Nebraska Severe Winter Storms and Snowstorm – FEMA-1878-DR

Declared February 25, 2010

On January 21, 2010, Governor Dave Heineman requested a major disaster declaration due to a severe winter storm and snowfall during the period of December 22, 2009, to January 8, 2010. The Governor requested a declaration for Public Assistance, including snow removal assistance, for 15 counties; Public Assistance for 48 counties; and Hazard Mitigation statewide. During the period of January 11-21, 2010, joint Federal, State, and local Preliminary Damage Assessments (PDAs) were conducted in the requested counties and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local governments, and that Federal assistance is necessary.¹

On February 25, 2010, President Obama declared that a major disaster exists in the State of Nebraska. This declaration made Public Assistance requested by the Governor available to State and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the severe winter storms and snowstorm in Adams, Antelope, Brown, Burt, Butler, Cass, Cherry, Clay, Dakota, Dodge, Douglas, Gage, Garfield, Hamilton, Jefferson, Johnson, Keya Paha, Lancaster, Madison, Morrill, Nance, Nemaha, Otoe, Pawnee, Rock, Saline, Saunders, Seward, Stanton, Thayer, Thurston, Washington, Wheeler, and York Counties. This declaration also made Public Assistance, including snow assistance, requested by the Governor available to State and eligible local governments in the counties of Cass, Dakota, Douglas, Nemaha, and Thurston. Finally, this declaration made Hazard Mitigation Grant Program assistance requested by the Governor available for hazard mitigation measures statewide.²

<u>Summary of Damage Assessment Information Used in Determining Whether to Declare a Major Disaster</u>

Individual Assistance - (Not requested)

• Total Number of Residences Impacted:³ N/A

Destroyed - - Major Damage - - Minor Damage - - Affected - -

- Percentage of insured residences:⁴
- Percentage of low income households:⁵ -
- Percentage of elderly households:⁶ -
- Total Individual Assistance cost estimate: N/A

Public Assistance

• Primary Impact: Costs associated with emergency protective

measures

• Total Public Assistance cost estimate: \$6,010,888

Statewide per capita impact: 7 \$3.51
Statewide per capita impact indicator: 8 \$1.29

Countywide per capita impact: Adams County (\$6.36), Antelope County (\$6.73), Boone County (\$2.98), Brown County (\$46.24), Burt County (\$20.67), Butler County (\$3.22), Cass County (\$7.63), Cherry County (\$15.72), Clay County (\$5.16), Colfax County (\$0.38), Cuming County (\$2.26), Dakota County (\$8.18), Dawes County (\$0.83), Dixon County (\$0.91), Dodge County (\$3.73), Douglas County (\$3.26), Gage County (\$6.52), Garfield County (\$4.15), Greeley County (\$1.37), Hamilton County (\$13.29), Howard County (\$1.53), Jefferson County (\$6.86), Johnson County (\$10.91), Keya Paha County (\$50.86), Lancaster County (\$3.28), Madison County (\$6.25), Morrill County (\$4.12), Nance County (\$31.14), Nemaha County (\$9.23), Otoe County (\$7.87), Pawnee County (\$22.89), Pierce County (\$2.36), Platte County (\$2.02), Polk County (\$2.88), Richardson County (\$2.41), Rock County (\$85.42), Saline County (\$11.89), Sarpy County (\$2.47), Saunders County (\$4.91), Seward County (\$3.81), Sioux County (\$1.61), Stanton County (\$3.41), Thayer County (\$13.21), Thurston County (\$7.96), Washington County (\$7.23), Wayne County (\$1.75), Wheeler County (\$6.31), and York County (\$6.18).

• Countywide per capita impact indicator: \$3.23

- O Destroyed total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
- Major Damage substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
- Minor Damage home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
- o Affected some damage to the structure and contents, but still habitable.

¹ The preliminary damage assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor's request for a major disaster or emergency declaration, and by the President in determining a response to the Governor's request (44 CFR § 206.33).

When a Governor's request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA's regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).

³ Degree of damage to impacted residences:

⁴ By law, Federal disaster assistance cannot duplicate insurance coverage (44 CFR § 206.48(b)(5)).

⁵ Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance (44 CFR § 206.48(b)(3)).

⁶ Ibid (44 CFR § 206.48(b)(3)).

⁷ Based on State population in the 2000 Census.
