as to which scenario applies, i.e., a lease executed under a tribe's HEARTH Act leasing regulations or executed under 25 CFR Part 162, please consult with the tribe directly, or contact the local Region or Agency office for clarification. You can also access the BIA's public web page for a current list of those tribes with approved leasing regulations at: <http://www.bia.gov/WhoWeAre/BIA/OTS/HEARTH/index.htm>

Other statutory authorities recognizing tribal approval of lease documents include (list may not be all-inclusive):

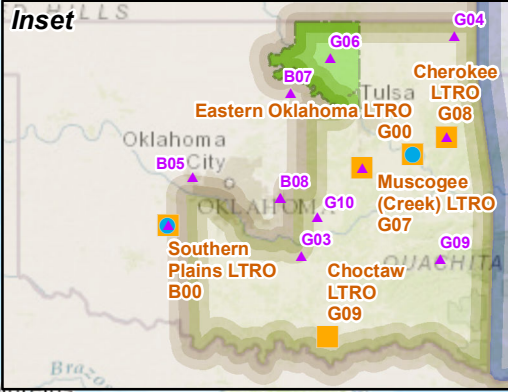

- 25 U.S.C. § 415(b): The Tulalip Tribes (and see 25 U.S.C. § 403a-2), Puyallup Tribe of Indians, Swinomish Indian Tribal Community, Kalispel Tribe;
- 25 U.S.C. § 415(b): The Navajo Nation

The above tribes (working under statutory authority other than the HEARTH Act) may approve leases, and possibly leasehold mortgages, under those terms and conditions specified by statute. **If you are working with one of the above tribes, or if you are unsure if a tribe has authority to approve leasehold mortgages, please consult with the tribe directly as to their processes, or contact the local Region or Agency office for clarification.** A few minutes of your time in advance, particularly when working with a tribe for the first time, may save substantially in the overall time spent completing your case file.
