

FEDERAL ENERGY REGULATORY COMMISSION

WASHINGTON, D.C 20426

April 15, 2011

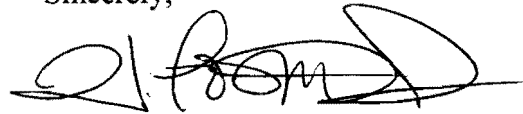

Dear Licensee,

This letter is to notify you of errors contained in your FY 2010 Statement of Annual Charges for Federal Lands issued on April 4, 2011. Specifically, the Statement displays an incorrect amount in the credit applied to the FY 2010 fixed charge. This credit should reflect the **difference** between the total charges you were assessed in April 2010 and revised FY 2009 annual charges, which were calculated using the FY 2008 rate schedule. The Commission recently revised the FY 2009 charges following a decision from the United States Court of Appeals for the District of Columbia.

To address the error, the Commission will be re-issuing the FY 2010 annual charges for federal lands with the corrected FY 2009 credit amount. The re-issue will be completed by April 19, 2011. Please disregard the April 4, 2011 Statement of Annual Charges for U.S. Lands. If you have already paid your April 4th Statement of Annual Charges, then please pay the difference between the re-issued statement and the April 4th charge, if applicable. If the corrected Statement of Annual Charges resulted in a reduced FY 2010 annual charge and you have already paid the April 4th Statement of Annual Charges, then the Commission will apply the difference against your FY 2011 Statement of Annual Charges.

I sincerely apologize for any confusion and/or inconvenience this error may have caused. If you have any questions regarding this matter, please send an e-mail to AnnualCharges@ferc.gov or contact me directly at (202) 502-6118.

Sincerely,

A handwritten signature in black ink, appearing to read 'W. Doug Foster', with a large, sweeping flourish at the end.
