NAVIGATION NOTICE NO. 2013-NH-015

PELETIER CREEK,

RANGE A

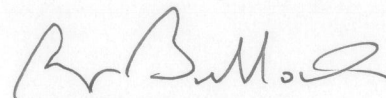

RANGE B

RANGE C

A hazard to navigation exists in the Peletier Creek at Ranges A through C (authorized depth -6 ft.) near Morehead City, NC. Severe shoaling restricts the entire length and width of the Federal Channel in all three Ranges leading from the Atlantic Intracoastal Waterway to the Peletier Creek Basin. Conditions in Range A are shallower than -2.5 ft, in Range B are shallower than -4 ft, in Range C are shallower than -1 ft in the Federal Navigation Channel at Mean Low Water.

Mariners are urged to transit at their slowest safe speed and proceed with extreme caution. The latest hydrographic survey information can be viewed and downloaded from the Wilmington District website: <http://www.saw.usace.army.mil/Missions/Navigation/HydrographicSurveys/SideChannelsSmallHarbors.aspx>

The point of contact with the Wilmington District is Mr. Todd Horton, Chief of Waterways Management, at (910) 251-4067.

ROGER BULLOCK
Deputy, Operations Division
Chief, Navigation Branch
