

PROJECT INFORMATION SHEET

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG

CAP-206-Pike River, Mt. Pleasant, WI

Description

The Pike River is located in the Village of Mt Pleasant approximately 4 miles west of Racine, Wisconsin and approximately 20 miles south-southwest of Milwaukee, Wisconsin. The Upper Pike River is a rapidly urbanizing watershed with substantial urban and agricultural lands. The river exhibits flashy and powerful discharges with significant aggradations and degradation of the streambed and the surrounding wetlands. Bank stability is low and there is high potential for erosion events during high flow conditions. The purpose of the project is to restore approximately 1 mile of river through natural stream features (meanders, shelter areas, and deep riffle pool complexes) and prairie and wetlands in selected reaches; to enhance aquatic habitat; and to improve overall water quality.

Congressional Interest

Ryan (WI-1); Senator Johnson (WI), Senator Baldwin (WI)

Location Map & Picture

Non-Federal Project Sponsor

Village of Mt. Pleasant, WI

Project Authority

Section 206, Water Resources Development Act of 1996, as amended – Aquatic Ecosystem Restoration

Funding	<u>Total</u>	<u>Federal</u>	<u>Non-Federal</u>
Current Working Estimate:	\$ 6,792,583	\$ 5,178,999	\$ 1,613,584
